

Socially Speaking

By Jo Duree

Initiates at both the Sigma Alpha Epsilon and Alpha Tau Omega are to be congratulated . . . Sunday was the day . . .

What is this vile rumor that Georgia Covey receives slight telephonic messages that have the phenomenal effect of plucking the little Alpha Phi out of parties—not for a moment but for keeps.

We sort of wonder if the reverberations from the Betas Souders and Weingarten's "legal" plea for a bit of post-office (game) over at the house will ever die down . . . they couched their request in as much legal phraseology as they could muster, and it seems that when the gathering finally got the drift, everyone had a real happy time . . .

The Alpha Chi's are entertaining their province president, Mrs. Maynard A. Buchanan, currently.

Happy over having her ATO from Iowa in town for the extended weekend was Chio Lenore Mansfield . . . partially a birthday surprise and probably a com-

ma before the Thanksgiving vacation . . .

The Sig Nu pledges anticipate tossing a hay ride this weekend for the active boys . . . with the weather, it may turn into a sleigh ride—and if the weather keeps going strong, maybe they'll all just take in a cinema or surround the fireplace with dates like a few of the lads did Armistice Day . . .

Also on the party line for this week's festivity we add the Spirit party the ATO pledges plan . . . you know, holiday spirit, spirits of ammonia, football spirit . . .

Elections are so much fun, only we did not get to vote, for our identification card was in our library book and we seem to have permanently misplaced our library book . . . we thought a lot about eligible bachelors, though . . .

The Deltas sort of took Bob Evans to task and mussed up his hair, etc., when he persisted in his theory that of all the people who were tops at running things, Herr Hitler is the most outstand-

ing, and the sooner he—Hitler—takes over, why, the sooner every little thing'll be hunky-dory . . . goodness.

We miss Burruss . . . he was a plenty salty columnist and he seemed capable at keeping up with the Sig Alph notes . . . we'll have to start working on that so that we can tell you when the SAE's entertain at a house party, at which there's none better, and when people like Leonard Jacobson start going steady with people like Theta Betty Klopp . . .

type in the country," Van Sant commented. "In its three years the Union has surpassed many similar organizations operating at other universities."

Praises staff

Crediting the Union staff with the responsibility for the Union's success, Van Sant stated that the activity program offered by his organization rivals that of the outstanding Unions in the country.

In accordance with the action taken by the board of managers, Van Sant will continue in his present position until the first of the year, or until another director is secured to take his place. A special committee, appointed by George Gostas, president of the Union board of managers, is now considering candidates for the position of managing director.

Van Sant came to the Union as managing director in February, 1938. He was formerly sales promotion manager for Bankers' Life of Nebraska, and held that job from the time of his graduation from the university in 1931 until he was appointed to his present position.
