Party Tine

BY SADIE HAWKINS

No news is good news or how to play havoc with a so-called writer, and no cracks. After a most uninteresting and uneventful week there is not one item worth printing.

We did find out that all of three people had dates last nite, but then think of how many lost souls, and there are a lot of those float-ing around, would feel bad if they were shocked into the realization that dating did go on; so we'll give

up the noble attempt.
Understand that Chico Marx was unable to make his Lincoln engagement Friday nite. Minnesota, no doubt.

We Looked It Up.

Did you know that if we took every twenty-sixth person in the student directory and team them up it would come out vaguely like this: Johnny Safford and Jeannie Guenzel, Bill Shaumberg and Nina Scott, Hugh Atkinson and Paula

Lee Jones on a picnic Friday. We hear the Corn Cob initiation was dead. At least they all looked dead the next day.

Three minutes of silence for the officers who went to Omaha Friday and were told to come back for a meeting Saturday. Then no meeting. Now five minutes of silence for all the good women they had lined up. And a good time was to be had by all.

The Attraction, George?

Wonder what attraction besides our track team Kansas City holds. About ten boys decided Friday to go down, and they can't be that interested in track. Maybe Stevens college is starting a track team. We'll have to ask George Abbott when he gets back.

Aw shut up, there'll be another one along in a minute.
