

# New Styles Mark Year Of Activity

As exam week brings the galls and the pigtails, a review of the year's fashions seems appropriate... the styles have switched to extremes and back again... the classics remain and the unusuals invade... starting with the season of mellow fruitfulness, we remember...

### So They Pledged.

Rush week (we'd love to forget it) when the rushees wore black crepe draped varieties featuring low necklines... Theta Mary Lancaster's had pink fluff around the top... Kappa Lorraine "Elch" Beck-fnhaur chose brown and went for the blue and blue... at that dawn daze breakfast everyone chose suits and sweaters and skirts... mustn't neglect mentioning the rosy eyes and Ipana propaganda modeled by the actives of prospective houses...

In October the football games drew collegiate attention and so did the coeds... for instance, Tri Delt June Griffin in her realms of self-made sweaters causing envy and notice... Then, there's always the day the rains came... no one paid much attention; rain-coats of all colors and varieties helped and so did Rags and newspapers worn on the head... was probably the most unique game of the season...

### AST and Queen Enter.

The Homecoming dance offered opportunities for sophisticated dresses and the best looking of all was Peggy Larson in black... her "pep" glowed and made her queen... That was the beginning of the year when people were just gawking at the AST's...

The Coed Counselor dinner came along with its style show and picnic on the Union ballroom floor... all very informal, especially Mary Jo Gish, DG, who modeled an ancient gym suit for laughs... then in several weeks, THANKSGIVING!! We were only given one day's parole, but most everyone went home for fowl weather and fun... dresses with nail heads scattered hither and yon came into being and fur coats were keeping girls warm... Jeanie Guenzel being a "key" note in leopard and Miriam Coombs, a Sigma Kappa in soft muskrat...

### Man's Dream Comes True.

The Mortar Board Party was Christmasy with the huge tree and Santa Claus... that was when the Christmas Stocking girls walked across the coliseum stage... Alpha Phi Margie Reese would be a welcome sight any morning in her pink crepe with ruffles of the same... AOPi Margaret Hagen looking more beautiful than ever, and Alpha Chi Betty Ed Strain, a baby dream...

Then, Christmas vacation, two weeks of it... unusually bright colors dominated the holidays and fur hats were having their day... one combination was KKG Marsha Craft in a blond wolf hip-length chubby with a black felt pill box trimmed in the same...

The next historical (or hysterical) event was Exam Week... that is capitalized because of its memorable qualities... the weather was warm and wonderful, with rain, of course... pigtails were the only thing to do, and jeans were the costume of the day... Alpha Phi Mary Sinclair plaited play posies in her hair... everyone else stole rubber bands and withered ribbons...

There's Nothing Like Nebraska. When the new semester started

Instructor Robert O. Fink of the Beloit college faculty stepped into his classroom recently to meet a new class of Army students. A tall lad approached him and said that he was the group leader. "Well, I'm Fink," said the instructor. "I'm Funk," said the student. —(ACP).

# Barbara Wise to Wed . . .

—From Lincoln Journal.

Mr. and Mrs. James M. Wise announce the engagement and approaching marriage of their daughter Barbara Elizabeth to A/C Dwain D. Folsom, son of the late Mrs. Teresa Folsom of Galena. The bride-elect is a former student at the university. The wedding will take place May 13 at the chapel in San Angelo, Tex., where Cadet Folsom is stationed.

so did the cold weather... the snow and ice forcing rubber boots and loud bandanas on feet and heads or vice versa... Season Skippers, always smart and warm, were on three out of five backs... Marg Heyn's was beige tweed and D. G. Janet Krause's blue... fur mittens were evident and some girls even wore ski suits for man's struggle against his environment...

The AST dance was somewhere around here... the olive drab was contrasted with more color by coeds... Kay Detweiler, DG, was presented as AST queen in a kelly green taffeta formal... there was a grand march giving all a chance to model effectively...

We thought spring had sprung, but it was only the primaries... spring outfits were in the back of the closet outrun by the winter clothes you were beginning to loathe... In March the Coed Follies presented Betty Lou Simon as the Typical Nebraska Coed in a soft pink pinafore... June Jamison, the Kappa with the hair, was Dame Fashion in black and gold with long gloves...

### Showers Bring Flowers.

The rains that bring the flowers inspired unique rain coats... the new shiny ones... AOPi Grace Steckley in a neutral one, Theta's Dottie Thiesen and Jean Rogers in blue... some green and even white ones... pastel sweaters put with pastel skirts... flowers in the hair... and the wide bands of ribbon worn from ear to ear...

Easter brought forth a lot of delectable things like Pi Phi Sue Cochran in lavender, SDT Ghita Hill in black and white... the hats were small, the dresses soft, the suits without lapels... for reference, see Ruth Korb who is the color of envy in her three piece suit...

The time for dresses that wash will never come... but if I'm wrong, they'll be gay and little-girlish and cool... sun-baths will be the

# Science Society Names Georgi New President

Dr. C. E. Georgi, UN associate professor of bacteriology, was elected president of the Nebraska Academy of Sciences at a meeting held Saturday morning.

Other officers include Dr. J. S. Latta of the college of medicine in Omaha, vice president; Dr. C. B. Schultz, director of the museum, re-elected secretary; Dr. C. E. Rosenquist, associate professor of agricultural botany, treasurer; and Dr. G. C. Lueninghoener of Midland college, newly elected counselor. Dr. L. M. Garlough, University of Omaha, and Dr. H. W. Manter, UN professor of zoology, will continue as counselors.

In charge of local arrangements and the banquet was Dr. Leva B. Walker, associate professor of botany. Dr. N. H. Cromwell, assistant professor of chemistry, had charge of the program.

# Mortar Boards . . .

(Continued from Page 1.) member of Delta Gamma, Coed Counselor board, vice-president of Tassels, former WAA treasurer member of Alpha Lambda Delta, Vestals of the Lamp, and was 1943 Typical Nebraska Coed.

# Churches . . .

(Continued from Page 1.) before and after the mass. St. Mary's Cathedral, 1420 K street, will have masses from 6 a. m. to 11 a. m.

Clyde Malone, president of the Urban League, will speak on the "Negro in America" at the Presbyterian student house at 6 p. m. Sunday. A 25 cent supper will be served after the meeting.
