

Party Line

By Ye Olde Editor.

Why is it when no one else feels like writing a society column they always pick on us?

Everyone is sending off their ERC men in great style this week end. . . . Out on the green grass plains of the DU domicile the Navy and Marine reservists sent next week's privates off with a Saturday buffet dinner followed by an afternoon of dancing. House partying also were the Kappa Sigs and the Sig Alphas and in customary manner. . . . And then there's always the Fiji-Tau tussle cut down a little this year because of the weather, then too, it is doubtful if they could find a pig to grease. . . . The Betas celebrated with their annual Crud party which was in the usual happy mood we hear.

Congrats and Flowers.

Congratulations to all the new initiates down sorority row. . . . It seems strange to see so few pledges doing the town Friday night. Friday night brings up Spivak who brings up a crowd. . . . Yes indeed. . . . Getting their full share of the square inch per couple dancing space were Chi O Phyllis Holbrook and Theta Marge Kenner with Sig Nus Don Engdahl and Don Anawalt. One thing we learned was that if you know how to jitterbug you can get enough space to dance in. . . . People will give it to you in self defense.

We heard but we can't say for sure that FH Dale Wolf is giving his pin to Doris Marshall to take back to Minnesota with her. Doris came down for the Farm House sweetheart party Saturday night. Celebrating also last night were

Prepare Special Reading Table On War Plans

The War Service library, in room 310 of UN library, has recently prepared a special reading table for information on the post war problem. The material has been collected from numerous sources and covers the post war problem from a worldwide point of view, as well as supplying information about problems concerning only the United States.

Material on the international aspect is contained "Research Post War Planning," a series published by the Inter-allied information center. Post war problems of United States such as better cities, housing programs, depressions, employment, and transportation are discussed in a series of pamphlets published by the National Resources planning board.

There are also copies of bills concerning the post war situation that have been brought before the house of representatives. The material that has been received from the office of war information is also included in the collection.

the Towne Club girls with a dinner dance at the Union. On hand for the fun was Helen Hill and Stan Oglesby, Lucena Churchill and Sig Ep pinmate Don Goe, Penny Henderson and Bob Danielson, and Mary Kay Elce and Truman Streeter.

Phog and Lew, alias two acers of this campus, well versed in the literary, plus shades of verbosity, have graciously consented to add their bit of wit to the Rag for the day.

Warner (Atlas Junior) Stevens, ATO, returned. Veni, vidi, vici. Finding his former play-gal occupied for the weekend, Stevie resorted to a "chance" date, resulting in a very enjoyable tete-a-tete.

Orchi to all the babies newly initiated—Thetas, DGs, Alpha Phils, Kappas—we loooooove you!

Victory Contest Replace Old Intramural Debates

. . . Dr. Lasse in Charge

A new intramural victory speaking contest to replace the former debate tournament has been announced for all organized houses on the campus, to be held the weeks April 5 to 9 and 12 to 17.

Substitution for the annual intramural debate tourney is being made in part because of the call of so many men to the armed forces and partly because the Seventh civilian defense area office has requested that something be done to prepare a unit of victory speakers for war drives both on the campus and the community. Unanimously indorsed by the eighteen members of the Intercollegiate debate squad and local chapter of Delta Sigma Rho, honorary debate fraternity, which heretofore have jointly sponsored the intramural debate tournament.

War Council Approves.

The organization of the local unit of victory speakers has the approval of the student war council, who will cooperate in the organization and administration of

the local unit. The local intramural contests will be administered by Dr. R. T. Lasse, director of university debaters, who along with Dr. Patterson of the extension division and county chairman Robert V. Pett constitute the county victory bureau committee.

Purpose of the victory speakers is to prepare a group of capable speakers who are willing and capable of making three, five, or ten minute speeches when requested by the war groups on the campus and community in the interest of promoting morale and drives for the war effort.

Plan Permanent Group.

Further plans for organizing the local unit will be announced in a later issue of the Daily. It is hoped that each organized house on the campus will contribute at least two speakers for this unit. The intramural victory speaking contest is being promoted to give these speakers preparation and experience as well as an opportunity to bring credit to their respective houses.

Copies of rules and regulations governing the contest are being mailed to all organizations, both to men and women affiliated and unaffiliated. Entries must be in the speech office of the Temple building by Thursday, March 25.

Tests . . .

(Continued from Page 1.)

limit as being 17 and not having reached the 20th birthday July 1, 1943, while the army places the age limit at 17 to 22 years of age at the same date.

All students who are interested in taking these tests must fill out an admission and identification certificate. These certificates are now available at the junior division offices and should be called for as soon as possible by all students who expect to take the tests. Those who take the qualifying tests do not thereby obligate themselves in any way, nor will their status with their local draft boards be affected in any way.

Induct Advance ROTC Students At Purdue Uni

Approximately fifty advanced military students at Purdue University were inducted into the enlisted reserves last Tuesday. The advanced R.O.T.C. men who were already in the enlisted reserve will be inducted into the army tomorrow, according to the Purdue Exponent, student publication of Purdue University.

After three or four days required for processing and issuing of uniforms, the men will be returned to the campus to continue their regular course. The cadets will be classified as privates, will receive privates pay, and the uniform will be the regulation dress.

Army Governs Men.

Army regulations will govern the men during the rest of the semester. Morning roll call and three hours of study period each night are included in the men's daily routine. Leaves will be granted over the weekend, but passes will also be needed for this in order to meet army regulations. Regular classes will be attended, although absence from class without an excuse will be the same as AWOL.

I. A. O'Shaughnessy, St. Paul oil company executive, recently gave Notre Dame university \$100,000 to stimulate fine arts training.

BEN SIMON & SONS
