

### Fellman warns we must insulate our emotions from war

"We must guard our emotions, traditional feelings and prejudices, we must resist the blandishments of propaganda, we must insulate ourselves against the excitement of war." In these words David Fellman, instructor in political science addressed Junior Chamber of Commerce members at a luncheon Thursday.

Fellman pointed out that the foreign policy of the United States should not favor any side in any foreign war in which our interests are not directly involved. The neutrality law of 1939, he continued, was designed to keep us out of war by avoiding the causes which allegedly led us into the World War.

New law is good.

This new law, as far as it goes, is good, but "its fatal weakness is that it might give rise to the impression that it covers all the fundamental factors which led us into the last war. It does not and cannot possibly do so."

That we must watch the activities of the president was a further view expressed by Fellman. He said, "It is in his (the president's) power to create a war situation. A war situation is a product of a series of executive decisions, taken from time to time and having a cumulative effect."

### Alumni assoc. makes recordings of Husker songs

The alumni association of the University has recently had 100 phonograph records made of Nebraska songs played by the University band. Special notice offering the records for sale have been sent to 100 alumni club officers and 44 national zone officers. The records were primarily intended for use by alumni associations but are also available for individual alumni if they desire to purchase one of them. It is possible that there will be an additional supply at an early date.

### Statisticians average grades for honors convo

Statisticians in the registrar's office are now averaging grades for the annual Honors Convocation to be held April 23. The averages are taken from the scholastic record made during the second semester of 1938-39 and the first semester of 1939-40. Incompletes, conditions, or no reports must be cleared as soon as possible, a dean's office report explained.

Students recognized in the honors day list are selected from the upper ten per cent of their class, and those in the upper ten per cent of each class of each college, are recognized for high scholarship. Seniors who are now in the upper three per cent of their class and who have maintained an upper ten per cent rating for four years will be recognized for superior scholarship.

Campus organizations which have one-third or more of their members named as being in the upper ten per cent of their class will be given honors.

Six hundred and fifty-four received recognition in the Honors Convocation last year.

## Looking Back

### TWENTY-FIVE YEARS AGO

The two senior honoraries, the "Black Masks" and "Innocents" met to formulate plans for the annual University week. At the meeting they formed an organization to permanently take care of the administration of the annual event. The organization was called the University week association.

Following the successful publication of a "Men's" edition of the Awgwan by a staff of women editors, it was announced that the students of the Law college were to publish the next issue.

A strong basketball team from Nebraska Wesleyan defeated the University team in the Armory by a score of 39-15. One of the largest crowds of the season—about 700—attended the game.

Violent objection was made by students to a proposed proposal to hold Ivy Day, Pharmacy Night, Engineers Night, and Farmer's Fair on the same week-end. Students felt that the other affairs would detract from Ivy Day.

### TEN YEARS AGO

The Student Health department

set a new record by treating 19 cases in one day. Fifteen of the cases were mumps, one was measles, one was a broken leg, one an infected lung, and one an injured hand.

### FIVE YEARS AGO

Professor Schramm, of the geology department, expressed his commendation of the ruling abolishing "Hell Week" on the Iowa university campus. He commented on the improved conditions of hazing on the Nebraska campus.

Despite a driving rain storm 80 hopefuls turned out for the first day of spring football practice.

### ONE YEAR AGO

Dr. Louise Pound, of the English department, told members of a symposium club of Fairbury the slang is as old as speech itself. Dr. Pound pointed out that educated circles are coming to tolerate slang more than ever.

Alton Werner, Husker guard, was named on the Iowa State Daily's all Big Six team. Werner was the only Nebraskan named on the Iowan's team.
