

## Dr. H. S. Diehl to Address Health Convo Next Week

Dr. Harold S. Diehl, noted author, will be the principal speaker at a convocation honoring the new university student health service in the Union Ballroom Thursday, April 15, at 11 a.m. The convocation will be open to the public and interested students.

Diehl, a pioneer in student health work, has written several medical books including "Healthful Living," which is used in several classes in the university. He is also past president of the North Central Student Health association.

### Discussion Held

A panel discussion will be held at 2 p.m. Thursday in the Love Library Auditorium. It is primarily held for representatives from state colleges in Nebraska. Appearing on the panel with Dr. Diehl will be Chancellor R. G. Gustavson and Dr. Harold Leuth, dean of the university Medical college.

After talks by these men, the discussion will take place led by Diehl, Gustavson, Leuth and visiting directors of student health institutions in neighboring states, Dr. Holden of the University of Colorado and Dr. Robertson of Denver university.

The discussion will consist chiefly of questions asked by various representatives of the 23 colleges in the state. Following the discussion, a few minutes will be spent to determine whether or not there is enough for a state meeting in the future on student health work.

A questionnaire has been sent to each college in the state inviting them to the convocation and asking for questions they would like to have discussed the afternoon session.

## Mitchell Named GOP Treasurer

Gene Mitchell was elected temporary treasurer of the Young Republicans at a meeting last night. All present officers are temporary, and election of permanent officers will take place in May.

Membership cards were distributed to those present. Students wishing to join the organization are invited to attend the next meeting, which will be held April 22. Membership cards may be obtained from present members, or from Tom Brownlee, chairman of committees.

More than 156,000 World war II veterans during January applied for educational and training benefits under federal programs administered by Veterans Administration. Seeking training under the G.I. bill were 140,300. Another 15,700 applied for training under the vocational rehabilitation act (public law 16) for disabled veterans.

The trainee who has withdrawn from training and later desires to resume his studies under the G.I. bill benefits must obtain a supplemental certificate of eligibility from VA.

## Negro Chorus Plans Concert Of Spirituals

The Hub of Harmony chorus, composed of 11 Negro college students, will present a concert Sunday, April 18 at the Coliseum.

Admission to the program will be free. Any proceeds from the concert will aid the chorus members in furthering their education.

The chorus has made broadcasts over all three local radio stations, and has appeared throughout the state and in Missouri and Kansas this year. Most of the members of the group had previous stage and radio experience before organizing the chorus.

Director of the Hub of Harmony chorus is Frank W. Hale, Jr., of Topeka, Kansas. Hale has shown interest in music throughout his life, participating in quartets and choruses since the age of eleven. Wayne Hooper, sponsor of the group, is a former radio singer of the west coast. He assists Hale with the arrangements of the group's numbers.

The chorus specializes in Negro spirituals, and has been well received in previous appearances.

## ROTC Opens Registrations For Top Corps

Col. Howard J. John, University PMS&T announced today that applications for the Advanced ROTC course next fall are now being accepted.

Courses are available for artillery, engineers, military police, infantry, ordnance, and air force.

Upon completion of the course, qualified students are commissioned second lieutenants in the Officers Reserve Corps. Students designated by the PMS&T as distinguished military students may, upon graduation, make application for regular army commissions.

To be eligible for the advanced course, students must have completed either the basic ROTC course or have had one year of service in any of the armed forces.

Students making applications must pass mental and physical exams and meet a screening board. The board consists of an officer from each of the branches represented at the University.

Registration in the advanced corps is by permission only. Students must secure application blanks from room 110, Military and Naval Science building at least one week prior to registration.

## Newsprint

### WEATHER

Thursday's cool weather will continue into the weekend. Friday's temperature should be in the upper fifties, low near 25, but with otherwise fair weather.

### U. S. AIRPOWER

President Truman Thursday asked congress for a \$725,000,000 "Airmada" fund.

The house appropriations committee, to which the request was directed, promised to report out a bill granting the funds next week.

The money is for an expansion of the airforces and would be used during the coming fiscal year. It is part of a program which will add \$3,000,000,000 to the defense budget next year. \$11,000,000,000 had already been allocated to the armed forces.

Congressional reaction seemed in the main favorable. But, it was indicated that consideration of UMT legislation will be delayed by the move.

### THE REPUBLICANS

Politicians over the nation seemed willing to wait for the outcome of the Nebraska preferential primary before committing themselves on the Republican race. Governor Thomas E. Dewey, admittedly jarred by the Wisconsin primary, still leads the fold in number of pledged delegates.

### All Berlin is Divided Into Three Parts

British officialdom re-angered Thursday over Monday's Soviet-British air collision. Considera-

tion is again being given the use of fighter escorts for British transports.

The Russian reply to the protest note was unsatisfactory to the British.

### "... AND HEAVEN TOO"

Henry Wallace, now in Indianapolis, continued to charge that the "bi-partisan bloc" engaged in warfare against the American people. He asserted they are victims of a "campaign to create fear."

The administration section of Junior Division is being moved to Temporary "A" building. The Junior Division office will not be open until Monday at 8:00 a.m.

All Junior men in activities with a minimum of 89 hours and a maximum of 108 hours by the end of summer school, who believe they possess at least an 80 average are asked to mail their name, address and telephone number to Stanley Johnson, president of Innocents society, 1548 S street, before Monday, April 12.
