

SOCIETY

Coll-Agri-Fun makes ag center of social whirl

COLL-AGRI-FUN will make the ag campus a center of social activity tomorrow night. Some of the dates for the party are: John Schick and Virginia Sack, Alpha Xi Delta; Keith Gilmore and Betty Jo Smith, Leo Cooksley and Marybelle Haumont, Willis Skrdla and Betty Jane Spalding, Merrit Boone and Caroline Myers, and Rex Brown and Peggy Sherburn.

"PLEASE, GIRLS

wear anklets" say the ATO's to their dates for their health-week house party tomorrow night. Fellows and girls will dress in sport clothes—definitely—for the party. Some of the dates are Wendell "Count" Basey and Theta Barbara Stuart, Dud Davies and Delta Gamma Gen Harmon, Bob Johnson and Pi Phi Maxine Fuller, Sid White and Alpha Phi Flossie Moll, and Bill Golding and Delta Gamma Beth Merrick.

FLYING

to Pittsburgh for Saturday's game is Phi Gam Billy Hines. He leaves today by plane from Omaha. Lucky boy!

ACTIVITIES

of the Deltas this week include a dinner and an initiation. Tonight the active chapter will entertain alumni and their wives at an informal dinner. Sunday they initiated Barney Buell and Max Whittaker.

Betty Rathburn will be initiated by the Delta Gammas Sunday. Sigma Nu announces the pledging of Preston Hayes of Caspar, Wyo., and John Hill of Omaha.

Prince Loewenstein was a guest at dinner Wednesday evening at the Acacia house and last night at the Kappa house.

NOT TO BE

too repetitious, but Military ball dates are rolling in and need our

Business index is still on up and up

Business conditions in October continued favorable following the war spurt in September, according to preliminary estimates of W. A. Spurr, university statistician. The general business index declined only one percent from the September peak, continuing at the highest level reached by Nebraska business in eight years. Daily average bank debits, department store sales and building permits declined from 3 to 6 percent from the September high after allowance for normal seasonal changes, while postal receipts advanced, belatedly following the September rise in other indicators.

Complete reports now available for September show sharp rises over August (after seasonal adjustment) in building construction, bank debits and electric power production, with relatively slight changes in other business indexes.

The following table shows the composite business index, together with the latest individual barometers available. Each index has been adjusted to remove seasonal variation and calendar irregularities, and has been expressed in terms of the average level of 1935 to 1937 as 100 percent.

NEBRASKA BUSINESS BAROMETERS			
1935-37=100			
	Oct. 1939	Sept. 1939	Aug. 1939
Combined index	111.0	112.9	106.3
Bank Debits	101.4	108.0	95.4
Dept. Store Sales	93.3	98.0	97.6
Postal Receipts	106.0	103.3	103.3
Building Const'n	147.1	151.8	121.0
Elec. Power Prod.	128.6	116.9	116.9
New Car Sales	76.3	74.1	74.1
Pay Rolls	110.0	111.0	111.0
Employment	103.4	103.2	103.2
Life Insur. Sales	92.3	94.4	94.4

attention. You will see: Alpha Phi's Mary Bird and Shirley Heldt with ATO's Don Higley and Bob Slaughter, Delta Gamma Harriet Talbot with Sig Alph Joe Dye, Theta Marie Anderson with Don Fitz, Alpha Chi Marion Jorgensen with D. U. Max Wieland, Kappa Delta Marian Stone with Kappa Sig Don Siemens, and Alpha Chi Virginia Gompert with Don Brock.

ENGINEER'S

dates to their ball tomorrow night include Theta Xi's Herb Williams with Doris Kennedy, Phi Mu; Bob Bereuter with Marion Starlin; and Dale Anderson with Jean Ludwick, Tri Delt.

The University of Nebraska Dames will convene at Ellen Smith tonight at 8 for initiation of 60 new members.

Alpha Sigma Phi Mothers club met at the chapter house Wednesday for a luncheon.

Engineering dean's office keeps track of '39 grads

Men may come and men may go—but what happens to Nebraska's engineers? The engineering college says their grads travel to every part of the world and are engaged in almost every industry. To inform anyone who may be interested in where the '39 engineer graduates have gone, the college dean's office and the Blue Print have just compiled a roster of the complete graduating class. It lists each person, where he now is, and what he is doing.

Movies - -

(Continued from Page 4.) Robert Stack play supporting roles in the production. Transition period.

Paramount's "Rulers of the Sea," directed by Frank Lloyd, whose last production, "Wells Fargo," figured largely in the western-historical trend of last season, tells the story of the last days of sail—and the first days of steam. The first crossing of the Atlantic by steam power, just 101 years ago is the basis for the story. The picture is Lloyd's first sea picture since "Bounty" and stars Douglas Fairbanks, Jr., Will Fyffe, and Margaret Lockwood.

The team of John Garfield and Priscilla Lane, which is beginning to appear inseparable, returns to the Varsity this week in the Warner Brothers production, "Dust Be My Destiny." The story is based on the problems of the country's migratory workers who wander from state to state seeking employment. Garfield plays the vagrant—which "Four Daughters" typed him, and Miss Lane once more plays the part of the girl who sticks to him no matter what happens. Altho it is very similar to its predecessors, it is far superior to some of them.

"Dark Rapture," a story of native life released by Universal, is now showing at the Lincoln. It was directed by Armand Denis, who produced "Goon a Goona" and "Wild Cargo." It is the same type of picture. Second feature is "Stop, Look and Love" with Jean Rogers and William Frawley.

Held over for its second week at the Liberty is "The Real Glory" starring Gary Cooper, David Niven, and Andrea Leeds. Returning to the screen at the Kiva, today, are two of last season's better pictures. They are "Dark Victory" with Bette Davis and "There Goes the Groom" with Ann Southern in the lead.

Faculty group plans dinner

Four chosen to talk on "Modern Dictators"

First dinner meeting of the faculty scholarship lectures will be Tuesday at 6:15 p. m. "Modern Dictators" is the general subject for discussion for the evening by four faculty speakers.

"Crisis and Dictatorships" is the subject on which Dr. J. O. Hertzler will lecture. Dr. David Fellman will discuss the "Anatomy of Dictatorship," and Dean J. E. Le-Rossignol's subject is to be "Some Economic Aspects of Dictatorship." "Dictatorship in Historical Perspective" will be the subject of Dr. R. A. Winnacker's speech. The lecturers will answer all questions that time will permit during a discussion period.

Reservations must be made with Dean O. J. Ferguson before 5 o'clock Monday, either by campus mail to M. A. 204 or by telephone 15. The charge is 65 cents.

Harrison speaks at 4

Convo speaker will lead Student Union forum

Dr. Paul Harrison, medical missionary to Arabia will tell students more of his interesting experiences and his work in the Near East when he addresses a Union convocation in parlors XYZ today at 4. The subject will be "What We Can Do to Help Arabia."

Dr. Harrison, who has worked in Arabia for 29 years is an outstanding authority on spinal anesthesia and hernia. Harrison, one of Nebraska's most prominent alums, is on a leave of absence until next September. After the discussion students may ask questions about Arabia, which Dr. Harrison will attempt to answer.

(Continued from Page 4.) at 7:30 p. m. . . . Dr. Strath-Gordon appeared on the program Thursday, Sept. 7, with the prediction that world conditions would reach a turning point on Nov. 27. . . . But further calculation has revealed that, through an error in measurement of one-sixth of an inch, the date of the crisis has been set ahead. . . . According to this we may expect this great "crisis" next Tuesday.

Tomorrow night at 5:15, Hedda Hopper presents the third and

Architects hear Broady

NU administrator talks in Omaha tomorrow

Architects and members of the building trades, assembled in Omaha for the annual fall meeting of the Nebraska chapter of the American Institute of Architects will hear Dr. K. O. Broady, of the department of school administration, speak on building standards for small schools. Dr. Broady will speak at tomorrow afternoon's meeting to be held in the Joslyn memorial.

Prof. Linus Burr Smith, chairman of the department of architecture and president of the Nebraska chapter, will preside at the sessions of the fall meeting.

Dr. Broady, who is nationally known for his researches on both the curricula and plant requirements of the country school, has written several books on the administration of small schools. His latest book is entitled "Building Standards for Small Schools." Dr. Broady's address will be based on his researches.

completing chapter of the dramatized biography of Myrna Loy. . . . Also, at 7 p. m., the Pulitzer prize winning Group Theater returns to Kate Smith's Hour in its third appearance.
