

Schedule Tryouts For Debate Squad

... Next Tuesday

Varsity and freshman debate programs, a radio debate contest and tryouts for the squad were announced in an open debate meeting last night.

The tryouts, next Tuesday, will consist of a series of seven minute speeches alternating the negative and affirmative sides, and containing both constructive material and refutation. The first speaker will deliver a five minute constructive speech, followed with a seven minute speech by the second speaker.

Contestants Draw.

The contestants drew for sides and order of speaking at the meeting, and all students interested in debate who were unable to attend the meeting are asked to see Dr. Leroy T. Laase, head of the speech department, before next Tuesday to draw.

The speakers will be judged by staff members and at least eight men and four women will be chosen for the squad. The maximum number of squad members to be chosen is undecided and, according to Dr. Laase, will de-

Freshmen Vie for Cup.

A freshman program of debate will include the usual Long Cup contest and intra-mural debate. Two new features have been added to the freshman activities this year: radio debating over local stations, and demonstration debating on the high school question at various high schools.

The university debate question for the year is: Resolved, that the United States should establish a permanent federal union with power to tax and regulate international commerce, to maintain a police force, to settle international disputes and to enforce such settlements, and to provide for the admission of other nations which accept the principals of the Union.

Sponsor Radio Debate.

A national inter-collegiate radio debate contest sponsored by the American economic foundation will attract undergraduate students from leading universities all over the country this year.

Juke Dance Scheduled October 24

With lightning response to student desires as expressed in an open letter to the Daily yesterday, the Union will sponsor a "Juke box" dance this Saturday night, Oct. 24, in the ballroom from 10 until 12 p. m.

Free of admission, all dancers need is a nickel to play the nickel-odion or a friend to do it for him. If this initial juke box dance proves successful, the Union will sponsor other such dances each weekend.

The letter written by Ward Brunson asking why the Union couldn't sponsor this timely solution to dating problems stated that downtown shows were "practically impossible to get into on Saturday nights" and that even if one could find a seat, the present prices are exorbitant. It was suggested that a juke box dance would be a solution to this entertainment problem.

Immediately taken up by Union officials, arrangements were made to test the idea, and it now remains to the students whether or not this innovation will be supported.

teen best negative outlines will be picked. The thirty-six contestants will hold debates from which the four best speakers will be chosen to give a final radio broadcast over the program, "Wake Up America" in New York, with all expenses for the trip paid.

First prize for the best speaker is \$1,000, second is \$500, third is \$250, fourth \$25, and eight prizes of \$50 each and eight prizes of \$25 each. There are no eligibility requirements for this contest and anyone may submit an outline whether they are debating on the team or not.

Before you call Long Distance, please ask yourself:

1. Is it really necessary?
2. Will it interfere with war calls?

TELEPHONE lines—especially Long Distance circuits—are crowded as never before, these war days. Materials to build new lines—copper, rubber, nickel—are needed for the shooting war. So we must get the most out of present facilities.

You can help us keep the wires clear for vital war calls if you will do these two things: (1) Don't call Long Distance unless it's urgent; (2) Call by number if possible and please be brief. Thank you!
