'B'TeamWins Preliminary **Over Norfolk**

In their first game against outside competition the University of Nebraska B team hung up a \$8 17 defeat on Norfolk Junior College Tuesday night at the Coliseum. Altho the score was more than doubled on the out-staters, it does not tell the superiority of the Nubbins.

Coach Tony Sharpe used 26 players in the rout, and each quintet that he inserted maintained a noticeable edge on the boys from Norfolk.

Anton Lawry, lengthy center, sent the Huskers into a lead in the first moments of the game with his only bucket of the evening, and thereafter Norfolk never threatened. By halftime the score had risen to 17-7.

Fender tried to put the visitors back into the game with several long archers but he soon cooled off and Norfolk's only serious bid came to an end.

Schleiger Tops.

Dick Schleiger potted three baskets during his few minutes of play to once more lengthen the Nubbins' lead, and from there on out it was all Nebraska.

For the second successive year the Post is privileged to bring you the All-American Team picked by the men best qualified to judge-the football coaches themselves.

This selection appears exclusively in The Saturday Evening Post. It represents the combined judgment of nearly 500 college football coaches from every section of the country.

These are the experts who have seen practically every college football game

.. who have studied at close hand every promising player ... who, week by week during the season, have slowly and carefully separated the outstanding stars from the also-rans.

Now these top authorities-having restudied their own reports and compared notes-are ready with their choice for the best football players of 1946.

It's in the Post today-along with a second and third team and a thorough analysis of the selections . . .
