

Sports Whirl

By Bob Miller

●RACE for the laurel wreath in intramurals is still fairly close. . . At this writing, Friday morning, it looks like the Betas have the inside track with the Phi Gams having an outside chance . . . Not to be overlooked are the DUs who are battling along in intramural softball circles at a good pace due to their pitcher, Bob Saalfeld. . . Let's look at the situation and see how it stands at this point.

●WHEN the last points were computed the Betas led the Fijis 580-579. . . Now this score took in everything up to and including track which after two disqualifications of other teams, the Betas won, garnering 100 points here. . . Since then the Phi Gams on Wednesday bowled their way to the I-M bowling crown over the Betas, Dels and ZBT's to gain 100 points on that score. . . This, if my computations are correct gives the lead back to the Phi Gams by about 14 points. . . But this is without the tennis and golf results figured in and in these two sports the Betas are near the finals and should be able to pick up 50-60 points. That leaves it up to softball! . . . All the Betas have to do to win the I-M Jack Best trophy is to make the finals in the softball sport, provided the DU's don't get too torrid in the sport.

●THERE will be plenty of relays being held in the next two weeks. . . It seems that everyone likes to hold relays and they do it up in big styles. . . On Saturday will be the KU relays at Lawrence which will see the best in the midwest on tap when the starter blows his whistle and raises his gun. . . Glenn Cunningham will be on hand to do the refereeing job for the events, to bring him back to the state where he got his start in the miling game. . . Speaking of milers someone brought up the fact some time ago that several of the great milers in history, Cunningham included, were victims of leg burns in their youth. . . Some doctors have advanced the theory that these men due to the strain on their leg muscles caused by the burns could run better with shortened muscles in long legs.

●PARDON the digression, but back to relays. . . The next weekend will see two big events in the track world. . . On April 24 and 25 will be held the Drake Relays and the Penn Relays. . . There is a lot of competition between the two to try and drag in the better athletes . . . This can be noticed by the type of advanced material each school sends out. . . When we get the Drake advanced dope we read all about how the Drake contest is superior to the Penn extravaganza and vice versa. . . Both relays threw open their gates to the men in the armed forces to allow them to run. . . Back at Penn will be seen Long John Woodruff, middle distance ace, who is in the army. . . The navy represented by the Great Lakes training school will compete at Drake. . . As one writer put it, "Don't crowd those army and navy boys on the turns because just remember they're good marksmen, too."

Bagatelle Bags Close Contest From Wallop

... On Temple Field

Not just practice scrimmages in spring football drills but the real thing were the games played Wednesday and Thursday night at the Temple Theatre between Bagatelle, which has taken two straight victories, and Wallop.

The final score of either game is still not known, but Elmer Glutz, star of the Bagatelle Bad-boys, led his team to an overwhelming victory.

Ruff and Tuff, stars of the Wallop team, were injured seriously after trying to stop Glutz. Both were found in XY-317 protective corsets which, according to corset manufacturer, Maximilian Potts, saved them from fatal injuries.

Bagatelle was trailing badly in the first part of the game until Glutz appeared. Coach Zip O'Hara was jubilant over the playing of his team, but Coach Rasputin of Wallop, reportedly committed suicide after the games. Ruff and Tuff quit the team after the first game, but showed up last night.

The game will be replayed tonight and tomorrow night with Bagatelle the heavy favorite. Odds are two million to one in favor of the Bad-boys whom nobody sees but who Bob Aldrich, author of Pott Shots, the Kosmet Klub spring play, which begins at 8 p. m.

The football game starts at about 9:30 p. m. All seats are reserved and tickets are still available.

Kansas Relays Receive Last Touches; Vault Rates High

... In Spectator Interest

LAWRENCE.—With the receipt of entrance blanks from Wisconsin university, University of Kansas relays officials are putting the final touches on plans for the Twentieth Annual Relays to be held in Memorial stadium, and are now hoping for fair weather to assist some of the most spirited and classy competition in recent years.

Heading the Wisconsin delegation will be Williams, ace pole vaulter, who with Hunt of Nebraska, Defield of Minnesota, not to mention Missouri's Rothwell and Nebraska's Debus are expected to put on one of the finest vaulting shows ever seen in this section of the country. Williams and Defield tied for the K. U. relays championship last year at 13 feet on a blustery day so windy that it kept the great Earl Meadows, former world's record holder here for an exhibition of his specialty, to a vault of a little over 13 feet.

Hunt Looks Good.

Both have been going consistently over 14 feet this year, as has Hunt. Hunt won the Texas relays event with a leap of over 14 feet and Defield was second only to Cornelius Warmerdam in the Milrose games in New York, with a vault of 14 feet even.

Wisconsin's Bierele, ace weight man, is expected to put on a stirring battle with Missouri's giant Elmer Aussieker, and Nebraska's Edsel Wibbles. All three heavies have been tossing the shot out around the 50 foot marker and with a fair day, officials are looking for an approach to the record of Elmer Hackney who established the Kansas Relay's mark of 52' 1 1/2" in 1939.

High Jump Awaited.

Another event which is being anticipated with a great deal of interest is the high jump, featur-

ing Oklahoma A. & M.'s Boydston, winner of the event in 1940 at the Kansas games. He will be back this year to attempt to regain his garlands which were won with a leap of 6 feet 6 inches. Boydston has done 6' 8" this spring. Chief competition is expected to come from Milne of Michigan State. The Kansas relay's record is 6 feet 7 9/16 inches set by Cruter, of Colorado, in 1938.

One of the most interesting duels of the day is expected to be in the sprint medley between Oklahoma's fast stepping quartet, and Indiana's four man combination. The Hoosiers won the event last year and in accomplishing the feat set a new relay's mark of 3:25.2. Two of the members of last year's winning combination, Campbell Kane, and RHeay, are on the team this season.

DO YOU DIG IT?

"LET'S GIVE THESE WOLVES THE FULLER, CROW, AND BENCH THIS ONE WITH A COUPLA PEPSI-COLAS— NO KNIFING ALLOWED."*

*ENGLISH TRANSLATION

Our hero here is trying to get his gal to give this stag line the brush off and sit one out with him, sipping a Pepsi-Cola or two. Don't blame him, either . . . Pepsi-Cola sure tastes nice.

WHAT DO YOU SAY?

Send us some of your hot slang. If we use it you'll be ten bucks richer. If we don't, we'll shoot you a rejection slip to add to your collection. Mail your slang to College Dept., Pepsi-Cola Company, Long Island City, N. Y.

Pepsi-Cola is made only by Pepsi-Cola Co., Long Island City, N. Y. Bottled locally by Authorized Bottlers.

Junior AAU Will Be Held In Davenport

AMES, Ia., April 16.—The Davenport YMCA will be the scene of the junior AAU national wrestling championships May 1-2.

Hugo Otopalik, Iowa State college wrestling coach and vice-chairman of the AAU wrestling committee, said today.

Any amateur wrestler who has not won a national AAU title is eligible for the meet, Otopalik said.

"This is a wonderful opportunity for the midwest, where we have more good wrestlers than any other section," the Cyclone coach explained. "Ordinarily the meet is held in a large metropolitan area in the east or the south which makes it hard for our boys to travel."

Longest biography in Who's Who is that of Nicholas Murray Butler, president of Columbia university—129 lines.
