## Two Heads

## Are Better...

'Nother week-end coming up, and may we, too, add our plea that you students turn out for the rally tonight and show that old Husker spirit... House parties are starring the week-end activities still as could be expected of the last week-end before the beginning of formal season... The Fiji's practically steady couple, Bobby Miller and Dorothy Filley, Alpha Chi, will dance Saturday at the Phi Gam house as will Herb Belamy and AOPI Eunice Stebbins and (surprise!) Al O'Connor and Alpha Chi Marty Ann Reed....

### "Corkie" Goes Steady.

George "Corkie" Abbott is now steadying with a dorm girl and keeping the whole thing so quiet that we can't even find out what her name is... That petulant look on the rouged lips of Marion Doolley, Tri Delt, comes from the fact that Jay Hoffman has been spending his afternoons back of the Sig Ep house, romping with Speck, the chapter's pet dog... And speaking of dogs, the Sig Nus finally got rid of Duke Schatz's pride and joy... They couldn't

take it any longer... A new steady combination is that of Tri Delt Mary Martin Tunks and Bob "Blackie" Green... Returning for the weekend from the army barracks are Beta Chuck Pillsbury and Phi Delta Dick Hiatt to be with Kappa K Tunison and Chi O Jean Carnahan... Lynn Dale and Bill Richardson finally came across with sweets and stogies on Wednesday night at the Sig Nu-Chi O exchange dinner....

### Late But Worthy.

Late news on a pin, but worthy of a few lines is the deal between Theta Phyl Yost and DU Jim Stillwell, who finally chained their pins after Phyl was initiated a couple of weeks ago... We overheard a conversation the other day wherein about six Phi Gams were discussing people they'd like to date... When someone suggested they call and complete the deal, all six of the boys backed out—scared, no doubt... Down for Kosmet Klub (good show, incidentally) last night were Bob Bittman and Ivan May to escort Delta G's Alice Ann Hascall and Sarah Day...

### Over Vacation.

...Comes Thanksgiving and there's a yen for the old home town... Or so say the ATO's from Norfolk; they're planning the big migration... And Alice Roseberry and Dub Newberg will be acquainted by the time they go home for they started their dating here and intend to continue it... Robbie Farmer and Alpha Phis Ginny McCulla and Jean Christie will go to Denver, Lowry Field and Leroy Farmer at turkey time... All's well that prints well....
