

## Summer Sleuthing

By  
Janet Haggart

### Navy Bound.

is Union Director Bill Marsh, who left this week to enter the navy program at Notre Dame, but his Beta pin stayed behind in the safekeeping of Maribel Hitchcock. Yes, the little romance that was a breakup-makeup affair this winter has finally reached the pin stage.

And this means they are contemplating married life. A handsome host, a lovely hostess, and exquisite silver are the musts for a successful table array. The King Edward pattern displayed exclusively at Gardner's, 1220 "O," is disturbing in its loveliness. It is ornamented with rich, swirling scrolls, richly suggestive of the English Renaissance period. Well proportioned in all its contours, the King Richard pattern is one which would be a fine addition to any home. Other patterns, such as the King Christian, are equally lovely and are displayed at Gardner's. The sterling is priced to fit every purse.

### Big Deal.

this week end is the celebration get-together of Pi Phi's Betty Heinie and Mary Huffman, who are coming down from Fremont and Falls City to see Ronny Metz and Sam Bud Swartz, who will be here from Omaha. This foursome will be joined by Gamma Phi Helen Kiesselbach and Phi Delt "Hank" Green, and "May Jay" Schmere Pi Phi with Sigma Chi Bob Black. They plan to go out to dinner, then to the latest University Players' play, "Outward Bound," and from there to Woody Herman. Sunday Betty, Ronny, Mary and Bud are driving up to Fremont to help Betty celebrate her birthday. Great week end, what ho!

### A Diamond.

sparkles on the third finger left hand of Lew Esther Henderson, AOPI, who received it recently from Hugh Renard, formerly of UN but now working at the air base.

### Pinned

are Marilyn Johnson, AOPI, and Don Wenzlaff, a Sinfonia pin, at that. Speaking of pins, the news of the recent pinning of Alpha Phi Lois Christie and Alpha Sig Bob Hyde comes as a surprise, to climax the mad corresponding that has been going on between these two. Wedding plans are for next February.

### Delta Gamma

Jean Gruenig was down from Omaha last week end to see DU Jerry White, who is spending his summer working at the bomber plant near Mead.

### Definitely Off

is the little steady deal between Anne Hastings, Theta, and Mark Hargreaves, ATO. Also the short time steady deal between Alpha

Phi Ruth Westover and Stan Wentz is on the rocks. Staying at Beta House

this summer is Bill Weingarten from Omaha, who plans to be in school this fall. Anyway, he is seen about town these days with Marsha Woodruff, little sister of Sue.

### Having Fun

in Omaha last week end were Theta Marge Jones and Beta Tom Woods; Kappa Eloise Rogers and Dick Agee, Beta; Barbara Scribner of Mills college and Beta Lowe Folsom; Theta Shirley Woods and Milton Peterson of the University of Pennsylvania; and Mary Ann Donnahue of Northwestern and Beta Dick Peters. Big event of the week end was the dinner-dance given at the Omaha Country club by Milton Peterson.

### Formerly of UN.

Eunice "Ken" Kensinger was down this week from University hospital, where she is studying to be a nurse, about Lincoln with Sigma Nu Don Albin. Jane Cummins Jones, who also used to be about this campus and the Alpha Phi hut, is here visiting from California. Her husband, John Jones, former Sigma Chi here, is in the army now.

### Beta

Homer Sheridan spent a very memorable Fourth, fifth and sixth of July in Omaha with Peggy Miles of Lincoln, who plans to be on this campus this fall.

### Alec Ann Arthaud

Pi Phi, will march down the isle this Friday to be married to Cliff Randol of St. Louis, who is a former Sigma Chi of Washington university. He is now in the army air corps and they plan to live in California.

### Going Steady

are Jean Porter and Jack Spittler, Delt, after one of those whirlwind affairs starting this spring. They plan to celebrate this Saturday at the Turnpike. Also out at Woody Herman will be Maxine Lynn and Sam Bale, who is working at the air base now.

### Another diamond

is in the possession of Alice Mae Booth, who received it only recently from Robert Gingerly, a grad of this spring.

### The Ak-Sar-Ben

ball for 1942 is cancelled. George Brandeis, chairman of the ball committee, said that the Ak-Sar-Ben coronation ball will not be held this year. Woe is me.

### Also at The Pike.

This week end will be Theta Betty Jo Byllesby with A. D. Ott, who is a Phys Ed instructor out at the Air Base. And Shirley Russell—again with Beta Lee Taylor. This seems to be a couple that are about much lately. "Ditts" Jordan, of the Theta domicile will be there with a tall dark secret who is coming way from Chicago to see her for the week end. All we can learn is that he goes to Northwestern.

### At Cole Bros. Circus.

Last Monday night were Mary Ellen Berger and Bob Hill, and Chi O Ellen Nares with Russell Brehm, Sig Chi.

### ATO

Dick Hunter was dancing at King's last week end with Jean Johnson. Also helping to make the party a merry one were Alpha Chis Wilma Schacht and "Aggie" Fox with ATO's Carl Petty and Bill Harse.

### Wearing Wings.

Is Joy Farrens who has those of Ed Feer of the Army Air Corps, who left for Santa Anna, Calif., July 3.

### Pi Phi

Sayre Webster is really planning a summer of hitting the old books. Just as soon as the short

## Women Register For Lincolnettes

A limited number of university women will still be admitted to Division 1 of the Lincolnettes, local organization for entertaining service men, it was announced yesterday. ## Plans . . .

for the quadrangle are the auditorium, to go immediately north of social sciences; a drama, music and art building to occupy the site of the tennis courts and a big classroom building to adjoin 14th street at the east end of the present quadrangle.

Already drawn, the plans for the auditorium and music, drama and arts buildings are placed next on the list of buildings to be built.

Only new buildings to be located on sites outside the main campus area are low-cost cooperative men's dormitories to go on land already owned by the state on U street southeast of the old Bancroft school building and a women's gymnasium to occupy the northeast corner of the intersection of 14th and vine, a site also owned by the state.

### Will Be Near Coliseum.

The proposed new armory is projected immediately east of the coliseum, and a training school for teachers college is assigned a site immediately south of the teachers college building, and a large engineering building is planned for a site embracing the locations of the former museum and Nebraska hall.

In commenting on the new plan, Professor Smith offered the following:

"Logically, the campus divides itself into four use areas. The old campus, of accidental but charming arrangement, becomes the scientific area. The new campus, with buildings grouped about the library, contains the largest class groups, consolidates the liberal arts studies. The coliseum and stadium area furnish ample physical education space, while the campus east of 14th street is becoming the residential center.

### New Library Center.

"The Don L. Love Memorial Library becomes the dominant architectural and intellectual feature of the new campus, while giving to 13th street a splendid terminal feature. The other structures of this area are so reasonably related to the library that the objects of university life are more nearly realized. When the landscaping, trees, shrubs frame these buildings and lead the eye along new and restricted vistas, we hope to achieve a cool, quiet and peaceful atmosphere." Students making the big wash drawing of the campus plan were all studying architecture and include Mary Rokahr, David Wink, Millard Carlson and William Edwards.

session of NU summer school is over Sayre is off to Boulder for a quarter of summer school there. Oh; for such ambition.
