

NSA Committee to Wait On Used Book Campaign

The projected collection of used text-books for students in Europe by the National Student Association committee has been temporarily postponed on the advice of Chancellor R. G. Gustavson, Marge Anthony, chairman of the committee, announced today.

"The drive has definitely not been postponed," Miss Anthony said. "We are waiting for directions from Harold Snyder, director of the government's Commission for International Educational Reconstruction. Upon receipt of his letter, the NSA committee will continue collections.

No Train Space.

Committee members, in an interview with Chancellor Gustavson, found that space on the Lincoln Friendship train will not be available since the planned cargo will consist entirely of food.

Miss Anthony urged students to refrain from selling their used textbooks at the end of the semester until word has been received from Director Snyder. It is expected that the CIER chief will inform the committee as to shipping space problems and particularly the types of books that will be permitted to enter Europe and are needed there.

Tentative arrangements have been made with the Nebraska

Book Store to allow students to sell their used books there and apply portions of their credit toward late copyright technical books which would then be included in the shipment. These arrangements, Miss Anthony said, will be completed by the end of the week and the used book drive will probably continue then.

All-Vet Convo Gets Walker Report Today

Norman E. Walker, the Uni Vets delegate to the recent National Conference of Veteran Trainees, will report on activities of the conference when he makes the principal address at an all vet convocation Tuesday at 3 p. m. in Love Library auditorium.

Walker, in a statement printed in The Daily Nebraskan last week, said that Nebraska's congressional representatives expressed themselves as favoring a reasonable increase in GI bill allotments. But when the convening veterans tried to get passage of the Meade Bill (HR 866) before the special session of congress adjourned, they were rebuffed. The bill was tabled when the House voted a gag rule in the last 24 hours of the session, so that congressmen could get home for the Christmas holidays.

Vets Want More.

Delegates to the veteran conference then voted to amend the Meade bill, revising the payments upward. They would like to see enactment of a new GI Bill paying \$100 for single veterans, \$125 for married student veterans and \$10 for each additional dependent. Current GI Bill payments are \$65 and \$90, with no provision for dependents.

Keith Kittle, former Uni Vet president, will present statistics gleaned from a veterans' living expenses poll recently conducted on the campus and at several Nebraska colleges. He will compare living expenses at Nebraska with costs veterans are carrying at other schools across the country.

Provisions have been made to bring vets living at Huskerville to the convocation. The regular 3:30 Huskerville bus will leave at 3:45 and arrive at Love Library in time for the convocation.

Coed Debaters Win Top Rates At Conference

Three members of the UN women's debate squad carried off excellent ratings, while a fourth, Eloise Paustain, a sophomore, was rated "superior" highest debate honor, at a conference held last Friday and Saturday at the Illinois State Normal university in Normal, Ill.

The squad took part in both debate and discussion activities, but the results of the three rounds of discussion have not been given to the Nebraska faculty as yet.

The team composed of Mary Dye and B. J. Holcomb won four and lost two debates in the course of the conference, while the team of Jackie Wightman and Miss Paustain split even with three wins and three losses.

Among the prominent debating schools who competed in the conference were Northwestern U., Marquette, Augustana college, and Wheaton college. It was estimated that about 25 or 30 schools participated.

'Huskerland' Author Dedicates Winning Song to Gen. Pershing

"I wanted to write a song for the University of Nebraska that would become as familiar as the Notre Dame Victory March or 'On, Wisconsin,'" Harry Miner said in an interview with The Daily Nebraskan on release of his song, "Huskerland" to university students.

Miner, former Husker football player and an active alumnus on the West coast, wrote the song for a contest sponsored by the university alumni association. "Huskerland" was named the winner in May, 1942.

Written with the faint echo of Indian tom-toms in the background, the song traces Nebraska's athletic fame thru its leaders from the turn of the century. Miner said that he had dedicated the song to Gen. of the Armies, John J. Pershing, '92, because "the general was a real fighter and a real Cornhusker and I believe that this song expresses his spirit and the spirit of Nebraska."

Recorded.

"Huskerland" has been recorded by the Long Beach, California municipal band. J. J. Richards, director of the band, told Miner in a letter, "You have a very snappy and catchy tune, well-suited to the purpose for which you wrote it and it compares favorably with other university songs."

University band director, Don Lentz reported to The Daily Ne-

braskan that "Huskerland" had been played at the Oklahoma football game and that it would probably be in general use at university pep occasions as soon as band orchestras are available for the entire band.

Miner commented that his song was played at a football game for the first time by the Notre Dame varsity band at the Nebraska-Notre Dame game. It was played in honor of Gov. Val Peterson and Michigan's Gov. Kim Sigler, both Cornhusker alumni. Arrangements for playing the song were made in a week, the songwriter said, "demonstrating Notre Dame's eagerness to cooperate."

General Pershing.

When General Pershing received word of the dedication of "Huskerland" to him, Miner received a letter of personal thanks. While Pershing is too ill to have the song played for him, he has had copies sent to army bands throughout the country.

Miner expressed the desire that any royalties or funds received from "Huskerland" be placed in a fund to establish a university scholarship. He said that he hoped both the song and the scholarship would serve as inspirations to keep "the Cornhusker spirit alive."

Words and music of the song will be printed in The Daily Nebraskan at a later date.

Missouri '5' Overpowers Husker Quintet, 65-54

Gallant Husker Bid Fails To Halt Rampaging Tigers

BY RALPH STEWART (Daily Nebraskan Sports Editor)

It was sweet revenge for the Missouri Tigers Monday night and bitter defeat for Nebraska's Fighting Cornhuskers as Coach Sparky Stalcup's cage crew blasted the Huskers, 66-54, before 8,300 partisan fans in a rough tilt played on the Coliseum maples.

Europe Plan Is Friedrich Topic Today

The second in a series of lectures by Dr. Carl Friedrich of Harvard, sponsored by the Montgomery lectureship, will be presented today at 1 p. m. in Social Science 302. Dr. Friedrich will speak on "The Marshall Plan and the Economic Outlook for Europe."

Tuesday afternoon, the Harvard professor will address the University faculty on general matters pertaining to the European situation. An informal discussion period will be held following the address in which the speaker will answer general questions on the situation. This meeting will take place in the Faculty Lounge of the Student Union from 3 p. m. to 4:30 p. m. with Dr. Lane W. Lancaster in charge.

Wednesday Program.

Wednesday at 8 p. m., Dr. Friedrich will continue his discussion of the "Democratization of Germany" in the auditorium of Love Memorial Library. He will concern himself with the destroying of anti-democratic forces: demilitarization, denazification, and deindustrialization. Monday night, Dr. Friedrich outlined the general problem of Germany and the re-establishment of constitutional government.

Authority.

Dr. Friedrich is the first lecturer to appear here by virtue of the Montgomery Lectureship on Contemporary Civilization. This endowment, in memory of James Henry Montgomery of Fremont, offers a stipend of \$1,000 to a prominent lecturer to generate constructive thought on contemporary problems. Dr. Carl Georgi is chairman of the lectureship which will offer one such series of lectures each year.

The lecturer will conclude his talks on Thursday and Friday of this week. Thursday he will continue his discussion of the Marshall Plan in 302 Social Sciences at 1 p. m. Friday night at 8, he will conclude his discussion of "The Democratization of Germany" with the consideration of "Building the Democratic Foundation—A Free Press, A Free Education and a Free Community."

The Tigers' superior height and beef spelled a second conference defeat for Coach Harry Good's charges and evened the count between the two clubs with a win each in two meetings this season. The Huskers nipped Miz-zou, 46-44, in a Big Six pre-season tourney clash at Kansas City.

Nebraska drew first blood in Monday's battle as Forward Claude Retherford dropped a charity toss. Missouri's Ben Bide-well and Nebraska's Rod Cox exchanged fielders before Stalcup's fiery court masters began warming the nets.

Tigers Strike Fast.

Before four minutes had elapsed the Tigers were sporting a 9-3 advantage. And with eight minutes gone the lead was upped to 22-6.

Coach Good replaced his Husker regulars with a fresh reserve quint. A gallant bid by the seconds with Bus Whitehead sparking, pulled the Nebraskans up steadily and by halftime had the margin whittled to 29-24.

The Scarlet scrappers returned for the final half and converted four successive free throws to trail Miz-zou, 29-28. William Haynes added two for Missouri but Cox countered with a charity toss and Neal Mosser hit with a field attempt to knot the count at 31-31 with four minutes of the second half gone.

From that point on the Huskers tired and the Missouri quint began to roll. With eight minutes gone in the final canto Missouri sported a 46-35 advantage and with eight minutes remaining they were ahead 58-43. A free throw by Joe Brown and two quick baskets by Dick Srb cut the Missouri margin to 12 points at the gun.

Rough Battle.

Nebraska was guilty of only seven infractions during the torrid first half but committed 17 fouls in the rough final period. Missouri lost two men via the foul

Extension Division Tells of Night Classes

The Extension Division of the university has just issued the announcement of evening extension classes for next semester.

Registrations are now being taken at the office of the Extension division, main floor, Architectural Hall. Students who wish to register for one or more evening extension classes should call at the extension division for a special form which must be signed by the student's adviser before his registration may be completed.

Registration Passes Halfway Mark Late Monday Afternoon

Registration will begin Tuesday morning with ticket No. 5325, according to the Assignment Committee.

As of 3:30 p. m. Monday, the list of closed sections and courses was as follows:

- New and Re-opened Sections. Art 10 Sec. 1. Art 106 E. Art 107 E. Art 108 E. Ed 8, Lab A. Ed 106, Lab A. Bus Org 17, Sec. 2, 10, TThr 315 88. Lab A, 2-4, Thr, 311 88; Lab B, 8-10. Fr 311 88. Graduate Club Cancels Dinner

The Graduate Club banquet originally scheduled for 6:15 tonight in Union parlors XYZ has been postponed until late in February. Approaching exams and other circumstances beyond the planning committee's control have forced the postponement.

The large number of students who bought banquet tickets at the Union office may recover their money upon presentation of their tickets at the Union office, according to Rosanne Svoboda, program committee chairman. Announcement of the re-scheduled date will appear later, she said.

Music Group Against Ban On Recordings

The National Association of Schools of Music adopted a resolution against the ban on recordings at its 23rd annual meeting at the Hotel Statler in Boston.

Arthur Westbrook, director of the School of Fine Arts, was Nebraska's representative to the convention.

The resolution read in full: "The National Association of Schools of Music wishes to emphasize the fact that the proposed ban on recording by the American Federation of Musicians deprives the schools of music of the United States of one of their most essential tools in the teaching of music. The association realizes that there are economic issues involved which cannot be easily resolved—except perhaps by a revision of the out-moded copyright laws which can only be accomplished by Congressional action. At the same time, the association re-emphasizes the fact that recordings are today as essential in the teaching of music as is the microscope to the teacher of science and that the basic economic problem cannot be solved by merely discontinuing the making of records."

Donald M. Swarthout of the University of Kansas was elected president of the association for the coming year.

Social Workers Exhibit Traces Past Growth

A display, created for bulletin-board showing, has been placed at the south end of second floor Social Science by the Graduate School of Social work to show the growth of this field of study over a period of years.

Consisting of a large water-color scene, the display shows a hilly landscape criss-crossed by rivers which empty through a single channel into the sea. This represents steps in the advancement of social work.

The river-routes are marked at intervals by dates in the history of the growth of social work which indicate great single advances, such as the establishment of the first orphanage in America 1729, and the founding of the first school of social work in the United States, 1899.

Menuey to Head '48 Newman Club

Ray Menuey, Biz Ad sophomore, was elected president of the Newman Club for the following year at a general meeting held at the Student Union Sunday afternoon.

Menuey succeeds Jerry Gill as club president. Others elected to offices include Jack DeWulf as vice-president; Ed Trumble, treasurer; Mary Ellen Schroeder, corresponding secretary - and Jeanne Foster, recording secretary.

On taking office Menuey announced that work would begin immediately on projects for the new year, including the extension of the fund to build a new chapel on the university campus.
