Two Dollars . . .

Fifty-six charitable and allied relief organizations will benefit from each student's two-dollar contribution to the All-University Fund drive which starts Monday and ends Oct. 19. Consolidation of these 46 groups in one national drive has eliminated individual solicitations from the campus by each of the organizations, and does not permit one campus group to support more than its share of various relief agencies. This AUF drive, therefore, is the first and only request for donations which a student will have to meet this fall, and the only fund drive which will hit the campus until next spring when AUF will handle the annual Red Cross solicitation.

Setting an extremely reasonable goal of \$2,400, AUF has divided the total in three main parts: \$400 to maintain the publication of the Servicemen's edition of the Nebraskan which is circulated twice a month to over 2,500 former Nebraskans; \$1,000 to the World Student Service Fund sent to occupied countries to relieve material as well as educational needs of university students; and \$1,000 to the War Fund and Community Chest. Any excess over the total will be divided between the WSSF and the War Fund.

The War Fund includes all United Nations relief agencies, or services to the armed forces, such as USO, United Seaman's Relief, and the War Prisoners' Aid, and also refugee relief, under which is the Refugee Relief Trustess, the U. S. Committee for care of European Children, and the American Field Service. Among the United Nations who are aided by the War Fund are Russia, China, Great Britain, Greece, Poland, Yugoslavia, France, Belgium, Czechoslovakia, The Netherlands, Norway, Luxembourg, Denmark, Italy, Lithuania, and the Philippines.

The Community Chest finances 22 local relief agencies including the American Legion Family Welfare, the Belmont Community Center, Boy Scouts, Campfire Girls, Girl Scouts, Catholic Social Service Bureau, Community Emergency Shop, the Council of Social Agencies, the Jewish Welfare Federation, People's City Mission, Public Health Nursing association, Salvation Army, St. Thomas Orphanage, Social Welfare agency, the Southwest Community Center, Tabitha Home, Urban League, and the city YMCA and YWCA.

The university YM and YW are also financed in part by the Community Chest Fund, altho these groups conduct their own membership drives to supplement city funds. UN's YW membership drive is running concurrently with the AUF drive.

As AUF director Beede has pointed out, two dollars from every student on the campus certainly does not seem exorbitant to ask when the roll call of benefiting relief groups is called.

Coal is approximately 60 percent carbon.

Behing sea got its name from the explorer, Vitus Bering. Cnada is the world's largest producer of asbestos.

Les Said The Better

By Les Glotfelty

Glad to hear that the men have answered the war council call for more workers. Newly elected Vice President Bob Van Sant worked like a demon on the War Show of 1944, so we are expecting some nice results from the various salvage drives which come under his direction. Prexy of the organization Ghita Hill asked in the last meeting for volunteers to serve at the War Fund rally dinner coming up soon. Since no pay was offered for the service, only two men volunteered and several coeds. Seems the men wanted to be paid for serving. The catch is that after the two men had been beaten over the head and practically forced to volunteer, it was discovered that the waiters would get one dollar for serving.

About once a week we are going to present in this column some coed or man on campus, more or less on the same idea as the "We Present" column used last year in the Nebraskan. This week's campus character is:

MIN BEEDE—Min is in that exalted state known as being a senior. She is majoring in sociology and psychology—with a strictly extra-curricular course in home management in preparation for the day when ZIP navy Lt. Glen Thurman gets back this way. We picked this week to present Min because she is present director of All University Fund organization, and the AUF drive starts Monday. If anyone wants Min, the safest place to look is in the Crib, or if that fails, in the Nebraskan office where the average height, light brown haired gal with glasses and the "speak-softly-but-carry-a-big-stick" way of talking can usually be found talking politics with one or more of her cronies. Min has the unusual

MIN BEEDE.

Home Ec Club Opens '44 Drive For Members

First semester membership drive for home ec club begins Monday and will continue through Friday in conjunction with the Ag YW membership drive. Any home ec major is eligible for membership.

Semester memberships are 50 cents and may be paid at the table in the second floor hall of the home ec building, Virginia Pollard, membership chairman, announced today.

Professors Take Part in Meetings

O. H. Werner, Professor of Principles of Education in Teachers College, is going to Beatrice to conduct a series of weekly conferences on religious education. These conferences will be held at the Centenary Methodist Church with church leaders of that city. The first meeting is scheduled for October 12.

Dean F. E. Henzlik of Teachers

College has gone to Warrensburg, Missouri to take part in the Missouri State Teachers Association meetings held October 5.

Science can help restore youthfulness to face and throat

Would you like the skin of your face, your throat, to grow younger again? If so, try scientific ENDOCREME. ENDOCREME, with its 7-year record of success, is helping thousands to improve the very skin itself, not merely its superficial appearance. For thousands, it is doing this to a degree heretofore thought impossible. The secret of ENDOCREME'S success is ACTIVOL™. This ACTIVOL™ is the laboratory counterpart of natural, skin-vitalizing substance . . . a substance that decreases with age. Thus, when you apply ENDOCREME, it helps compensate for this loss. Absorbed under the skin's surface, ENDOCREME acts to rebuild cells, tissues. Thus, ageing, dry, coarse, lined skins tend to become fresher, firmer, smoother, more youthfully attractive. How better can you invest your cosmetic dollars? Many report marked improvement in only 30 days.
