Today is the first day of spring officially and what could start this spring season off better than a wedding?... Hitting one of the many ruts on the bumpy romance road, Teedee Talbot and Ky Steiner antedated previous marital plans by solemnizing their marriage at the bride's home at 4:00 yesterday afternoon. Seems that Uncle Sam has had his gaze on the male part of this combination and so the Mortar Board DG decided to tag along instead of dying of a broken heart....

Tired of the drab experience of scrapin' the plate alone, the Thetas and Pi Phis are having exchange dinners with the Phi Psis and Phi Deltas respectively come this Friday... The Kappas still don't have their yellow vase and one and only trophy back from the Sig Alphas who returned their call last night. The Kappa initiates will have to make another trip to the Sig Alpha house, no doubt....

Army Gets Him, Too.

Another romance soon to hit the main rut is that of Margaret Mead and Bob Bailey, DU, as soon as his Uncle Sam will let him come to Lincoln. They hope the big ceremony will be April 14.... The Thetas will really splurge this Saturday night when they entertain the soldier boys from 8 to 11 at a prolonged hour dance.... Various and sundry dates to T. Dorsey this Friday at the Pike include Pi Phi Bell Cochran and Kenny Simmons, who will start the evening off at the University Club. "Wolf" Van Norman, Delt, has chosen Virginia Trowbridge, DG, for this special occasion and "Hook" Lauer, ATO, will be seen there with Kit Carson, brunette Theta....

An item to worry the ATO brothers and one in special is the fact that Kappa Annie Craft was accompanied to Omaha by Chris Petersen, not-to-be trusted Kappa Sig... Some queen is coming all the way from Wahoo to attend the Dorsey brawl with Darrel Ludi, Sig Alpha, but it seems the Bowery ball the following night will see him with an NU coed, whose name he refused to reveal for the struggling cause of news....

She's Off to California.

Betty Newman, well-known DG, is off to California Saturday on a flying visit to a certain Jack, partner in a last summer's romance. We wonder what George Blackstone, ATO, thinks about it all....

The DU's are beginning the spring house party season Saturday night, with Barbara Hahn, DG, and Dick Luther planning on attending together.... Alpha Chi, Carlene Hohensee is viewing the world through rose colored glasses these days since receiving an invitation to June Week at Annapolis, which really means something in these days of military glory.... Time's a fleetin' so will end this free-for-all with a word to the wise—give those Victory Books Saturday or else.

Color to Run Wild in New Dress Suits

By Edith Laslo.

Comes the season for colors to run rampant and run riot they shall with the new dress suits. Duffy pinks, kelly greens and but-tercup yellow—all are to be found in the classic shirtwaists, sweaters and accessories used to enliven spring suit wardrobes.

According to the masculine eye nothing looks better than a good looking tailored suit, stockings and heels. Trim, neat and shipshape is their comment.

Neat little business numbers in the glen plaid line, with trim lapels and long torso line also double for date duty. Smart lapel pins to attract attention are the added touch to complete the smart suit picture. Alligator shoes and gloves complete the ensemble that can take dictation in an office, curry favor on campus, and receive the plaudits of the boyfriend when dancing at the Turnpike.

Lightweight Wool Popular.

Box pleated lightweight wool suits step in for considerable ac-

claim. Nice work, if you can get them, what with the wool shortage and all. But they are certainly worth doling out the shekels for, as they last and last and are always good. The best investment in wools this season is in a conservative color since wool is increasingly hard to get and the suit must last for more than one season. However, conservative suits are the background for any fashion frivolity that strikes your eye in the accessory line. Man-tailored wool suits are the best bets 'cause that masculine influence in women's clothes is here to stay.

Strictly speaking, one does not ordinarily think of silk suits when confronted with the word suits. But there they are and glad are the women because of them. The dream of date dresses, silk suits hit the acme of feminine fashion fads. They lack only the versatility of the wool suit, but more than make up for this seeming fault in their utter femininity. Also, unlike wool and gabardine, silk suits can be had in gay prints.

Military suits to match the men is a good policy to follow. Definitely it makes the men feel good to see a spick and span military gal, in fact, they probably hope they'll draft them. But be it military modes or frilly sheer silks, whatever they're made of, we want suits, suits and more suits.
