Every time we get wind of an exciting bit of news it turns out to be a dud—or backfires in our direction. . . . For instance DU Don Shaneyfelt didn't hang his pin, so the brothers say, but has had two dates with girl-in-question-Mary Bonebright, AOPi, who's also going steady with someone else, they keep telling us, which we don't know how could happen, if she's dated DU Don. . . . And another scoop (we hope): SAE John Thiessen hung his Sig Alpha pin on the girl at home, supposedly a nurse. . . . The boys at the house don't know her name. . . . They call her the White Hope. . . . Alpha Phi Barb Morehouse isn't letting that pin interfere with her coke dates with Delt Art Lincoln. . . . Our most reliable spy comes in with this quote on Alpha Chi Lois Schofield, the gal who's being true to ATO Jack Stone: "Yep, Bill gave me a compact, Dick sent this ring and then I got this clip; but they don't mean a thing because Jack couldn't come home" . . . Just goes to show you. . . . And speaking of Alpha Chis: Mighty fine thing they're doing to forego the posies in favor of national defense. . . .

Foregoing at the Cornhusker tomorrow night will be Roberta Davison and Phi Gam Bill McNare and Ruth Lund and Phi Delt Les Buckley. . . . Deltasig Doug Varner lost his pin in Pittsburgh during the vacation to last summer's Yellowstone romance. . . . Finally steadying after a semester of solid dating are Alpha Xi Delt Fern Bergren and Fiji Claude Wright. . . .

All Over.

End of a beautiful friendship: Alpha Phi Lo Christie handed back the Alpha Sig pin she's been taking care of for Bob Hyde. . . . To Los Angeles tomorrow for

wedding bells and orange blossoms goes Gamma Phi Ada Lavender to meet PiKA Bob Durr. . . . Formaling tomorrow night at the dorm party will be prexy Frances Drenguis and Russ Shoonmaker (they aren't going steady), and at the Palladian banquet and dance Saturday will be Deane Dowell with Hugh Stuart and Doris Dobry with Don Dean. . . . This last combination is seen a lot together. . . .

We like the one about Bob Gelwick, Sig Ep, whose visit to pin-mate Esther Mae Calhoun proved that she can't cook. . . . Visitors, you of last year will remember Theta Hap McIntosh and DG Dottie Thomas. . . . Hap's down from Wisconsin to look over the campus and Alpha Tau T. Miller, and Dottie's taking time off from her air-raid warden post to date SAE Louie Seybold. . . . Congratulations to Dick Ake, St. Joseph, Mo., who has pledged Sigma Phi Epsilon and to Bruce Boyd who has pledged Delta Sigma Pi. . . . All's well that prints well. . . .

UN Methodist Students Hear Stanley Jones

Twelve university students, a Wesleyan delegation, and two local pastors attended the week-long convention of the second National Methodist Student Conference held Dec. 29-Jan. 2 at the University of Illinois.

Delegates heard nationally known educators and ministers. Among them was Dr. E. Stanley Jones who gave the main talk of the conference, "Jesus, the Norm of Reconstruction." The theme of the convention was "The Student in Christian World Reconstruction."

Leaders stressed three points: (1) the maintenance of a Christian world, (2) the need to lay foundations for an enduring peace, and (3) the alleviation of suffering.

UN students who made the trip were Betty Ross, Bob Alberty, Keith Jobs, Charles Mastin, Allen Menefee, John Norall, Pauline Roberts, Don White, Velma Smith, Lurene Rulla, Betty Hoover, and Bill Ruyle.

Pardon Us

Tryouts for the second semester varsity debate squad will be held on Wednesday, Jan. 14. The date specified in yesterday's Nebraskan, Jan. 17, was an error.

Ferguson Announces . . . Navy Offers Design Positions To Graduates in Engineering . . . Through Application

Engineering graduates are needed in the design division of the bureau of yards and docks in the U. S. navy department, according to an announcement yesterday from Dean O. J. Ferguson of the college of engineering.

The positions offered by the U. S. navy include structural engineers; mechanical engineers on power plants, refrigerating plants, or heating and ventilating plants; electrical and sanitary engineers.

Recent graduates of a college of engineering will be rated as junior engineers and will receive \$2,000 per year. Graduates with 3 to 4

years experience will be assistant engineers and will receive \$2,600 a year. Graduates having experience from 6 to 8 years will receive \$3,000 per year and will be called associate engineers.

The work will involve the design and construction of personnel buildings, shops, ammunition magazines, hangars, landing fields, reservoirs, docks, power plants, roads, and other structures.

Application blanks and further information may be secured at Dean Ferguson's office in mechanical arts.
