In spite of the opening of hunting season (not that it hasn't been going on since the beginning of school in one form or another) and fraternity men deserting the campus, feminine fatales and UN he-men turned out this week-end providing spice and everything nice for those readers interested in the larks of campus gadabouts.

Returning to Lincoln Friday was Pfc. Dick Jernegan, former ASTP student, to see Theta Corky York. As a climax to this extra special furlough, Theta Lips were smiling when Corky became the recipient of his Phi Psi pin.

Friday night Betty Dick and Eleanor Erickson, Pi Phi's, were seen dining and dancing in the company of lieutenants; also seen at same place were Betty Peterson, Alpha Phi, and an anonymous lieutenant. Must be a newly adopted campus hangout as numerous other campusites were there.

Taking in the dance at the Pike . . . and the stage show . . . were DG Kay Detweiler and Phi Gam, Don Andresen; Sue Lancaster, Theta, and Dale McCracken, ATO; Lois Jean Starbuck, Alpha Phi, and Beta Jack Yeager; Alpha Chi Betty Ed Strain and ATO Chick Neal; Theta Jane Sutton and Sig Ep Tom Bauer; KKG Sara Murray and Bob Foster, Tri-Delt Carol Jean McGrew and Frank Mulvey, ATO.

DU reunion held at Turnpike when Jack McPhail and wife, the former Gay Gimple, DG, returned. Dean Yates and date, Delores Jones, and Dean Kratz and Theta Sally O'Shea were participants.

Joanne Bauer, Alpha Phi, is the lady being vied for by ATO Tom Noble and Bob Buxton.

Beta Gene Rainey would like to be seen more often with KKG pledge Betty Burne and Theta pledge, Dottie Thompson, according to a Beta rumor. Make up your mind, Gene.

Phi Delt Dick Chapin and 'DoDo' Schwenker, Tri-Delt, will be married in mid-November, or so the report goes. Dick will be a newly commissioned lieutenant then.

Bringing home the loot was Paulie Martz, Alpha Phi—Victim, a certain engineering student called Bugs. The latter called her a 'gold digger,' but to show her he didn't mean it and as a peace offering, she became the possessor of his identification bracelet, engineering pin, and ring.

Joan Bohrer, Theta, had a l.d. call from Phi Delt Don Cooper. Could the conversation have been an anti-climax? It was a pretty pin, too.

Theta Sigma Phi Meets Friday

Theta Sigma Phi, honorary journalism fraternity, will meet Friday, Oct. 20, at 5:00 p. m. in the fraternity room of Ellen Smith hall.

Business scheduled for the meeting is important and all members are urged to attend.

a marked ability at slight-of-hand. At 16, he appeared for a year at the famous Eden Musee on 23rd street in New York. Vaudeville tours followed, and when he was 17, he was invited to perform at the home of Theodore Roosevelt and also at the home of the inventor, Thomas A. Edison.

A native of New York, Dunninger has a radio program on the Blue network, and when commercial radio started, he was the first paid entertainer on the air. A few years ago, Dunninger

Sally Emerson, DG, to his hometown soon. Ed wants to know where this information came from; however, no denial or confirmation of report was made.

Pete Foe, Phi Psi and Lorraine Beckenhauer, KKG, have been coking quite frequently. Does this mean anything?

Flash . . . kindergarten romance continues. KKG Harriet Lily received a Sig Ep pin from Ken Horrell.

Myra Colberg, KKG, treated the Kappas to candy with pin-mate Gene Dixon, Sig Ep. Another candy passing was held at the Gamma Phi house Monday, when Jean Shapland and fiance, Dale Gustafson, did the honors.

demonstrated before the Navy department a scheme he had worked out for rendering battleships invisible at a distance of more than 200 yards. Interviewed by leading newspapers and magazines covering his demonstration, he was cordial but refused to give any information, partly due to the fact that magicians never like to give away their secrets and also because this particular secret is concerned with defense.

Chairman of the Universal Council for Psychic Research, he has also been successful in therapeutic hypnotism, and has cured countless diseases of a mental disorder. Dunninger is of the opinion that there is a serious future in this type of work.

"My reception of thought impressions is an inner visual process," he explained. He discerns letters, words, and numbers as they were inscribed by an unseen hand within his mind. "It gives the effect of white lettering on a black slate," he continued. Pope Plus XII, during a visit to the United States in 1936, crossed the magician by thinking in Latin.

Dunninger is now doing hypnotic work with patients in hospitals, and is meeting with success. He believes telepathy can be developed in the fields of criminology, psychology, and psychiatry.

Dunninger likes to point out that he can regard his career with complete objectivity. "I started at the bottom," he says, "and worked to the top." Some

of the nations greatest minds are assured of the fact that Joseph Dunninger is the greatest showman in the business.
