

Special Peace Committee Considers Amendments

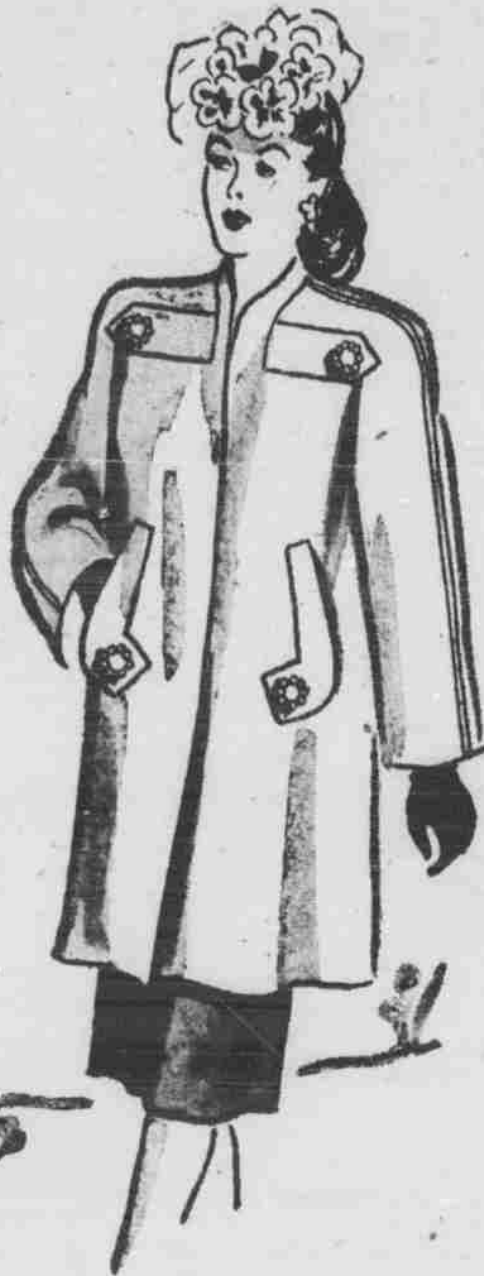

The special reference committee of the experimental peace conference meets tonight at 7 p. m.

In the faculty lounge of the Union to consider all amendments previously referred to it, according to Barbara Stahl, chairman of the planning committee. The amendment on voting

power in the Security Council which was referred to the committee at the plenary session Monday night will be considered at 8 p. m. tonight by the committee.

A new electronic device now under test can dry 2,000 bottles of penicillin in an hour—enough for one treatment each to 10,000 persons.

An electronic "memory" machine retains the image if an electric flash 1/25th of a second—long enough to take a photo of the flash for research purposes.

The long and short of it . . .

At the far left, elegant Chesterfield destined to go places. In green or black. **79.95**

At near left, a short-length version of the spring topper. In gold, lime or Victorian red. Sizes 10 to 16. **89.95**

Collarless and Stunning . . .
