Biff' called for army duty **Husker grid mentor** goes to War College The HAIL HAIL

BY CHRIS PETERSEN.

The proverbial potpourri of fate cooked up a wicked stew for Nebraska football of the 1941 vintage yesterday when Major "Biff" Jones opened his morning mail to find himself once again in the army.

With his orders tucked under his arm, the "Biffer" will board a Biff? n Wednesday for the Army College in Washington, leaving behind train Wednesday for the Army College in Washington, leaving behind him a large question mark in the troubled minds of every grid-fan in Husker land. The number one query on sports pages over the country is WHO will take over the coaching reins at a school noted for its team well consistently good elevens.

surprise to him. "I expected to be called sometime, but I had not planned on receiving my papers for at least a year," remarked the Nebraska mentor of four years past.

The board of regents, through Chancellor Boucher will open applications for the coaching position. Until that time, when a successor is chosen for the army's gift to football, Assistant Coach Roy "Link" Lyman will be in charge of spring practice.

Dear Public

(Both of you)

By the grace of God and a longhandled spoon, your exsports editor has finally regained his eligibility level.

During the past few weeks, yours truly has been diligently and enthusiastically catching up on his studies to regain the favor of the eligibility high moguls.

Pain-staking studying and deep research work, that nearly planted one J. Evinger in the ranks of the Phi Beta Kappas, brought about this reversal of form and planted once again yours truly on this hyar page.

Those late nights were the fir-ing of the old scholastic spirit. The midnight oil was burned overtime. It was eat, sleep, and think studies all the time. No more horse-play or time-outs for a momentary "coke." It was all business and no play. This "Jack" is now a dull boy (as the old saying goes) but once again we are in the good graces of the eligibility censors.

It was an uphill battle all the way. The first test was really rough. But from then on the work became easier. The more study, the easier the work became.

Gone are those cruises around the campus (and the library). It's

of us ought to try it. Well, move over ol' Christy Petersen, we're moving back in again.

Yours truly, Jim Evinger. Ed's note: If you believe this, you too should be scholastically incligible!

All in fun!

All of the articles on this page are untruthful, wicked lies, and stretchings of the truth. Anything for a laugh, even if it comes to tickling ourselves to death.
