Headache Ball Made Worse By Staff Loss

Regular members of the military department instruction staff are singing "After the Ball Is Over" with mixed feelings. They're not sure whether they will be happy or sad after Friday and their annual headache, the Military Ball.

All of the regular officers and enlisted men have been busy all week in preparation for the ball, and they will be even more busy from now until Friday. They say they'll be happy when the work is over.

But they lose their smile when you mention Mrs. Lola Henline, a fixture in the military department office for the last four years, and twelve years previous to that. Late in December she is leaving for San Diego, Calif., where she is to reside.

Military department heads refer to her for facts about the ROTC unit "way back when." They say she is more reliable than files.

In Outstanding Play . . . Lincoln, the Clerk, Is Plot For 'Prologue to Glory'

. . . To Be Given by Uni Players

Of the numerous plays which have been written about Abraham Lincoln's life, only a very few were concerned with the president's early manhood, and one of the most outstanding of this latter group is "Prologue to Glory" which will be presented by the University Theatre Dec. 10-12.

Originally produced at Iowa University, the play, written by Ellsworth Conkle, is one of the two outstanding successes brought to the people's theatre by the WPA federal theatre in its series of historical plays produced in 1938.

While most of the Lincoln plays deal with the more tempestuous political crises of his life, "Prologue to Glory" is concerned with only one year of his life, when the president-to-be was between the ages of 21 and 22.

The play opens as young Abe, working on his father's farm, is offered a job in a store in the village of New Salem, and thru the influence of his step-mother, he accepts. Shortly after his arrival he establishes his reputation as a man of strength by soundly thrashing the town bully. In the meantime, he is pursuing his policy of reading every book he can lay his hands on.

A turning point in his life comes when Abe meets Ann Rutledge,

who influences him to debate in the New Salem Forum club. Shortly thereafter, Abe, who has fallen in love with Ann, announces himself as a candidate for the Illinois legislature and leaves on an electioneering tour of Sagamon county.

His tour is interrupted by the illness of Ann, and returning to New Salem, Lincoln finds her on her deathbed. Ann's death brings desolation to young Abe. The play closes as Abe leaves the village to take up law in Springfield.

Burns Mantel, in writing of "Prologue to Glory" in "Best Plays of 1937-38," says, "Prologue to Glory" reveals, with a consistency that is amazingly simple, the young Lincoln, the lad of 22 who had left his father's farm and taken his first job, a clerkship in a country store in New Salem, Ill.

"Here he drifted a little aimlessly, while those conquering urges for learning and public service were being born within him. His first romance found him here and from its tragedy he extracted a courage and a determination that were character-shaping in force, and a definite influence in setting him on the road that led him both to glory and to death."
