

Marjorie Settell

Announcement of the engagement of Miss Marjorie Settell, daughter of Dr. and Mrs. A. R. Settell of Bloomfield, to William R. Peterson, son of Mr. and Mrs. T. S. Peterson of Evanston, Ill., was made known Friday evening. Miss Settell, a senior, is a member of Alpha Xi Delta. Mr. Peterson, who served with the navy for thirty-five months, is also attending the university.

Crib Offers New Twist; Vic Sticks!

By Bob Gillan.

Far be it from me to complain about conditions on the campus here at the dear old U. of N, but I think that something should be done about the Juke-box in the crib. Now, I am afraid that I have missed the last few hit parades (it comes at the same time as Rhodora Faversham—Girl Labor Racketeer, my favorite program) but as I remember it all the songs didn't end with five minutes of thump-tiddlee - thump-tiddlee-thump. It may be part of the advertising campaign but it will never take the place in my affections held by LS/MFT.

This may not seem like a pressing problem at first glance—or even second or third—but it really poses quite a problem (A little to left Miss Problem, that's it. Now hold it.) There are a great many students who judge our dear alma mater by the Union exclusively, because that is all they see of it.

Memories.

I can see the scene now. The old grads of some of our institutions of higher learning gather in some distant den of iniquity. The Wisconsin Alum says "We had beer in our student union." "That's nothing," tops one of the Iowa men, "we had a doorman." "But have you heard about Nebraska" one of them whispers, "Their juke box sticks at the end of the record." All this is in a tone that highly paid doctors usually reserve for a discussion of a rare Psychopathic malady.

As a constructive suggestion, they might get some of the wee folk that are grading my English papers to stand there and punch the bottom . . . Kicking the juke box might be turned into an intramural sport with appropriate prizes. It's nothing like Sextathlon, but then what is?

Dorothy Converse

Mrs. I. E. Converse of McCook has announced the engagement of her daughter, Dorothy, to Victor James Harr, son of Mrs. Ray Harr, also of McCook. A graduate of the university, Miss Converse was a member of Delta Delta Delta while attending school. Mr. Harr, who served as a first lieutenant with the army air corps, returned from active duty in the Panama Canal zone last May.

Snarling Zealous Gay Athletes Compete for Intramural Titles

There's no getting around the fact that the women on this campus are athletes. And if you don't believe me, all you have to do is wander over and watch some of the intramural games in which the girls are now participating.

Here you may see the cross section of American womanhood—the pride of the Union. Undoubtedly the most to be feared is the zealous type who runs madly at her opponent snarling viciously. Watch her carefully. With all the strength she can muster, she makes one last drive, sinks her bared teeth into the rival's defenseless shoulder, and then lies panting on the ground, feigning innocence as the referee's whistle blows.

Now notice the hearty good sportsman. Her warm handshake is aimed to cripple, and that hearty back slap has put many a potential Pauline Betz limping to the white-walled corridors of a hospital.

The gay collegiate athlete has a ne'er-to-be forgotten charm all her own. Always aware of spectators on the sidelines, she spends her time cavorting gracefully around the field putting on a one-woman show.

Not to be forgotten are the rooters on the sidelines. Ask any of them, they will tell you how

hard it is to win a game. Hard on them that is. There is much the toughest job.

But far be it from me to ridicule the girls—they have a good time (they claim) and heck, it's all in the game.

New Foundation Members Will Meet Tuesday

The first meeting of the year for all students who signed up for Student Foundation at the activities mart is scheduled for Tuesday at 7:30 in the parlors ABC of the Union, according to Lorene Novotny, president of the organization.

The purpose of the organization and duties of its members will be explained in full, and it is important that all students connected with Student Foundation attend this meeting, she stated.

Any students who are interested in the organization but will be unable to attend Tuesday's meeting should contact Lorene Novotny at the Alpha Phi house or Joyce Geddis, secretary, at the Kappa house before Tuesday.

Foundation Lists Names For Correction

The following students neglected to check the Student Directory list of correct addresses and phone numbers, according to Joyce Geddes, secretary of Student Foundation. Names, addresses, and phone numbers must be left in the Student Foundation mailbox in the basement of Union before Monday night, Oct. 28, or the student's name will not appear in the directory.

'Firstest With Mostest' Males Get Best Dates

BY TWO FIFTHS OF FIVE.

"Do you have a date for Homecoming?" or "Then what are you doing Christmas?"

Foresight undoubtedly is a virtue but what poor mortal can be expected to prearrange destiny months in advance. So far as dating is concerned, the element of chance had been ruled out—also most men on the campus.

Dating today is, in a word, a 'debacle.' The man (we use that word loosely) who is the "firstest"—with the mostest—for the farthest away" is in.

Same as Dying.

I suppose that a girl likes to plan on a date but the ridiculous situation which exists today, dates in advance that is, seems to me to be the same as dying. When the time comes, you just do it.

Since the female element on the campus has chosen to reduce dating to a virtual lottery, they might as well admit to their hypocrisy and date on a lottery basis.

Each man should be assigned a

number, and then each girl given her quota of numbers for the month. This system might help to alleviate the name situation at hour dances. (Author's note: Anyone that will go as low as to date a girl a month in advance surely wouldn't mind having a number on or maybe something trivial like a ring through his nose.

Names.

Even though some of the coeds have a hard time remembering names, I am sure that the majority of the women on this campus could remember a number. This might help to remedy a situation such as the one that developed on the steps of Residence Halls last week.

A certain girl was saying good-night to her one and only for that night. She looked up—dollar signs sparkling in her eyes—and while tenderly shaking his hand whispered softly "I had a wonderful time SAM, and won't you please call again next month." Not trusting himself to speak, JIM turned and walked down the steps.

We wish to congratulate those few remaining remnants of the male population who have retained some semblance of integrity by refusing to attempt to date before Monday night. If these last few normal beings would be interested in joining the Stay Away From Women club please notify me at once.

Musical Variety Offered at Faculty Program Today

Presented by the School of Music today in the second program of the Faculty Recital series, Miss Mary Louise Boehm, Miss Sarah Davis and Mr. Donald Lentz will offer a variety of instrumental music. Piano, cello and flute selections comprise the program which begins at 4 p.m. in the Union Ballroom.

Opening the recital with a cello sonata by Corelli, Miss Davis will make her second appearance on a faculty series. She joined the staff a year ago at this time.

Sonata

Mr. Lentz will be heard in Reinecke's flute "Sonata Undine" and in a shorter solo piece entitled "Poem" by Griifes.

Concluding the program, Miss Boehm will first play Bach's "Italian Concerto" and follow this with two Chopin etudes. The first of these is known as the "cello etude" because of its sustained melodic line, while the second demands great dexterity and provides a marked contrast to the first etude.

We thank the thousands of customer friends who have patronized us the past twenty-seven years.
