

## Ragged Edges

BY BET KING

Crawl out of that mud puddle and get into the swing of things. This is definitely the week-end for such goings on.

The Betas have big things planned. From here Jack Clemens looks like one of the busier boys. Saturday night the lucky gal is DG Ellie Detweiler. Babs Stenger, Alpha Phi beauty, rates the Sunday night deal.

The Tri Deltas have rolled out the welcome mat for Midge Wall's fiance, Lt. George Patterson, who arrived Wednesday for a visit following his discharge. This should be a whee of a week-end for Midge.

Chi Ohhhhh Margy Amend was asking everyone in the Union the other day if they knew Al Cline, new Sig Chi pledge. Seems Margy wasn't exactly sure who he was, and she had a coke date with him. Margy isn't the only one having man trouble of one sort or another. Blonde Louise Rawley of the Triple Deltas is involved in an Army-Navy triangle. Army Lt. Johnny Gibney and NRO Dick Freethy constitute quite a knotty problem.

### Reversed Problem

To reverse things a little, the ATC's are having gal trouble. Mary Lancaster of the Theta Kite heard that a certain man from Boulder was coming down to see Saturday's game—and just incidentally Mary. The Taus feel that "that's just tough" 'cause they have other plans for her. The fight in the stands should be as good as the one on the field.

While we're in the Theta region—could Peg Miles sudden interest in affairs of a culinary nature have anything to do with the fact that Beta John Smedley is hashing at the Theta house?

### Come Rain—Come Shine

All this rain makes some people want to stay under a roof, but not Fiji Jack Briggs and Jacqe Merritt, Kappa. They went picnicking Wednesday evening. The weather hasn't affected Alpha Xi Cleone Reetz' planned trip to Sioux City either. Fiance Claude Blankenship is the big attraction there.

An "Advice to the Lovelorn" column would be a decided help to the Sig Alpha-Alpha Chi combi-

## WSSF Aids in Reconstruction Of World Education Thru AUF

Sharing proportionately with the National War Fund and Nebraskans for Servicemen in the receipts from the all university fund drive beginning Monday is the World Student Service fund.

The WSSF is the way in which American students participate in the enterprise of aiding students all over the world. It is an educational and fund raising agency which was given its present name in 1941. Work done with money raised for the fund is done on an international, interracial, non-political and non-sectarian basis.

Resting entirely on students and faculty of American universities, the responsibility should be considered not as a responsibility but as a privilege. American students have been spared during the war from combat, invasion, terrorization, dictatorship and hardship.

### WSSF Purposes.

Among the purposes of the WSSF in the post-war era are providing direct relief for students and professors who were victims of the war; helping to establish and strengthen student co-operatives and social services; supplying books and scholarship

aid; and building student rehabilitation centers. To do this work, the actual task will be given to groups or individuals in the country concerned. One group will be "initiating" personnel, experienced and mature workers who will serve as a headquarters staff. The other group will be made up of younger persons still in the student category.

The reconstruction of university life is a far larger and more complicated task than merely giving aid to students. Thoughtful university youth in Europe and Asia, influenced by the suffering they have gone through, are concluding that universities have failed in their purposes.

### Reconstruction.

Since the task of the WSSF this year is reconstruction instead of relief, the budget has been doubled and each student is being asked to donate twice as much as last year. The quota for Nebraska is \$3,000, or equal the amount of the goal for the entire AUF drive. Nebraska students can give enough to the fund to assure the \$3,000 WSSF being raised.

You've got what it takes—GIVE!

## Bronze, Silver Stars Awarded Lt. W. Nickerson

Friday morning at a ceremony held in Nebraska hall at the university, Mrs. W. T. Nickerson, Lincoln, received the bronze star

and the silver star awarded posthumously to her husband, Lt. Wendell T. Nickerson, infantry.

The silver star citation stated "gallantry in action" and the bronze star citation praised Lt. Nickerson's heroic achievement.

Attending the university in '37 and '38, he was a member of the ROTC unit.

12th and M Sts.

ntion of Arch Briggs and B. J. Mahan. This off-again-on-again stuff is so confusing.

Flame-topped Ginny Hamilton, Gamma Phi, is minus the third finger sparkle, but she's decided that friendship is a wonderful thing . . . at least for the present.

### Bright Lights?

The bright lights of Omaha are luring ATO Phil Oxley away from home. That lure isn't accentuated by the fact that Omaha is also the home of Gamma Phi Myra Lee Haden, is it?

Flash—a certain prominent Mortar Board seems to have forgotten the AWS rules and come in 45 minutes late. The big question is will she be courted, or will she serve at Myra Colberg's wedding tonight?

The Los Angeles street railways system has installed two-way radiotelephone service in all of its 22 service trucks. The trucks are thus able to communicate with central headquarters.

## NRO . . .

(Continued from Page 1.)

go a long way. Skirts and sweaters seem popular, but when topped off with a pipe, that's one of the things I came to college for but I'm hoping it is not a regular scene.

If these profs don't snow us under, there should be a good roof raised someplace. Not forgetting that we are potential gentlemen, tho, I guess those roofs will only go a mile high.

## NEWMAN CLUB

Invites

## CATHOLIC STUDENTS

Sept. 28—To All University Church Night at the Student Union X-Y-Z Rooms, 7:30 to 9:00 P. M.
