

### Nubbins Face N. Wesleyan In Two Games

Members of the Nubbins squad will get a taste of real competition next week, when they meet the Nebraska Wesleyan gridders in a home and home series.

The first game of the series will find Pop Klein's blue-shirted B squad facing the Plainsmen on Monday at 4:00 in Memorial Stadium and on Thursday the Nubbins will trek to the Wesleyan Bowl for a return game, this contest also starting at 4:00.

#### Knight Stars

Wesleyan has lost only to Kearney State Teachers thus far and should show the Nubbins a rough time, with John Knight, former Northeast star, heading the offensive show.

### Huskers . . .

(Continued from Page 1.)

Bertuzzi paced the drive down the field, piling up needed yardage on sweeps around the Husker flanks.

This time Pumphrey made good on the extra point and Nebraska led, 14 to 13.

Young relieved Husker fans with his scoring dash which came only a minute after the second Kansas score and Sloan missed the extra point. This, incidentally, was Sloan's first miss of the year, for the extra point trio of center, Dick Short, Sloan and Alex Fink, who holds the ball, has worked to perfection.

Kansas turned to an aerial attack as the minutes waned, with Pattee doing most of the throwing. After moving to their own 40, Art Bauer, just up from the Nubbins, intercepted a Kansas pass on the Husker 44 and sprinted to the Kansas 4-yard line before being knocked out of bounds.

Young took three tries at the Kansas line and went over with one minute left in the game. Sloan again added the extra point.

Early in the first quarter Nebraska moved to the Kansas 5 following some quick thinking by Chick Story. On a fourth down punt formation, the pass from center was low and Story converted this misfortune into a scoring opportunity by whipping a 30 yard pass to Alee Schneider, who was downed on the Kansas 26.

After two running plays from the 7-yard line had failed, Bob Tegt dropped back for a field goal effort which was partially blocked.

Kansas never threatened in the first half, as the Nebraska line completely stopped their running game. Guards Fred Lorenz and Rex Hoy gave the Jayhawks plenty of trouble all the way, and the entire Husker line was hard to move, allowing the Kansans only 19 yards via rushing in the first half.

#### UN Backfield Effective

The revised Nebraska backfield worked effectively, with Moore, Fischer, Skog and Story all moving the ball well. For the Jayhawks Bertuzzi and Pattee were hard to stop while two navy unit linemen, end Dave Schmidt and tackle Robert Moore, were thorns in the Nebraska ground game all afternoon.

Kansas outdone the Huskers, 13 to 7, but Nebraska gained a total of 312 yards to 235 for the Jayhawks.

Halftime entertainment resumed its prewar excellence as the re-activated student card section and the band each put on a

### UN Harriers Down Kansas Two Milers

By placing five men in the top seven positions, Nebraska's fleet two-mile squad ran away from Kansas, 31-24, in an outdoor dual on the Husker track Saturday morning.

The Huskers by their victory became the mythical Big Six cross-country champs. They hold victories over Iowa State and Missouri while the Kansans had previously defeated Oklahoma.

#### Kratz Second

Lanky Harold Moore pulled away from Husker Dean Kratz on the final turn to give the Jayhawk ace the decision in the good time of 9:58.7. Harold Hinchee trailed Kratz for a Kansas third but here the Huskers took over. Don Yocum, Wayne Roads, Stanley Martin and Tom Whipple finished in that order ahead of the last three Jayhawkers.

There's a reason **MORE PEOPLE** are buying **Fairmont's HOMO Milk**  
The improved flavor, and the richer, creamier taste which everybody likes so well is the result of Homogenization. Homogenization breaks up the large milk fat globules which are suspended in ordinary milk and evenly distributes them throughout the whole bottle of milk, thus giving every ounce an equal share of cream—nothing has been added and nothing taken away. More and more people like this better milk and are buying it because it is the best for drinking and for cooking.
