College Provides Fun and Worries For All Students

BY NINA SCOTT.

This is not about clothes, it is not about beauty, it is not about manners, it is not about men (sigh), it is not about nothin' . . . there should be a subject available that no one has ever written about . . . something rather celestial or cosmic or something . . . but everything has been put into words . . . words meaning something different to everyone . . . words meaning nothing to some people . . . maybe no one will read this anyway. . . .

Joys of College

Shall we call this the joys of college? Three years that go so very fast . . . filled with memories . . . with remembered worries and hates and happiness . . . classes and playtime . . . people you can't figure out, and people you can't see why other people can't figure out . . . dances . . . picnics . . . cokes . . . coffee . . . labs . . . lectures . . . going home for the weekend . . . not want to come back . . . all the things we love and hate . . . all turning into things we love when we can not have them anymore. . . .

That gleam in the eyes of the activity woman . . . the bags under the eyes of the "play girl" . . . the beaver . . . the one who gets by . . . talking about the world when you're supposed to be studying for a test . . . talking about all the things you don't understand because you haven't lived long enough . . . wondering what will become of you . . . all of the little things seeming so important at the present . . . forgotten in the future. . . .

The World in Our Hands

Looking the same and yet knowing that you're growing up and you don't want to . . . the world is in our hands . . . it's chaotic, but it's ours . . . what are we going to do with it?

This isn't supposed to be funny or philosophical . . . it has been said before . . . it's an old sub-

Worn Students Voice Peaceful Summer Plans

BY PHEE MORTLOCK.

For sale—30 hundred well-worn students to the nearest rest home. It's almost a week and No. 1 on the Nebraska Hit Parade are those "Just Can't Go Through With It Blues."

But the rugged residents have a little fight in them yet—they can still feebly voice summer plans. In fact, some even are coming back for more punishment. Hate to say it, but it seems that Madge Reinhardt, B. Jo Packard, Dorothy Manifold and a few hundred more are checking in for summer school.

Home and Work.

Helen Plasters plans to work here this summer—Ward Quilter couldn't have anything to do with those plans, could he? Roommate Shirley Crosby leaves her pinmate, Bob Cruetz, behind for hometown Deadwood, S. D., and work. Kathleen Brickell deserts brand new pinmate Harold Hartshaw, for home, too.

And Phil Fredrickson of the famed red beard will be a jerk in work only this summer, for you may find him behind the Valley soda fountain, most any day,

ject . . . but it is always in our minds . . . no matter what we learn or what we do or what we think . . . the same thing is behind it all . . . what's going to happen to all of the fun and all of the aches . . . what place do they have in our lives?

Summer School.

Bill Roberts travels all the way to Boulder for summer school. Some people will do actual mental work, while Chuck Peterson "thinks he'll do some essential war job—say the army!"

Four lowly Awgwan members, Bill Miller, Bob Gillian, Tom Sorenson and George Shestak, seriously plan to do lurid tales for the pulp magazines. Good experience for the Awgwan! Another Awgwaner, Ruth Korb, is taking in summer school at Northwest-ern with Jidge Mason, while Junie Korb will enroll at George Wash-

ington university, Washington, D. C.

Phil Johnson and P. Chamberlain picked up an arduous but exciting way to spend their summer. They will ride horseback from Arizona through Oregon and on up to Canada—"the life of the wilds" for them!

Two Summer School Sessions Run Concurrently

Summer school sessions run concurrently with each other, both beginning May 28, the short session ending July 7 and the long session closing July 27. The curriculum ranges from undergradu-

ate courses to graduate courses leading to master's and doctor's degrees.

Registration for summer school will be held Monday, May 28, from 8 to 12 and 2 to 5, in the coliseum. No more than 9 hours may be taken in the long session and only 7 hours are allowed in the short session. The Residence Halls for Women will be open for occupancy during summer school.

One of Betty Hutton's four songs in Paramount's "Cross My Heart" will be a trick number in which she shares honors with a ventriloquist's dummy astride her knee.
