Effective Tubbing!

The tubbing must have been effective because Liz Clark, Carrie Belle, passed not only candy, she gave the girls cream puffs, lollipops, and then the chocolates plus roses... Jean Porter, Pi Phi gave her Delt pin back this week end. All of which should make Bill Longman, Sig Chi, very, very happy... Yesterday George Souders left for the army. Poor Pat Woods.

Patched Up?

Helen Matz, DG, was at a little party with Max Wieland, DU. Maybe they have patched it up... At the same party, which incidentally started with a supper at the home of Milt Myer in appreciation of the singing done by the Pi Phi trio during rush week, there were 12 guests... After the supper everyone went down to the DU house and they really held a jam session... Still of interest are some of the combinations seen dancing over the weekend, such as Theta Marie Anderson with Leonard Dunker, DU.

New Combination.

A new combination is that of Beta Leon Davis and Theta Louise Temple... Another that comes under the same category is Ann Craft, Kappa, and DU Dean Allen... We hear that Jim Lindberg, Fiji pledge, gets a certain look in his eye when Tri Delt pledge, Barbara "Eep" True is around. It looks mutual... Among those who attended the brunch Sunday were Marie Anderson, KKG, and Kenny Holm, Sigma Nu prexy... Bob Miller, Fiji, would like to neglect his sports for one Opal Johnson, AOPi if she would give him her time.

Correction.

Correction, and something to notice—Peggy Jones, Alpha Xi Delt, sent the diamond back to Hawaii, but she didn't go with it. Instead she is very much here and wants it made clear that she will be here... Eddie Tollefsen, Phi Gam, has been hitting the road between Omaha and the Pi Phi house. Vivacious Beidora Cochran, Pi Phi, is the reason, and in the words of a brother, "what a reason."

Taxes . . .

Continued From Page 1)
sporting goods; they'll all be taxed the regular 10 percent.

Bridge Fiends Get It.

If some of you bridge players think that the game is expensive now (for various and sundry reasons), then stock up on a few decks quickly. Playing cards will bear an extra levy of thirteen cents a pack.

And oh brother, if you own an automobile, better alter your budget plans considerably. In the first place the car manufacturer will pay a seven percent tax—which means that you will pay it also. In the second place you will be required to pay five dollars for a federal car owner's license. In return you will get a sticker or some kind of a tag. We're not through yet. It will cost you five cents a pound tire tax and nine cents a pound impost on tubes. Happy?

Those Extra Pleasures.

If you like to wield a pool cue or bowl a few lines, you will probably have to dig just a trifle harder to pay for these pleasures. The man who owns the bowling alley or the pool hall is going to be taxed fifteen dollars a year.

Travel will be more expensive from now on. Transportation by rail or bus for which the fare is in excess of 35 cents will be taxed five percent.

But here, for some people we know, is the killer of them all: The liquor tax has been upped from three to four dollars a gallon. That's fifty cents a pint in tax alone and that's definitely not hay. But console yourself, there will be no raise in the price of beer.

When and if these added taxes bother you, remember that the USA has to pay for its tanks and guns and airplanes. Perhaps it would help to know that every time that you spend ten cents or more for a bottle of—perfume, you are personally buying the government one, nice, new bullet.

Swimmers Have Access to Pool in Free Periods

Students at the university who are interested in swimming have an opportunity to use the pool located in the coliseum at no cost, according to an announcement by Tom Leeke, swimming instructor, several days ago.

Only requirement to get into the pool during free hours is a swimming permit from the student health office. It takes but a few minutes to get this permit. All the student has to do is to go to the student health offices in pharmacy hall and ask about obtaining the permit. The doctors take care of the rest.

Each student who is not registered for a course in practical physical education must pay a \$1.50 fee for basket and towel service. That is the only cost for the semester of swimming. The fee is paid at the activities office, room 106 in the coliseum. All roads to the pool are then open to the

Tom Leeke, the new instructor, would like to see any who has any desire to swim or any ability at all to turn out for the team. He claims that a school of this size should have at least 75 trying out. He can be found at the pool any time.

Lend me a Minute and I'll give you back 15 seconds

Says PAUL DOUGLAS, well-known radio announcer

Somebody whistles a few bars of a catchy tune. Others pick it up. Soon the whole country's whistling it. *It's a hit.*

Somebody lights up a cigarette. Likes it. Passes the word along. Soon the whole country's smoking it. *It's a hit. IT'S CHESTERFIELD.*

The big thing that's pushing Chesterfield ahead is the approval of smokers like yourself. *Chesterfields are definitely Milder, Cooler-Smoking and Better-Tasting. They're made of the world's best cigarette tobaccos Blended just right to give you more smoking pleasure.*

But even these facts wouldn't count. If smokers didn't just naturally like them. Once a smoker finds out from Chesterfield what real smoking pleasure is, nothing else will do. *Yes, fellow smokers, IT'S YOUR APPROVAL THAT'S PUSHING CHESTERFIELD AHEAD.*

Everywhere you go *They Satisfy*
