FORTY-SIXTH YEAR

Subscription rates are \$1.50 per semester, \$2.00 per semester mailed, or \$2.00 for the college year. \$1.00 mailed, single copy 5c. Published daily during the school year except Mondays and Saturdays, vacations and examination periods, by the University of Nebraska under the supervision of the Publication Board. Entered as Second Class Matter at the Post Office in Lincoln, Nebraska, under Act of Congress, March 3, 1879, and at special rate of postage provided for in section 1103, Act of October 7, 1917, authorized September 30, 1922.

Crossfire

By Norm Leger

Problem of any columnist: Writing a lead sentence which won't encourage the reader to pass on to something else. Duty of the columnist: To explain the meaning of his title. This duty we choose to slight, other than to say that we like the word and, at a later date when the campus scene includes a few controversial issues, a likely probability, it should have more significance.

Waiting for Blood

While waiting for possible blood donors to show up and make us happy by saying, "I'd like to donate blood for the All University Fund drive for the World Student Service Fund and Community Chest," altho it really isn't necessary to say all of that—just show up, that's all we ask—we thumbed through several pages of the WSSF handbook which includes some interesting facts, facts that should make us realize how really well off we are. But then, as one of our friends pointed out to us, too large a number of students is capable of declaring, "Yes, I know that the students in Europe and other parts of the globe don't have enough to eat, have insufficient clothing and housing, and are having a tough time of it, but I need my two dollars." In the hope that a reconsideration will show to such individuals that they can, if they make an honest effort, get along without the two bucks, we will give you some interesting info—

Eye-Openers

"In France 40,000 students are enrolled at the U. of Paris. Some of these live in underground shelters, provided by the city. A medical examination of 28,000 Parisian students revealed that they are 17 to 20 pounds lighter than the pre-war average. The percentage of tuberculosis in France has multiplied by ten times during the war, and mortality by five times." And that's only a part of it.

Food at Rock Bottom

The food situation? What are students eating abroad? Check this: "Average daily caloric consumption: Holland, 1630; France, 1,500; Greece, 970; India, probably less than 500; China—30,000,000 face starvation now." The importance of these numbers is in their relativity. "United States, 3,300 calories. The rock bottom healthful diet is about 2,000 calories, provided it includes a proper amount of high protein foods like meat and fats, now quite unobtainable in Europe and Asia."

Give it thought, just a little, and maybe you won't think it's asking too much of the U.N. to contribute a total of \$13,200. Why, you may even find yourself not turning down the AUF solicitor when he approaches you during the drive which begins in November.

They Signed the List

During our wait Esther Lisis stopped in to put her name and that of Dona Manchester on the blood list, as did Eugene Berman, Marthella Holcomb, Jane McArthur, and Keith Frederickson. Thanks, people you've got the right idea!

Teachers' College Wives Hold Inaugural Meeting

The first meeting of the year of the student wives' club of the Teacher's College was held Sunday, Oct. 5 at the home of Dean and Mrs. Frank Henzlick.

Musical entertainment was a piano solo by Marjorie Horstman, and a vocal solo by Doralee Niederthal, who was accompanied by Ann Lomax. All are school of music students. Mrs. James Varney presided at the tea table. She was assisted by Mrs. Ruth Boydston and Mrs. Frank Henzlick.

The siesta, to become a weekly attraction, will last about 45 minutes.

Letterip

To the Daily Nebraskan:

For the purpose of familiarizing the student body with the beliefs, aims, and purposes of the university chapter of the United World Federalists, we offer the following statements:

Statement of Beliefs

We believe that peace is not merely the absence of war, but the presence of justice, of law, of order—in short, of government and the institutions of government; that world peace can be created and maintained only under world law, universal and strong enough to prevent armed conflict between nations.

Statement of Purposes

Therefore, while endorsing the efforts of the United Nations to bring about a world community favorable to peace, we will work primarily to strengthen the United Nations into a world government of limited powers adequate to prevent war and having direct jurisdiction over the individual in those matters within its competence.

Statement of Implementation

We shall cultivate an interest and knowledge in international affairs and the United Nations through publicity, speakers, forums, and bringing outside speakers to the campus. We shall try to make the student body conscious of the goal for which we strive and shall try to arouse them to political action in its attainment.

The United World Federalist organization on campus, which is currently holding a membership drive, is a member of the Student Division of a national UWF organization that boasts a membership list including such names as Albert Einstein, Mortimer Adler, Carl Sandburg, Stringfellow Barr, Mrs. Raymond Clapper, Senator Claud Pepper, Thomas Finletter, Dorothy Canfield Fisher, Emery Reves, Justice Owen Roberts, Justice Jackson, Elmo Roper, Beardsly Ruml, Clarence Streit, Raymond Swing, and Mark VanDoran to mention but a few.

Additional information on the organization or federalist movement may be obtained by inquiring at the membership booth that will be set up in the lobby of the Union during the afternoons and early evenings on

Is there a jazz fan in the house?

This column belongs to you jazz fiends who like the top stuff put out by both old and up-and-coming artists. We've picked out some of the best. You'll have fun listening in on a few of these new records.

Of special interest this week—Stan Kenton, Red Norvo, Benny Carter, Charlie Shavers and seven other first-class boys who have adopted the title "Hollywood Hucksters," have just finished up a successful jazz season together—they're putting out a new Capitol release, "Happy Blues."

Charlie Shavers—he's the boy with the real-gone horn who played with T. D. when he was here. Charlie's a real jazzman. He soloed about twice as much as Ziggy Ellman. We wondered for awhile if the great Elman were slipping or something. But when he finally did pick up that horn and take off (we knew Elman was still the one and only) A lot less wild than Shavers—decidedly better.

Since the death of that lovable favorite, Fats Waller, several of his old records have been re-issued—one of the latest and greatest, "Ain't Misbehavin'" with "Moppin' and Boppin'" on the reverse side, featuring Fats and Zutty Singleton. This new Victor is a twelve-inch and really terrific.

Which mag do YOU read?

Capitol News, Sept. 1, issue: "Stan Kenton starts rehearsing his band this month... June Christy, who has been working as a single in Chicago and New York, will definitely return to the fold as Stan's canary."

RCA Victor's In the Groove, Sept. issue: "The startling part of the return (of Stan Kenton) is that June Christy... would not return to the fold come the re-organization."

Wednesday and Thursday when Professor Schrickle of the psychology department will lead a discussion on "The Psychology of World Government."

University of Nebraska Chapter of UNITED WORLD FEDERALISTS

CRIB NOTES

by B. J. Holcomb

Did someone say football? Judging from the weather it would have been an ideal day for a track meet... not that the game didn't resemble one what with Gophers 5 and 9 prancing all over the field... but it was a warm day, a warm game and surprisingly enthusiastic crowd... we say surprisingly as the student body showed more enthusiasm than any other time in our three year stint at the U... not just our opinion, Cribbers have also been talking about the fine response...

Register today for the drawing!

They have also been talking about the grand offer Harvey Brothers is extending to the male segment of the student body... we're talking about the much-talked-about "Cornhusker Tour" Drawing being sponsored by Harvey's. There are only a few days left to register for the drawing... no purchase is required to be eligible for the drawing... just bring ident card to 1230 O Street, fill out registration cards and you have a fair chance to win a round trip "Tour" ticket to the Nebraska-Notre Dame game...

Register today for the drawing!

Make a note to attend the Tassel-Cob Rally this Friday, October 10, when UN's Pep Queen will draw the lucky winners' cards... If you have registered for the drawing YOU MUST BE PRESENT AT THE RALLY TO WIN! ATTEND THE RALLY FRIDAY, YOU MAY BE THE LUCKY ONE!

Register today for the drawing!

NEATEST TRICK OF THE WEEK... comes from the clever bizad students who combined business with pleasure by bringing radios to class to hear the Series... seems the instructor is still a bit perplexed, first time since start of school that the back row has been "struck out"...

Register today for the drawing!

Attention--Students!
