Betas Qualify 13 for Track Finals Tonight

By qualifying 13 men in last night's prelims, the Betas will lead a host of intramural tracksters into the finals, which will take place tonight on the indoor oval.

Leading the Betas last night were Bill Latta, Gene Tallman, and Justin Berger. Latta won firsts in the 45 and 60 yard dashes and took a second in the 60 yard low hurdles.

Most outstanding last night was Dick Petring of the ATO team, who garnered firsts in the 45 yard dash, 60 yard dash and a first in the broad jump. The ATO's were second in the number of qualifiers, with 10.

Best Phi Gam bets in tonight's finals will be Bob Pike and Dean Nutzman. Pike won firsts in his heats in both dashes and placed in the broad jump. Nutzman heaved the 12 pound ball a distance of 46 feet 4 inches to lead the rest of the field.

Sports Whirl

By Bob Miller

• **ATHLETIC** activity at Nebraska is slight this week, resembling the calm before the storm...Grid drills are moving on at a little faster tempo since the weather gods have been smiling benevolently upon the Husker gridders...A week from Saturday should mark the last day of the spring session and on that day will be held the spring's most extensive scrimmage session...This is just one phase of the spring sports program that will move into high gear.

• **TRACK** entertainers will exhibit their wares on the out-of-doors next week-end also...Due to the letup in the cold spell, all of the cinder artists can begin warming up for the opening dual meet which is scheduled for April 17...Minnesota's strong aggregation will be in the invading role...On the 18th, the Huskers will travel to the Kansas U. relays at Lawrence...The weight men, a vital part of the track team, have not as yet had a good chance to get into action...Husker strength in the discus will be at a high point with Edsel Wibbels, Howard Debus and Vic Schleich...The javelin will not have such support since Herb Grote, defending champ, is in the army...Grote holds the record in the Big Six as in the Drake Relays.

• **BASEBALLERS** get their outdoor chance soon also with their first game scheduled for the near future The diamond addicts will have a stronger squad this year than last on the basis of experience...Sid Heid and Angelo Ossino will bear the brunt of the pitching job while there will be plenty of behind the bat work done by John Fitzgibbon...Al Artman seems to have first base sewed up, while there is a big battle going on for the other positions...More can be told when the diamond dust begins rising...So far practice has been confined to the inner regions of the coliseum.

• **TENNIS** and golf backers are still trying to get more meets scheduled...Both squads have a schedule with only three meets listed...For that reason any tennis and golf performer will not be eligible for a varsity letter...With that in mind, Harry Ankeny and Byron Adams, representing the two forces, are contacting other schools to line up additional meets.

• **INTRAMURALS** are keeping pace with all the other sports...Last night and tonight, the track championships are monopolizing the attention of all concerned...Handball championships were held on Tuesday evening with the ZBT's coming out on top...Bowling is in the playoff stage and activity in that sport will be concluded next week...Tennis and golf have not been run off through the finals but this must be done soon...As for softball, the deciding event, play will begin next Tuesday when the first ball is pitched...Last year this was the deciding event when the DU's and ATO's were nearly tied...The former won the historic Jack Best trophy in the end but it was close all the way...At this writing it looks like a dog-fight between the Betas and Phi Gams but the track finals will make some change while tennis and golf results will give the Betas extra points.

Three Students Attend WAA Convention

Betty Newman, Dorothy Martin, Jeannette Mickey Are UN Representatives

Betty Newman, Dorothy Martin, Jeannette Mickey, and Merriam Mann will represent Nebraska's WAA in an annual convention of the Athletic Federation of College Women held this year at Wellesley college for women in Massachusetts.

New president and vice president respectively of the WAA council, Betty Newman, and Dorothy Martin are the official Nebraska representatives, while Jeannette Mickey and Merriam Mann were elected by the council. All expenses will be paid.

Leaving for Omaha today where they will meet other middle western delegates and pick up the chartered bus which will take them to Wellesley and back, the girls will be gone about ten days. Although the convention itself will be held on April 9, 10 and 11, the trip has been planned to spend a few days in cities of interest along the route.

On the way to Wellesley the delegates will spend two days in Washington, D. C. and two days in New York City, seeing the sights. The return trip will visit Boston, Niagara Falls, the north central states via Canada, Detroit and Chicago.

Packed along with the four delegates will be a considerable amount of movie film, which will be used along the road and at the convention to add to the pictorial record of this campus' WAA activities now being made by the phys ed department.
