

'See Here, Private Sprague!'

By Elmer Sprague.

Beginning with today's issue, and running as often hereafter as letters are received, the Daily will carry a column on army life as seen through the eyes of Private Elmer Sprague, Daily columnist inducted into the army two weeks ago with the enlisted reserve corps.

While Private Sprague has never expressed the hope to emulate the "See Here, Private Hargrove" articles appearing daily in many city papers, Nebraskan editors believe Sprague's periodical contributions will present to readers an interesting sidelight on army life.

Fort Leavenworth, Kas.
April 8, 1943.
Dear People:

Wherever there is a Nebraska man reading a "Daily" there is a part of the Nebraska campus. This morning I watched Privates George Townsend, Dick Svoboda, Tad Ward, Tom Wohlford, Les Shellhase, Wayne Stranathan and Jerry Toy read the same old Nebraskans that George's sister sent him.

Hold 12-week Summer School for Engineers

The university college of engineering announced Saturday the listing of courses to be offered in a full 12 week summer session beginning June 1.

The college of engineering will be in session two weeks longer than will other departments of the university offering summer courses. The 12 week schedule was agreed upon when engineering students were enlisted as army

and navy reservists and were deferred from active service with the stipulation they remain in school through the summer.

Courses in All Fields.

The courses to be offered this summer will provide programs for students in chemical, architectural, and agricultural engineering as well as those in the mechanical, electrical and civil engineering fields.

The following engineering courses are to be offered:

Civ. Eng. 1—Elementary Surveying	2 credits
9—Surveying	2 "
10—Plane Table Topog	3 "
103—Adv. Sur Pract...	3 "
219—Hydraulics	3 "
221—Hydraulics	4 "
245—Theory of Struct.	4 "
247—Structral Design..	3 "

Three Students Win Scholarships

Dorm Has No New Scarlet Fever Cases ... May Lift Quarantine

"No new cases of scarlet fever have been developed among residents of the women's dormitory since the last announcement," stated Dr. R. A. Lyman, director of student health, yesterday afternoon.

Whether or not the women would be released today from quarantine depends on city health officials who took charge of the epidemic last Wednesday. At that

time they stated that all girls who showed no signs of contracting the disease would be allowed to leave the halls.

A total of 73 cases of scarlet fever has been announced since the epidemic started a week ago and the quarantine was put into effect. Three new cases of measles have developed within the last two days, but no total of women afflicted with measles could be obtained.

Sill, Sallach, Newman Receive Miller Award

Richard Clement Sill, Henry James Sallach and W. R. Elton Newman were announced today as winners of the Donald W. Miller scholarships at the university for the school year of 1943-44.

The scholarships, worth \$750 each, are the largest grants of this kind given at the university and are granted primarily on the basis of high scholarship.

Newman, who spent 11 years farming before he decided to continue his education, entered the college of medicine in March with the unusual record of having completed his pre-medical requirements while at the same time working for a bachelor of science degree in agriculture.

medical education when he came to Lincoln in 1938. His outstanding record as an agricultural student enabled him to earn \$800 in scholarships to help meet undergraduate epenses.

Sallach is another farm boy who started in the college of agriculture, developed an interest in chemistry and transferred to arts and sciences to work toward a doctor's degree in that field. He is now in his junior year. He came to the university on a regents' scholarship and was on the honor roll in his freshman and sophomore years. He has earned from 85 to 90 percent of his college expenses.

Sill, whose interests are in the field of physics, mathematics and astrophysics, is a junior in arts and sciences. He has a hobby of building model battleships and fighting naval battles with them "in the manner of Fletcher Pratt." He lives with his mother in Lincoln and has earned 80 to 85 percent of his college expenses. He has been an honor roll student and has worked as an assistant in the mathematics and physics departments.

All Honor Students.

He would have confined his graduate study to pre-medical work, he explains, but he was uncertain of his ability to finance a

Name Bert Reed Chairman Of 1943 Alumni Round-up

... May 22-24

Bert L. Reed, president of the Lincoln Alumni club, has been appointed chairman for the 1943 alumni round-up May 22-24 by Harold M. Holmquist, president of University of Nebraska Alumni association.

Other appointees on the round-

The Lincoln club again will sponsor the major feature of the round-up, the alumni-faculty reunion luncheon, May 22, at which distinguished service awards will be announced. An annual report is made by the president, and a prominent speaker is usually obtained. Due to the fact that the aircrew unit has practically taken over the west wing of the Union, it may be impossible to hold the reunion luncheon in the ballroom.

Smaller Program.

The national executive committee has decided to reduce the pro-

Former Student Takes High Score In Army Test

Word has been received that Pvt. Charles D. Mastin of Seward, Neb., former student at the University of Nebraska, has scored 160 in his army general classification test taken at Fort Leavenworth, Kas., recently. The highest possible score is 161.

Private Mastin graduated with honors from Seward high school in 1941. Winner of a regent's scholarship, he entered the college of arts and science at the University of Nebraska in 1941 and was an honor student during his freshman year.

Private Mastin was enrolled in the ROTC during his freshman year at the university and was also a member of the ROTC band.

up committee are Mrs. Joe W. Seacrest, vice president of the Lincoln Alumni club; Miss Patricia Lahr, secretary; Clarence Hinds, treasurer; T. B. Strain, past president; and Charles T. Stuart, John H. Ages, Dr. W. H. Morton, members of the executive committee.

Coeds Register For War Activity In Union Lobby

War Council has sent post cards to girls not registered for some war activity. From Monday through Friday, registration for these girls will be held in the Union lobby.

Teachers Group Hears Shumate On Legislature

At the Saturday morning session of the Nebraska State Teachers' association convention, Prof. Ralph Shumate of the political science department talked on the Nebraska legislature, explaining the workings of the unicameral and the problems that have come to the legislature in the last few years since public assistance and power problems became a part of its program.

Officers were elected at the luncheon by the association including Miss Elizabeth Kiewit, president, Dr. Lyle Mantor vice president, and Mrs. Ruth Dodge, secretary-treasurer.

Following the luncheon and concluding the two-day session of the convention, Dr. Roland C. Usher of Washington university and representing the national speakers bureau of the co-ordinator of Inter-American affairs, finished a series concerning relations of South America with the United States and other countries.

Scheduled originally for sessions at the Union, the association was thrown into confusion when late orders, originating from the university order forbidding gatherings on the campus this week end, prevented meeting at the university. With the exception of the Friday afternoon address by Dr. Usher sessions have been held at the Cornhusker.

The late Donald Walters Miller, in whose honor the scholarship trust was set up, was a prominent Lincoln business man.

Daily Editors, Reporters Meet Tomorrow at 3

There will be a meeting of all staff members, reporters and special editors of the Daily Nebraskan, tomorrow at 3 p. m., in the Nebraskan office, according to Alan J. Jacobs, editor. Any student who wishes to work on the Daily should attend the meeting.

Faculty Group Endorses Ball Post-war Plan

A University of Nebraska faculty group organized as the university council on post-war reconstruction voted its endorsement of the so-called Ball resolution post-war planning in the United States senate at a meeting Friday evening.

A report of the group's action will be sent to members of the Nebraska congressional delegation.

U. S. to Take Lead.

The Ball resolution provides that the United States take the lead in calling meetings of representatives of the United Nations for the purpose of forming an organization "with specific and limited authority."

The University post-war council is headed by Dr. J. E. Le-Rossignol, dean emeritus of the college of business administration.

For Hearst Trophy ... University Rifle Teams Place High in Competition

For the fourth time in the history of the ROTC, one or more of the university rifle teams has placed in the upper three in the annual competition between the ROTC units in the Seventh service command for the William Randolph Hearst trophy award. The match is sponsored by Hearst newspapers.

In the recent matches held from Feb. 15 to March 15, the UN No. 1 team placed second with a score of 929. Kansas State college No. 1 team won first place with a score of 934. Third place was taken by the No. 1 team of the University of Minnesota which scored 924.

Use Five Man Teams

This match is open to teams of five men from ROTC units throughout the United States and is conducted as a separate contest within each of the nine service commands. The course of fire is five shots in each of the four positions with a possible total score of 1000. The University of Nebraska ROTC unit has for a

number of years entered four five-man teams in this match.

The following table shows the results of the matches in which the university teams placed in the upper three:

Year	Team No.	7th SC
1929	U of N No. 1	3rd
1940	U of N No. 1	2nd
1942	U of N No. 1	1st
1942	U of N No. 2	3rd
1943	U of N No. 1	2nd

The personnel of the 1943 team and their individual scores are as follows:

James H. Stuart	Scored 192
Norman R. Zabel	Scored 191
Warren Koenig	Scored 178
Roger D. Anderson	Scored 192
Oscar B. Powell	Scored 182

High individual score was fired by David Totten of Kansas State with 193/200 and second place in the match was tied for by Stuart and Anderson of Nebraska with 192/200. Award of second place goes to Stuart because under the rules of the National Rifle association the man with the highest standing score shall be declared the winner.
