

# Kampus Kaperings

By two April Fools.

## Gluesome twosomes,

or those now firmly cemented together, are DU Jack McPhail and DG Gay Gimple; Alpha Phi Janet Westover and ATO Jack Higgins (where, oh where is Tom Hood?); Peggy Galletly and Frank Twiss, Omaha (still, also, yet, and again!); Jane Shaw and Blaine Sloan (April Fool!); and Kappa Delt Jean Ferris and Acacia Jerry Mayburn (sealed with a diamond). Scratched off the list are Tri Delt Mary Helen Dietrich and Dick "(Censored)" Gellatly.

## Woosome twosomes,

or why don't they go steady? Twosomes, are Mary Louise Simpson and Walt Johnson; DG Mary Jane Fuller and Beta Bill McBride; Kappa Twin Dorothy Clark and John "Clem" McCarthy; DDD Marguerite Williams and Max Wilson; Shirley Kyhn and Bob Treinon; Bob Sandberg and Hattie Costello; Kappas Mary Beeson and Ruth Haney with Sigma Nus Duke Schatz and Stan Truhlsen; DG Betty Reese and Dick Gillen; Dorothy Weirich and DU "Heavy" Day; Julia Ann Gurley and Fiji Jerry Thompson.

## Bluesome twosomes,

or those with their ups and downs, are Johnny Mason and Betty Krause, the Pi Phi gal who still has and still wears (at times) Kappa Sig Don Schulz's pin; Alpha Chi Gloria Swanson and DU Clayton Lavelle; AXiDelt Twila Perrin and Fiji Dean Nutzman; Jean Cullinan and Phi Psi Lyle Wilson; Betty Nichols and Phi Delt George Abel.

## Stupendous, colossal,

and other suitable Hollywood adjectives are called for over the big deal pulled at the DU house party last Saturday when DG Bette Rathburn took the pin of Neal Felber. And this is no April Fool! Another pin-hanging that's on the level is DU Dick Speichal and Betty Kohout.

## The air corps

blew into town this last weekend in two super convertibles when Beta Herb Glover and Hi Messmore came home for a brief vacation. "Glove" spent most of his time with Becky Waite, while Hi squired Ann Beard about the clouds in lieu of Sigma Nu John Ainley who's off in guard camp. Next roost for the two lads is the Philippines.

## Important!

All who are going to the N Club dance in the coliseum Friday night are expected to wear active sports clothes. We're just waiting to see Miss Hosp in tennis shorts; Dean Thompson in plus fours; Ruth Clark in denim overalls; Dorothy Jean Bryan in a playsuit; John Thiessen in bathing trunks; (ed. note: Gen Harmon, Ann Thomas, or Janet Harris in bathing suits).

## The Beta 'Crud' party

this weekend will call for something casual in the way of clothing, and new white evening coats for men and organdy formals will be absolutely necessary. A butler will meet guests at the door, and a French maid will assist the girls in removing their wraps. The floor will be covered with orchids instead of the usual straw, and champagne will be served for refreshment, instead of—oh, whatever the Betas usually drink.

## Big dates

for this weekend are coming to light, and Beta Keith "Casanova" Howard will be with one of Jim Kirkendall's "steadies"; Ruth Iverson and Bill Dafoe; DU Hugh Wilkins and Dottie Thomas; Hub

them about the various lines of work open to girls and help them select their own vocation from their experience and aptitudes.

This is the second time Miss Clayberger has lectured at the university. Last year she spoke about the "Vocational Possibilities of Various Phases of the Magazine Publishing Business."

## Engineers plan convo, student society meetings

"Galloping gerdy" will ride again Thursday at 11 a. m. in the Union when the engineering executive board sponsors a showing of the collapse of the Tacoma bridge before an all engineering convocation.

The bridge, which collapsed Nov. 7, 1940, was named "galloping gerdy" due to its violently swaying motion. Shown earlier this year on the ag campus, the film attracted enough notice to occasion the board to bring it back for the convocation. Intended

for engineers, the film is non-technical enough to appeal to the average student.

### AIEEC.

Lester Haining will speak tomorrow night at 7:15 before an open meeting of the American Institute of Electrical Engineers. Mr. Haining will talk on the topic, "Radio for the Weather Man." The meeting will be held in Brace lab 211.

### ASMEC.

At 7:30 the local chapter of the American Society of Mechanical Engineers will assemble in M. E. 206, to hear Mr. A. T. Lobdell describe "Roads in Nebraska."

Face of the tower clock at Stout institute, Menomonee, Wis., is 11½ feet high.

## Residence halls entertain at tea

Invitations have been issued for the third annual musical tea to be given by the women's residence halls next Sunday at 4 p. m. A program of vocal and instrumental selections and a number in modern dance will be given in the ballroom at Raymond hall.

Tea will be served following the program in the dining hall. Mrs. C. S. Boucher and Mrs. Arthur Westbrook will pour.

Princeton university's income for the last fiscal year exceeded expenditures by \$5,079.

South Dakota State university recently dedicated a \$76,500 addition to its Carnegie library.
