Practical jokes may come and go, but the ATO's and Fijis go on forever. Having the reputation for never missing a chance to embarrass any unsuspecting person, they kept their average intact Wednesday morning.

After the parade, the aforementioned group, noticing a two-by-four Crosley automobile, resplendent in yellow paint, sitting quietly in front of the Union, undertook practical joke No. 1735.

Arithmetical Progression.

Innocently gathering around this 34 passenger omnibus, they picked it up and carried it into the Union where they proceeded to drive it to the grill. Here they found the toll gate down, so they drove carefully, with proper signals and care of pedestrians, into the lounge and up in front of the radio.

At this very moment, the irate owner of the Crosley automobile had discovered, with old NU.

the use of a microscope, that his car had flown the parking. A bone-chilling scream startled a cop away from his mid-morning coffee at the drug store and the heat was on.

On the Scent.

With noses to the ground, the cops headed down 14th street and the owner disappeared into the Union. The pursuit was drawing closer; the noose was tightening around the necks of the ATO's and Fijis. The cop was mentally recalling the beatings he had suffered from "dem bums," and was thinking of retaliation along torture chamber lines when he opened the Union door.

There he beheld the once irate owner, with proper finesse and dignity, drive up to the door, earry his car down the steps and drive

Students May Motor Home For Holidays

Maybe university students will get to drive home for Thanksgiving vacation after all, for it was revealed yesterday that the office of price administration is considering the postponement of nationwide gasoline rationing from Nov. 22 until some time in the early part of December.

Delay in the distribution of forms and books may necessitate the postponement, and meanwhile registration for gas ration books has been delayed until Nov. 18 to 20. This marks the third delay in national rationing, since the original registration period was set for Nov. 9 toll,
