

By June Bierbower.

Arch Ward in the Chicago Tribune tells this one about Lloyd the Hoss Cardwell:

Cardwell speaking: "In one of our (Detroit's) games with the Chicago Bears I happened to give Joe Stydahar a hefty poke in the mouth and was amazed to see teeth flying all over the gridiron."

"You heel," Joe hissed after he had tackled me, "you'll have to buy me two new plates."

"Boy, was I happy when I learned those were store teeth," Cardy ended.

Saturday night's A.A.U. indoor track and field championships at Madison Square Garden will use the yardage, not the metric system Louis deBenedetto, president of the National A.A.U., is only secretary of the Southern Association... however, these A.A.U. secretaries, if they're anything like Dan Ferris, national secretary, are the boys who really get the work done in that organization... Al Blozis, the 6 foot, 7 inch Georgetown sophomore who now holds the world's indoor shot put record of 53-8 1/4, is the athlete who broke Elwyn Dees interscholastic shot mark two years ago... Blozis is a football ace, too, and Georgetown is acclaiming him as their greatest athlete ever... Blozis, who won the junior A.A.U. shot title here last summer, looked almost slender for a shot putter, but press reports say he weighs around 250.

"Jarrin' Jawn" Kimbrough, the all-American line-buster from Texas A. & M was just about a dead number scholastically at semester time. Mr. Kimbrough, usually a good student, had let his studying go during bowl training time, as had some of the other Aggie players. Then, there was a girl in El Paso, and a chance at some very lucrative pro offers. The word was out that maybe Johnny would forego his last year in college and hard studies for married life and the pro game. His chemistry teacher posted a failure for Kimbrough, but said failure was not final until it officially came from the registrar's office. The flunk would have made Kimbrough ineligible, but somewhere between the teachers' report and the registrar's postings, the bigwigs fixed things up, so he's still in school.

Tulane has lost all-American tackle Harley McCullom thru ineligibility... the dissension boys around Colorado U., of whom we have heard rumors for some time, have finally broken into the open... Bunny Oakes may be on his way out at Boulder... Ernie White, who won a minor letter in football here in 1936, and who played some basketball this winter, got four points as Army beat Dartmouth Saturday night... he's a guard in the starting lineup... and remember? White tossed a touchdown pass to Marv Plock against Mizzou here in '36, the last time the Huskers have beaten the Tigers here... he stayed out of football at the Point last fall, tho.

The other day we mentioned the football tabloid service which the Nebraska Alumnus office puts out to members of the Alumni Association, but the article was chopped off before it ended.

What we meant to say concerned George Brother, a Husker grad, who formerly live in Massachusetts, but who resides in Urbana, Illinois, now.

A letter from Brother to the Alum secretary's office, which was published in February Alumnus, was one of many which have been received in appreciation of the tabs which are sent out after every game.

Nebraska, to Brother's knowledge, is the only school which puts out to its grads such good coverage on their football games, at which his eastern neighbors used to marvel. He added that the tabloids had so familiarized him with the Huskers that when he drove to Bloomington from Urbana last fall to see the Indiana-Nebraska game, he felt as though he knew every man on the Husker squad.

Phi Delts, DU's beaten for first time

Sig Alphas, Farm House win; ATO's conquer Zeta Beta Tau 31-16

Farm House climbed into a three way tie for first place with Delta Upsilon and Phi Delta Theta in League 3 in "A" basketball last night as Fred Preston led them to a 30-17 win over the previously undefeated Phi Delts. Fred Metheny looked best for the losers.

The DU's, who had been tied with the Phi Delts for first, lost their first game of the year as the Sig Alphas whipped them 22-16. Vike Francis with 10 points showed the way for the winners, while Eldon Neurnberger of the DU's was high point man of the game with 11 points.

Tie for Lead. Results of tonight's games left Farm House, the DU'S and the Phi Delts with three wins and one loss apiece, and the Sig Alphas with two victories and two defeats.

In another league 3 game, the Pi KA's, led by Frei with 9 points and Brookley with 8, beat the Delta Sigs 21-8, to put the latter team in undisputed possession of last place.

Zeta Beta Tau dropped from a three way tie for first in league 2 as they bowed to the ATO's, Roy Petsch got 12 points for the winners, and Hub Monsky 8 for ZBT. Meanwhile, the Delts, who were tied with the ATO's and ZBT's for first before last night, stayed along with the ATO's, as they plowed over Beta Sigma Psi, 57-6. Jones led the scoring with 14 points.

Phi Sigs Win. Phi Sigma Kappa, with Buchholz playing the leading role,

NU gym team leaves today for year's first four meets

Gymnastics coach Charley Miller and eight Husker gymnasts leave this noon for Minneapolis to engage in a series of four meets in three days as they open the 1940 season.

Bob Ramey gets airways position

Bob Ramey, Husker football center, who was graduated at midyear, has taken a job with Transcontinental and Western Airways.

Ramey will go to Kansas City for a two-weeks schooling, and will then be located in Fort Wayne, Indiana.

He earned three major letters for the Huskers, playing under D. X. Bible in 1936, and in Biff Jones' first year in 1937. He stayed out of competition in '38, but finished up last fall.

whipped Acacia in the same league, 13-12.

The AGR's continued to lead league 1 as they turned back the Kappa Sigs 19-9. Schneider got 7 points for the farmers.

In the other league 1 game, the Phi Psi's whipped the Chi Phi's, and the Alpha Sigma Phi-Gamma Sigma Alpha Mu game was postponed.

Phi Gamma Delta turned in another high score as they romped over a hapless Sigma Chi team 38-3. Herb Grote got 13, Jerry Spahn 8, and Jerry Dutcher 7 for the Fiji's.

Swim team faces final three duals

Tankmen prepare for meets with KU, Sooners, K-State

Coach Pete Hagelin's swim team, having won their first meet of the season as they whipped Grinnell Saturday night, are facing their last three duals of the season.

The Huskers leave Friday to face Kansas State at Manhattan, while Saturday they go on to Lawrence to face Kansas U. Monday they close their regular season as they take on Oklahoma at Norman, before coming back to Lincoln to prepare for the Big Six meet March 1 and 2 at Ames. The Huskers are underdogs against K-State, but are favored over Kansas, while the Sooners are an unknown quantity.

Bill Edwards, sophomore sprint star, is the team's leading scorer with 50 points in the first five meets, against Minnesota, Colorado, Kansas State, Iowa State and Grinnell. Ralph Worden has tallied 25, winning first in every diving match this year. LeRoy Foster has 24 points and Jim Ager 15.

Martin wins door prize at party

Mary Ellen Martin, teachers' college freshman, was the winner of the door prize at the Barb dance Saturday night in the Union. The prize was a ticket for the Interfraternity Ball.

K-State cinder squad faces Huskers here Friday night

Nebraska's track team faces its second dual meet of the year as Ward Haylett's Kansas State cinder men come here Friday night.

The powerful Husker sophomore crew is favored to whip the Manhattan team, even the Edsel Wibbels, the Huskers' best shot putter, will probably not see any more action until the conference championships two weeks from Saturday.

Wibbels had been doing around 48 and 49 feet in the shot, but could get only 46-6 at the Illinois relays Saturday, as he reinjured a bad wrist. Weir will probably choose to rest the Wolbach weight star, keeping him out of the K-State and Oklahoma meets.

Hackney coming. Elmer Hackney, who is at present putting with his right hand, has been doing close to 48 feet, but the expected dual between him and Wibbels will not materialize.

Gene Littler, who tied the American indoor record in the 300 yard event at Urbana, has three years of competition left, according to Coach Ed Weir, even tho he competed one year at Compton junior college. One year of junior college competition does not count against an athlete in the Big Six, altho two years of jaysee track would have counted as one year of university competition and would have given Littler only two years here.

Brooks... set.

Harold Brooks, the Husker sophomore mile star, has his eyes on the Husker indoor varsity record of 1:59.7 in the 880, as he has broken it in practice several times. He had to drop out of the 880 against KU when he was taken ill.

Harold Hunt, who got 13 to 6 at Illinois in the pole vault, will have another chance to better Sherm Cosgrove's indoor mark of 13-4 1/4. He could not clear 13-5 against KU, but bettered that at Urban, where his effort was also better than the Husker outdoor record of 13-4 27-64 held by Frank Wirsig.

There will be no Knothole section, since the bleachers which hold 600, will undoubtedly be inadequate to hold the crowd.

Fullbrook writes article

Dr. Earl S. Fullbrook of the department of business organization and management has an article on "The Functional Concept in Marketing" published in a recent number of the Journal of Marketing.

Eve Curie to tell of noted mother's radium research

Eve Curie, daughter of the famous Marie Curie who discovered radium, and author of her mother's biography, will speak in Lincoln at St. Paul church, Thursday, Feb. 22, under the auspices of the Lincoln Altrusa club.

Miss Curie is noted as a lecturer, as well as for her mother's biography. In her lecture here, Miss Curie will discuss her mother's absorption in research coupled with her devotion to her children, and her collaboration with Pierre. Although Miss Curie is not a scientist herself, she has a keen perception and vivacious wit, and is noted for her entertaining talks.

University buys everything but football players

COLUMBUS, Ohio, Feb. 20.—"We buy paper bags, tent stakes, mops, paint, garden and machinist tools, electrical apparatus, desk lamps, medals for contests, golf clubs, mice, and diplomas. In fact, there's little we don't buy."

So spoke George H. Siebert, assistant purchasing agent, today in accounting for the \$3,000,000 spent annually for university equipment.

The wide variety of orders received by the purchasing department ranges all the way from the smallest of pins to the largest of operating tables, and includes every need of all the departments on the campus.

WAA news

W.A.A.A will entertain at a bowling party Saturday, Feb. 24, 12:30 to 1:30 at the Lincoln Bowling Alley. All girls are invited. All those attending may bowl a free line.

Gamma Phi Beta and Delta Delta Delta are bowling the finals of the tournament for the inter-murals championship.

The basketball games scheduled for the remainder of the week: February 21, Lincoln 1 vs. Tri Delta 1 and Independents 1 vs. Delta Gamma 1. February 22, Gamma Phi Beta vs. Chi Omega 2 and Alpha Phi 1 vs. Wilson Hall 1. February 23, Kappa Alpha Theta 2 vs. Sigma Kappa 1 and Chi Omega 1 vs. Delta Gamma 3.

Your Pockets Tell More Than They Keep!

For no other detail says so quickly that jaunty costumes are brand new! Pockets of any size are Big in fashion importance!

The Dresses 10.95

Triple sheer rayon dresses in navy, black or dainty pastel shades. Tailored or dress-up styles. Trim pockets widen out to diminish waistlines. Sizes 9 to 17.

Third Floor.
