### ATO's ride top I-M standings; Sig Eps second

By virtue of a first place in intramural water polo and a fourth in Class A basketball, Alpha Tau Omega slipped into top position at present standing of all fraternities.

Phi Delta Theta and Beta Theta Pi dropped from the front runners, while Sigma Phi Epsilon and Delta Upsilon took over second and third spots respectively.

The ATO's hold a five-point edge over the Sig Eps, leading the pack with a total of 435 points. The race is close for the top of the heap as there are less than 100 points between the first place Greek house and the twelfth place frat.

Out of the 25 organized houses competing, 22 of those have scored more than 100 points while 17 of them surpassed the 200 point total. Thirteen are above 300 and 4 are above 400.

Sports now in progress are handball, bowling and ping pong. Remaining on the athletic program for the current year are track, to be held in April, and softball, which will start after the indoor track meet.

Golf champion was not decided last fall and that sport has yet to convene again to decide the link winner.

### Nebraska gridders finally outside in drill-but secret

First scrimmage of the spring practice was held Monday as Coach "Biff" Jones took his Nebraska football players out on the sod on the north field.

In a closed practice session the Major ran the Cornhuskers thru a number of plays.

### Measure-

bill, replied that it was never the intention of the author's of the bill to include fees, federal monies or trust funds in the provisions of the bill. He declared that the measure was drawn up hurriedly and that: "We forgot about the university situation." Addressing his remarks to Mr. Devoe he said: "There is no doubt but what you are right. The bill should include only those state revenues arising from tax monies."

### Appropriation listings.

In the course of the discussion, Senator Callan suggested a new method for enumerating the university appropriation in the appropriations bill. He said that the people of the state have an erroneous idea as to how much tax money is being spent by the university since they look at the total appropriation. That total appropriation includes cash funds and federal funds which belong to the university but which are included in the appropriation in order to keep the financial records clear.

"This year," said Callan, "the appropriation bill will state just how much money is being spent from exactly what source and the people will have a true picture not an exaggerated one, of how much tax money the university spends." Chancellor Boucher spoke only long enough to say that he was heartily in favor of Senator Callan's proposal.

### Theater gives tickets to Charlie Chaplin show

Fifteen sets of couple passes to "The Great Dictator" starring Charlie Chaplin, opening at the Varsity Wednesday, March 19, will be given away this week through the DAILY caricature contest.

Rules for the contest can be found in the Varsity ad on page 4 of today's DAILY.

### Ball nine ready to practice; call for frosh

As baseball aspirants returned to practice in the coliseum Monday after the interruption caused by the state cage tourney, Coach Wilbur Knight issued a call for all freshmen interested in the sport to report Tuesday.

Knight, after surveying the field Monday, had hopes of getting the team on the practice field by the end of the week. Thus far this season, practice has consisted of conditioning by playing handball, bunting, hitting at the batting machine and throwing the ball.

### Needs three men.

"For a good team I need three new men, a good second baseman, third sacker and a catcher," Knight said. "I have a fine shortstop, plenty of first basemen, out fielders and pitchers."

Returning lettermen are Warren Gableman, Sid Held, Robert Searle, Ernest Swanson, Oscar Tegtmeyer and Bernard LeMaster. Players with some varsity experience are Frank Gilmore and Charles Vacanti.

dent of the senior law class and will specialize in property and trust law at Michigan. He is student editor-in-chief of the Nebraska Law Bulletin and a member of Phi Beta Kappa.

Boslaugh is a member of Beta Gamma Sigma, business administration scholastic society, and is associate editor of the Nebraska Law Bulletin. He plans to specialize in taxation law at Harvard. He is the son of Paul E. Boslaugh, Hastings attorney who received his LL.B. degree from the university in 1903.

Both men will replace Nebraska graduates now studying at the two schools on similar grants, evidence of Nebraska's nationally recognized high standing.

based on both ticket sales, leadership and all-around interest.

Other nominees were Jean Burr for president, Virginia Muts and Betty O'Shea for vice president, Dorothy Weirick for secretary, Margaret Fowler for treasurer and Ann Craft for notification chairman.

At the meeting preliminary plans for a delegation from Nebraska at the Tassels national convention in Omaha April 18 to 19 was made. The present and past officers along with many other members are expected to attend, according to Margaret Krause.

### Pharmacy sorority

initiates three Saturday

Kappa Epsilon, pharmacy sorority, initiated three members at a dinner meeting held at the home of Beatrice Duis Saturday night. The initiates are: Mariah Anderson, Ella Ritz and Marian Roberts.

### Weir pleased with Huskers' relay showing

Coach Ed Weir returned from the east full of praise for the showing of his indoor trackmen at the Illinois and Butler relays last week end.

Little's quarter-mile in 49.3 which broke the meet record at the Illinois relays also set a new indoor record for the university. Weir said.

"Bob Kahler's performance Saturday was his best," the Husker coach commented. "He tied the American record for the 70 yard low hurdles over six barriers when he won that event at Chicago." Altho Kahler placed third in the 70 highs, he was leading the field until he hit the last hurdle with his foot, according to Weir.

### Hunt really soars.

Trailing Ohio State's Bob Wright by only a yard, Bill Smutz must have run the 60 yard high hurdles in at least 7.4, the Nebraska mentor believes, as Wright broke the world's record with a time of 7.3. Smutz holds the Big Six high hurdles crown made with a 7.5 speed.

Officials: Ted O'Sullivan (Missouri), Ab Hinehaw (Emporia).  
Radio broadcast: WOI, Ames, 640 kc. (8:45 p. m.)

AMES, Ia., March 18.—Run-'em-ragged basketball comes up against the careful brand of play as Iowa State college goes into action Tuesday night against Creighton university. The teams meet at Municipal auditorium in Kansas City, Mo., to play for right of entry in the western collegiate court tournament, scheduled at the same site late this week.

Shoot-when-sure tactics will be Iowa State's game against the firehouse style of the Bluejays. Both teams have found their styles productive during the season, Creighton winning the Missouri Valley conference crown, while Iowa State shared first place in the Big Six conference. Cyclone defense records were best in the latter circuit, with five opponents averaging 35.5 points against Iowa State.

### Creighton wins 16.

Seasoned players such as Capt. Don Fleming and Brownie Jaquay, with Gene Haldeman, junior guard, provide a balance wheel for the Bluejays. Coach Eddie Hickey has used sophomores in prominent roles as Creighton stormed to its first league title since 1932, however.

Creighton won 16 games, losing 6, during its entire season. Nine of the victories and three defeats came in conference play.

### Murphy-

avocation, cattle raising and feeding. This is his third term in the legislature.

The five bills introduced by the senator are simply corrective measures for the purpose of clarifying the statutes. Declared Senator Murphy, "My principal interest in legislature is to look after irrigation. That is of primary importance to the western part of the state."

### High school cage tourney draws crowds

Harold Hunt barely missed his 14 foot goal Saturday as he brushed the bar at 14 feet 1 inch. He won the meet competition with a jump of 13 feet 9 1/2 inches.

Another record was made when the high school teams got together to decide new champions in the various classes.

Besides Scottsbluff's unprecedented feat of being the first team out of the far west to ever capture the Class A title, crowds who flocked to watch also set an unprecedented record in numbers and amount expended.

The check has not been officially completed as yet and will not be available for several days. Sec. O. L. Webb set the figure at an approximate \$7,650 to \$7,700 for the four days of games.

### Record final crowd.

The championship game between Scottsbluff and Fremont was the largest crowd to ever witness a single game with 2,758 single admissions plus the book sales to swell the coliseum rafters.

Of the total that Secretary Webb predicts, \$5,802 was collected on single admissions for all four days and \$1,800 in season books sold with several schools yet to report.

Last year, the tourney realized \$6,353.25 as a final total. The record this year is based on the present setup for playoffs of regional winners. The system of three classes and 48 teams was started in 1937.

The general admission sales for the four days:

|                     |           |
|---------------------|-----------|
| Wednesday afternoon | \$ 366.50 |
| Wednesday night     | 516.50    |
| Thursday night      | 1,226.50  |
| Friday night        | 1,301.00  |
| Saturday night      | 2,068.50  |

Totals \$5,802.00  
Season books (estimated) \$1,850.00  
Approximate total \$7,652.00

### AIEE tours Neon plant Wednesday

An inspection trip to the Nebraska Neon company will be included in the program for an open meeting of the local chapter of the American Institute of Electrical Engineers to be held at 7:15 p. m. Wednesday in Brace lab. 211.

The trip will supplement a talk by Harold M. Bishop on "Neon Lighting." The meeting is open to all interested, with sophomores especially invited. Those attending are urged to bring cars for the trip.
