

This
Christmas . . .

SEND A LITTLE REMEMBRANCE TO MR. HITLER

And buy an extra one to send to Hitler's brother rats, Tojo and Mussolini.

When you give war bonds or stamps at Christmas you give your folks or your friends the finest gift you can buy . . . a part of America's drive to wipe those rats Hitler, Tojo and Mussolini. And when victory comes they can use those stamps and bonds to buy those things we enjoy in free America.

Many of you will have an active part in this war for freedom. Many of you must be content to stay at home and do everything possible to aid the war effort. But whether you are going to war or staying at home you will be wise to put at least 10% of your money into war savings.

When smoke clouds of defeat roll up from Berlin and Tokyo, fortunate will be the young men and women who have a substantial savings in war stamps and bonds. There will be that extra education you'll want . . . that wedding the war has postponed . . . that start in the business or professional world. You'll be doubly thankful of every dollar you've set aside . . . the ships you helped build . . . the planes you helped put together . . . through your purchase of war bonds!

The big question is how often will you buy. It can't just be one or two at Christmas! A regular plan of purchase is what you need. Save on your spending money and put as much as you can into war bonds . . . and do it regularly.

And the sooner you start the sooner we'll put an end to those boys, Hitler, Tojo and Mussolini. And the sooner we'll all be back home again. It's really not so hard. All it needs is a little making up of the mind, to do it now. Because actually your not giving a thing. You're lending the money—putting it away for yourself at interest.

Ten years from now you'll get back \$4 for every \$3 you put into War Bonds today. \$75 now will bring you \$100 then.

So start putting it aside today! At least 10%, if you can, and do it regularly! It's worth it!

BUY WAR BONDS

at least 10% every pay day
