

# C Co. Trounces Co. A In League Game; 46 to 21

After getting off to a slow start, C company turned on the heat in the second half to trounce Company A 46 to 21 in a league contest last night. The Smith men held a 16 to 9 lead at half-time, but opened up in the second stanza to outscore the Advanced Engineers 30 to 12.

Miller broke the ice to put "A" out in front 2-0. The teams saw-saw back and forth, with the Engineers gaining a 5-4 lead after 5 minutes. That was the last time they were ahead, as C Company scored 8 straight points, and, led by Milt Dobrer and George Bosma, built up a comfortable 16-9 halftime margin.

### Dobrer, Bosma Lead Scoring.

The winners got the jump in the second half to run the score to 23-9 before A company scored. Big George Bosma dropped in 11 points, mostly on tap-ins, while reliable Milt Dobrer came through with 11 counters also. For the losers, Olivers sparked the offense, tossing in 10 of his teams 21 points. Al Burstein, husky "C" guard played a steady floor game, and contributed 8 points to

the Blue total. The rest of the scoring on both teams was fairly well split up.

The victory over the cellar-dwelling A company put the "C" men in a tie with the Field House for the second place slot in the

league standings. It also ran the teams total in three games to 122 points, or a 41 point per game average.

The game was fast throughout, though a bit sloppy, especially in the opening minutes. Both teams were slowing up their own offenses by bunching up in the middle. Burstein and Lind worked well under the backboards—clearing the ball out to the sides well.

## Fifty Trainees Donate Blood For UN Drive

Students in uniform seem to have taken the initiative in the recently announced University Blood Donor Drive. Fifty AST trainees from the Field House have volunteered to give blood, according to Mary Louise Goodwin, chairman of the UN blood drive.

The first five donors will contribute their pint of plasma this morning at 8 at St. Elizabeth's hospital. Five more soldiers are scheduled for Saturday at 8 a. m. The other 40 men cannot be accommodated as yet because they have classes conflicting with the hospital's blood donation hours, but arrangements are being made to take care of them.

At present the hospital is available for blood donations from soldiers at 8 a. m. Wednesdays thru Saturdays. Blood donors are reminded that it is essential that they do not eat breakfast before going to the hospital.

GIs wishing to give blood may get in touch with Mary Louise Goodwin through their company commanders.
