BY MARY LOUISE GOODWIN.

As we recline here in our padded swivel-chair, we can think of but two things, to wit: 1. Dates for the week-end. 2. Those gosh-awful finals. We'll drop the latter though with the garbage man for the moment and concentrate for the moment on the where, what, and who happenings of the week-end. Seems that the old semester is being let out and not with a bang—not even as much as one party to break up the monotony of the three days before death knell of exam week sounds.

The general trend seems to be to the Pike and then home to the books for a solid week of book worming. . . . Doing the former will be Bat Beedle, Chi O and ATO Bob Garrison; Chi O Dorothy Black and Gordon Jenkins. . . . by the way it looks as if she has finally gotten around to that standing Friday night date with him.

**Cub Bear Steps Out.**

Fiji footballer Ki Eisenhart and Helen Johnson will also be doing their dancing out that way along with Buck Meyers and Janet Krause.

It's beginning to look like the Toren brothers like the Alpha Phi house or any way the girls that live over there. Paul has been going steady with one of the sisters for some time now and Dick and Lorraine Rabi are considering seriously taking the same step.

**A Losing Game.**

We've heard of a lot of strange and queer things happening around here but the race to lose weight between Sig Chi Bob McNutt and Alpha Chi Mary Mason is something different again. They're both on a very strict diet (imagine McNutt eating nothing but lettuce and bananas and milk). The score at present stands Mason—six pounds lost and McNutt—just the same.

Clair Dyas came across with cigars for the SAME's last night at their dinner in the Union. He married an out-state girl last Saturday.

Georgianne Manifold is one little girl that has been having more than her share of coke dates of late and never with the same fellow. She walks out with Johnny Jones, Phi Delt and comes back in fifteen minutes later with Tau Ray Calkins. Maybe she works them in shifts like Kaiser.

**Tsk, Tsk—Sig Chi's.**

What's this we hear about the Sigma Chis having an Errol Flynn complex. . . . couldn't be because of their newly elected Sweetheart Lana Turner could it?

Congratulations to Jack Grainger, newly initiated Sigma Chi.

Well I guess that this will be my exit line. It's been fun writing all of this stuff and I hope that some of you have at least read it. Bye now!

will have completed their military courses at the end of this semester, and will be leaving to receive further training or go directly into the armed services as commissioned officers.

There will again be no charge of admission for those attending. A free dutch lunch will be served at 7:30 in the evening. Cadet Col. Arnold advised that all advanced course cadets attending be prepared to receive a big meal. Col. J. P. Murphy, PMS&T, expressed the desire that all advanced course students try to find time off from

their finals to participate in the evening's activities.

Attendance will be in uniform, as is the custom of all military functions. The last meeting was attended by nearly all of the cadets, who pronounced it very successful.
