Dig For Victory!*

Come on, Coeds! Plan now to grow Vitamins for Victory! Because whether you have inches or acres, Uncle Sam wants you to plant a Victory garden to help combat food rationing—to help him release more food for our fighting forces. Right in step with Uncle Sam—we've the sturdy, comfortable gardening clothes you'll need—all at down to earth low prices!

Because they're tops for comfort and allow lots of action, you'll want denim. Dig—plant—pull—you'll sing a song of a happy Victory gardener in sturdy faded blue denim. Favorites with pretty farmerettes, are these separate denim pinafores, skirts, slacks, jackets, coveralls and jumperalls. They're perfect for gardening and nice for picnic wear, too!
