## Invader Has Good Record In Cage Tilts

### John Selleck Announces That Student Game Books Will Guarantee Admission

A barnstorming quintet of former all-Americans now in the service of the United States will be guests when the Nebraska Cornhuskers entertain on Saturday night at the coliseum.

With 13 victories in 15 starts the Great Lakes team has humbled some of the Big Ten leaders including Indiana and Northwestern. They have 11 more tilts before they return to their home base.

Athletic director, John K. Selleck announced that students could get into the game on their student books or fifty cents with no reserved seats offered.

It will be an opportunity to see several of the best players in the country in action for their country.

## Flashy Kansas U Climbs to League Leader's Spot

. . . Iowa State Next

### BIG SIX STANDINGS.

	w	l	pts	opp.
Kansas	3	0	153	98
Iowa State	1	0	34	25
Nebraska	2	1	127	134
Oklahoma	2	1	105	119
Kansas State	0	3	103	117
Missouri	0	3	104	133

Riding on top of the conference heap with an offensive average of 51 points per game, K. U.'s flashy Jayhawks kept their Big Six record clean last week to remain in a first place tie with undefeated but idle Iowa State cage team while Nebraska moved down to a third place tie with Oklahoma.

Kansas State dropped a game to Oklahoma to leave unchanged the gooseegg in the Wildcats' win column, as Missouri bowed to Kansas and the Sooners to share cellar honors with K-State.

### Have Three Scalps.

The Jayhawks, having chalked up victories over Oklahoma, Mis-

souri, and Nebraska, will have completed the first round of the conference circuit after next Saturday night when they meet Kansas State. Only other Big Six game on the week end schedule is the tussle between Missouri and the Iowa State team.

With Phog Allen's team seemingly rolling toward another conference championship, early season pickers who predicted that Oklahoma might challenge the Jayhawks will have to wait until after January 30 to see anything but a Tuckerless Sooner five in action. By that time, half of the Oklahoma's league results will be on the board.

### Foes Lose to Nebraska.

Nebraska has topped Missouri and Kansas State, both teams defeated in all three of their conference battles, at the same time bowing to Kansas, while the Sooners have two wins over the Wildcats and a defeat at the hands of K. U. The Huskers will be conference idle this week.

In the individual scoring race, three of the four Big Six with an average of ten points per game or better wear the colors of the Jayhawks, with Charley Black, who sparked the win over Nebraska Saturday night out in front with a 17 point average.

With an average of 12 points in the three league games played to date, Husker Sid Held holds the runnerup position while Jayhawks Buescher and Miller are next on the list. The rankings:

**An Unbeatable Combination—**  
Monday morning forwards have concluded that the 1942 edition of Coach Phog Allen's Kansas cagers is just about unbeatable... With a front line combination of Ralph Miller and Charley Black, a center in the form of John Buescher and a rear guard of Marvin Sollenberger and Ray Evans make up this combination that we predict will come through conference play unscathed.

**Time for a Finis—**  
Now comes a time to knock off from the typewriter until exams are over... The pub board meets this afternoon and they will decide who will be making caustic comments from this corner for the next semester... We have enjoyed this semester—watching the Huskers getting beat in football did not detract—and it is our hope that we will be back to tell you about spring sports... At any rate, no matter what happens—"There is no place like Nebraska."

what makes the big difference in furs

Hollander Silver Fox Blended Sables with the beautiful Norwegian blue cast is perfect for campus wear. You'll like the delicate shadings that Hollander's superior blending process makes possible.

● "A lucky incident taught me what makes the big difference in furs. I just happened in on my furrier as he was relining my coat, and noticed the Hollander stamp on the back of the pelts. I quizzed him about it, and learned a new fact. Now I know this Hollander stamp is the reason my coat kept its beauty longer!"

*When you buy new furs*

your favorite furrier will gladly show you, on pelt or tag, this famous Hollander mark. For over 50 years this mark has meant longer-lasting lustre and color. Naturally the price of furs depends on quality of skins and workmanship. But, pay much or little, the Hollander mark assures you your furs will keep their beauty longer.
