

YMCA Forum On Civil Rights Set Wednesday

A forum on "How Will Civil Rights Legislation Affect Us?" will be presented tonight at 7:30 p. m. in the lounge of the University YMCA. Moderator for the forum will be Charles Goolsby. Rev. Jack Lepke, Congregational student pastor, will point out "How Civil Rights Legislation is related to our 'American Dream.'" The forum's other speaker will be Gene Berman, who will explain "How Civil Rights Legislation Plays and Important Role in World Politics."

Open to All.

This issue is now grabbing the headlines in newspapers. The forum is sponsored by the Social Action Commission of the University YMCA and is open to all students.

Civil rights legislation has been much opposed by Southerners and it is also one of the important issues of the Wallace Third-party drive. Gordon Lippitt, executive secretary of the University YMCA, commented on the forum by saying, "This issue is one of the most important battles of our present-day scene. Democracy is on trial before the public opinion of the world."

Cabinet to Meet.

The panel will start at 7:30 p. m. and will be open for questions from the floor. Prior to this session there will be a meeting of the University YMCA Cabinet at 6:30 p. m. in the Temple.

State Stassen headquarters announced Monday that organization work of a Stassen-for-President club on the university campus will be directed by Gene Ells and Roland Luedtke.

NOTICE TO VETERANS

The law increasing subsistence to veterans attending school, and pursuing a full-time course, goes into effect April 1, 1948. This means that the first checks for this increased subsistence will arrive on or about May 1, 1948. The raise in subsistence will be automatic for those veterans who do not claim any dependents, and also for those veterans who claim only one dependent and have furnished proof thereof to the Veterans Administration. Veterans who will now claim more than one dependent will be required to furnish proof of the additional dependents if they have not already done so. The veteran's name and C-number should be attached to that proof. For example, a veteran with a wife and a child has probably already submitted a certificate of public record of marriage. He will also need a certificate of the birth record of the child. No additional application forms are required.

Those veterans concerned should proceed at once to obtain legal proof of additional dependents and submit the same to the Regional Office of the Veterans Administration. Veterans may, if they so desire, leave such proof at the office of the Veterans Consultation Board, 101 Mechanic Arts Hall, where it will be transmitted to the Regional Office of the Veterans Administration.

Proof that is furnished prior to July 1, 1948, will be retroactive to April 1, 1948, provided the dependency existed prior to April 1. Proof that is furnished after July 1 will not be retroactive. Since no increased subsistence will be paid until the proof is in the hands of the Veterans Administration, veterans should proceed at once to obtain such proof.

J. P. Colbert,
Director
Veterans Consultation Board.

Snow Maroons Ag-City Buses

Although Lincoln grade and high schools were closed Tuesday because of the heavy snow on city streets, university students plowed their way to classes.

Ag students were "forced" to miss morning city classes as they watched two city buses attempt to get out of drifts near the Ag bus stop. Normal bus service was restored about noon.

In spite of the icy sidewalks, no serious injuries resulting from falls have been cared for at Student Health.

SDT, Towne Club Follies Winners; O'Donnell TNC

Omaha Girl Wins Honor

Peggy O'Donnell, arts and science sophomore from Omaha, was presented as the "Typical Nebraska Coed of 1948" at the annual Coed Follies Revue Tuesday evening at the Nebraska theater.

Before a capacity crowd, Jean Compton, vice-president and acting president of AWS, introduced Miss O'Donnell as the "NU Look" following the style show in which 22 finalists participated.

Daughter of Mr. and Mrs. Eugene F. O'Donnell of Omaha, the vivacious and smiling TNC is a psychology and sociology major and hopes to become a social worker. She has a high scholastic average and is a member of Tassels, YWCA and Alpha Omicron Pi.

The style show, directed by Jane McArthur, was centered around the theme, "The New Look on the Nebraska Campus," and featured Kay Ham as "Dame Fashion" introducing each model as she appeared. The 22 finalists for Typical Nebraska Coed modeled clothes in four general classes, Date Dresses and Formals.

Miss O'Donnell was presented immediately following the style show. She was selected by a faculty-student board from the 22 finalists on the basis of appearance, personality, scholarship and extra-curricular activities.

The new typical coed is five feet two inches tall, weighs 120 pounds, has blue eyes and light brown hair. The average of the 22 finalists was: five feet four inches tall, 128 pounds, blue or green eyes and dark hair predominating. Miss O'Donnell's scholastic average was approximately eight points above the group average.

'Artistry in Fashion' Is Theme Of Home Ec Club Style Show

"Artistry in Fashion," the theme of the '48 Home Ec style show, will be carried out in the presentation of the fashions and in the decorations for the show. The revue will be held this evening at 7:30 in the Foods and Nutrition building at Ag college.

With special emphasis on color, the fashion artistry will be evident in the "color wheel" manner of introducing each model. Starting with the yellow and brown fashions, the show will progress through the whites, greys and blacks to the dynamics of red, blue and green.

Two Shows

Since the show is being held simultaneously in both the Banquet room and the Cafeteria dining room the Foods and Nutrition building, the 56 models will go from one room to the other while a commentator in each room comments on each garment. Refreshments will be served during the intermission.

Many of the fashions are original designs and creations of the girls who model them. Emphasis of the simpler dresses will be on pert cotton springtime styles. Some blouses that have been made in the beginning clothing classes will also be modeled this year since blouses have become

John Carson 1st Male MC

BY EARL KATZ.

"Variety is the spice of life..." This was proved last night at the Nebraska theater after the curtain fell on the last act of the Coed Follies of 1948.

The audience proved it when 1200 girls gave the Sigma Delta Taus' skit "Heaven Scent," a tremendous applause for first prize in the skit contest.

First place in the curtain acts was awarded to the Towne Club for their production entitled "Choo Choo Chew Chew," an ingenious play with clever costuming.

Audience Approves

The audience proved it again when Peggy O'Donnell was presented as 1948 Typical Nebraska Coed and received a big hand from the crowd.

John Carson was the first male MC that the Coed Follies have had and proved to be a great hit with the audience. His dummy, his portrayal of a typical war movie and various magic made every interlude between acts diverting.

"Heaven Scent," the SDT skit, featured a bride, Charlotte Katzman, who was looking for the right flowers to wear at her wedding and was presented several varieties one by one. The daisy was Patsy Glazer, dressed in an appropriate costume. The bluebells were Sylvia Shyken, Helen Herschorn and Marsha Tepperman. Bridesmaids were Gloria Ferschtman, Lorraine Davidson and Myrna Samuelson. Arleen Fischer, director of the program, portrayed the rose. Berniece Bessel was the naughty Snapdragon while Florence Nuremberg was the orchid.

Tri-Delts Second

Winning second place in the skits were the Tri Delts with a survey of old fashioned bathing suits from 1880 to 1948. For the 1948 bathing suit a dazzling strapless suit was modeled.

The "Candy Shop" of the Chi Omegas took an undisputed second in curtain acts by offering red hots, Russian mints, salt water taffy and licorice for the audience's taste. Licorice was portrayed by blackfaced, black-

an integral part of the "new look" wardrobe.
