

# Husker-I.S. Game Is Postponed

## Damp Field Changes Tilt Until Today

First of a series of two games with Iowa State college of Ames was not played due to conditions beyond the control of everyone concerned. (We hope the Japs do not get any information from this.)

No, the coaches of the respective teams ventured out upon the diamond at about 2 o'clock and decided that the infield would be a bit too soggy so the game was not played.

### Weather Is Question.

Weather man permitting the two mentors, Ad Lewandowski and Le Roy Timm, will pit their two nines together in a regulation tilt. The Cyclones hold the Indian sign over the Huskers, having won from them twice before on the home field.

Cap Timm will select either Al Strohhahn or Willard Mylenbusch to take care of the mound duties for the visitors while Ernie Swanson will probably get the call for the Nebraska nine.

The Husker diamond squad is still after its first victory of the 1942 season when they meet the Cyclones and if they do.

## Klum Leads Footballers At Army Base

KEESLER FIELD, Biloxi, Miss.—An "all out" football campaign that will include games with college and university elevens from every part of the country is being planned for Keesler Field next fall, First Lieutenant Arlo M. Klum, post athletics officer, announced today.

Negotiations are under way for a game with a Southwestern conference college eleven, Lieutenant Arlo Klum, head football coach at the huge Air Corps Technical school here, declared.

### Has Made Name.

Keesler Field already has made a name for itself in football circles thru its game last December with the East All-Stars in what was the first appearance of a college all-star team at an Army post since World War I.

Lieutenant Klum, former assistant football coach at the University of Nebraska, said that games also will be scheduled with other Army camp teams. Other members of the coaching staff will be announced later, he said.

### Big Six Gives Foes.

Games with a Big Six team and possibly a member of the Big Ten are being considered, and several tilts with eastern teams are possible.

"Since our game with the All Stars last December, when we played after only a few days' practice, plans have been solidified and prospects for next season are very promising," Lieutenant Klum stated.

"We are working on the premise that athletics—especially football—are the best possible training for the kind of strong, ready soldiers that will make victory certain."

## Road Tilts End I-State Season In Baseball

AMES, Ia., May 11.—Iowa State college closes its Big Six road season when it meets the University of Nebraska baseball team at Lincoln Monday and Tuesday. The Cyclones defeated the Cornhuskers twice at Ames earlier in the season.

LeRoy "Cap" Timm, Iowa State coach, will use Al Strohhahn and Willard Mylenbusch as his pitchers for the series with Captain Bob Scharnberg doing the catching. Ellis Alexander, Bob Hayes, Bob Kline and Russ Scharnberg will handle the infield duties with Mel Shande, Howard Silkman and Bob Dappen in the outfield.

# We Need Every College Man In Officers' Training

★ To Man the Mightiest Air Army in the World ★

### Make Your Choice This Week For Present or Future Officers' Training

IF your blood boils at the very thought of an enslaved world...

If Jap treachery and Nazi savagery make you see red and itch for a gun—calm yourself with the promise that we shall pay them back with compound interest!

We shall—and you as a college man now have the opportunity of serving as a Flying Officer—a Bombardier, Navigator or Pilot—with that branch of service which will do that paying back in person—the U. S. Army Air Forces!

Under the new Army Air Force Reserve Plan—if you are a Senior or wish to leave school—apply now for your Aviation Cadet training.

You and your friends can share together the work and fun of flight training, and after approximately 8 months—earn the right to be flying officers in the U. S. Army Air Forces!

On the other hand, if you are a Freshman, Sophomore or Junior—you can, if you like, continue your studies under the Deferred Service Plan of the Army Air Forces—and become better prepared for Officers' Training later.

### New Simplified Requirements

To qualify you must be 18 to 26 (inclusive), physically fit—and pass a new, simplified mental test which college men find easy.

When you are ready—and facilities are ready—you begin as an

### THREE ENLISTMENT PLANS FOR COLLEGE MEN

#### Juniors—Sophomores—Freshmen May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standing.

#### All College Men May Enlist for Immediate Service

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R. O. T. C. plans.)

Aviation Cadet at \$75 a month, with expenses paid.

If you have majored in science or engineering you can try for a commission in the ground crew—in Armament, Communications, Engineering, Meteorology, Photography.

As a Second Lieutenant on active duty, your pay ranges from \$183 to \$245 a month.

### 80% Have Won Commissions

Due to thorough training—about four out of every five Aviation Cadets this past year received Second Lieutenants' commissions—of which 67% are now flying officers.

The tremendous expansion of the Air Forces should assure rapid advancement in all branches. And after the war—you'll be ready for the ever-growing opportunities in aviation.

### Settle Your Service Now

The years ahead are war years—and every college man should make his plans accordingly.

To make America supreme in the air we need every college man who can qualify for active or deferred service.

So take advantage now of this option. You may never again have such opportunities.

See your Faculty Air Force Advisor for information and help with details. Join the thousands of America's college men who are enlisting this week!

NOTE: If you are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today.
