

# "The Campus Beauty and the fetching spring Print"

or: how to win fame and fortune in our mademoiselle shop's whistle-stop

prints for spring \$16<sup>95</sup> to \$29<sup>95</sup>

U. of N.'s Nancy Watkins prepares for April showers in her demure (?) print. Maryann Loomis prefers one from our bolero jacket combines and Polla Jones takes a breather from admiring fans in a lattice work design. There's nothing so important and spring-like as your first print, so let us help you find yours alone, on our second floor.
