# MB Corsages Hit Peak in Novelty, 5 and 19's Raided

Local managers of dime stores report an unprecedented run on knick-knacks, whachamacallits, thingamajigs, and whodillibobs.

Wild-eyed coeds have been seen lurking under the counters, snatching aforementioned things with little thought of personal safety.

One coed has reputedly imported from Tucson, Arizona, several 12-foot cacti. (Who's getting stuck with that!). Another coed, with close connections, has a prisoner's hat, ball, and chain from the local pen.

And still another coed has been frantically knitting a pair of hip-length argyle snuggles. Little gnomes dressed in red and white, along with black spooks have been haunting people on the local thoroughfare. (Ellen Smith Hall and Student Health have reported several nervous breakdowns.)

Matters are not helped much by the mad laughter coming from the fourth floor den of the black spooks in the Student Union.

And all for what—Corsages for the Mortar Board ball, Friday, Dec. 12, at the Coliseum.
