

Huskers Open Cage Play at Minnesota

With the football season concluded, the decks are cleared for action on the basketball front. The Huskers open the cage season on Saturday, Dec. 8, when they travel to Minneapolis to meet the University of Minnesota.

Varsity Numbers 22.

Coach Pop Klein has been working with a large number of basketball candidates, assisted by Sgt. Jake Ahearn, LAAF ace last winter, and at present is listing 22 men as members of the varsity squad.

The first home game for the Huskers will be on Tuesday, Dec. 11, when the University of South Dakota appears on the Coliseum court.

In addition to the regular varsity schedule, a B team will also be in action thruout the winter. Les Livingston is handling the Nubbins five and games will be scheduled with a number of state colleges.

Gridders Report.

Among the 22 men listed on the varsity roster are seven footballers who reported for the first time this week. Bob Korte, Mack Robinson, Bob Costello, Jim Hornby, Chick Story, Bill Sloan and Paul Kipper are the gridders who have shifted their activity to the basketball court.

Klein was working with a number of combinations in preparation for the opening tilt with the Gophers, and only eight practice sessions remain before the first tipoff of the season. He revealed that he will probably carry a traveling squad of 12 to Minnesota.

One group running as a unit early this week included Gayle Lebsack, Don Claussen, Dale Livingston, Chuck Mulvaney and Fred Hecox. Other cagers meriting serious consideration for starting berths are Don Barry, Leo Schneider, Jim Sandstedt, Bus Whitehead, Tom Cook, Dave Sutton, Leon Engelhart and Harlan Cranston.

Most of the veterans seem to be especially interested in electrical and mechanical engineering.

That most veterans feel there is a very bright future in buying, selling and advertising, is indicated by the preferences shown for business administration courses.

There is also an indication that many students are interested in medicine, dentistry, and law. There is a high preference for the Arts and Sciences college for preliminary courses to these professions.

Colbert says that the veterans are aware, in these fields, too, of the great opportunities open to them because of the acute shortage of men in these professions.

IM Basketball Action Begins In Four Loops

Competition in intramural "A" league basketball got underway Tuesday night with 14 teams vying for honors on the coliseum maples.

Basis for play as determined by Director Lou Means is round-robin competition in four separate leagues. A total of 29 outfits are scheduled for play. The four winners of league play will then play a final round-robin schedule for "A" league supremacy.

Organizations are allowed an unlimited number of participants in their first game but must then turn in a complete "A" team roster. The men listed will be ineligible for "B" team competition. An individual may move from the "B" team to the first squad but his appearance in one "A" league game makes him ineligible for further "B" team play.

Games will be divided into two 15 minute halves. Only two timeouts per team will be allowed each half without penalty. All collegiate rules will be followed. The leagues:
