## NU Theatre Director Reveals 'Faust' Cast

### Wenstrand, Theatre Veteran, Will Portray Leading Role

Cast members for "Faust" first University Theatre production of the year, have been announced by Dallas Williams, theatre director.

Heading the cast of Goethe's famous play will be Jack Wenstrand, in the title role. A University Theatre veteran, Wenstrand was an outstanding performer in "Winterset" last season as Judge Gaunt.

**Mephistophles and Margaret**  
Two other leading characters, Mephistophles and Margaret, will be played by Dwight E. Smith and Catherine Worcester, respectively.

Both Miss Worcester and Smith are newcomers to the University Theatre stage, though both have had experience in the Experimental Theatre field.

Williams believes "Faust" is the "most difficult play ever attempted by the University players. The three main characters are especially difficult ones," Williams said.

#### New Theatre Home

The play is to be presented Oct. 31, Nov. 1 and 2. All University Theatre productions for the 1949-'50 season will be given at the Nebraska theater, 12th and P. This is necessary because of the condemnation of the Theatre's home stage, the Temple theater.

Other members of the cast for the German classic drama include: Raphael (student), Ced Hartman; Gabriel (Wagner and Valentine), Don Nichol; Michael (He-Ape), Ed Weisenreder; Martha (woman and witch), Sharon Fritzier; Lilith (She-Ape), Marilyn Morgan. The characters in parentheses indicate that the actors will play both parts.

#### Remainder of Cast

Also in the cast are Lizzie (apple-vendor), Twila Walker; old hag (witch), Marjorie Miller; 1st apprentice (wizard), Michael Shanahan; 2nd apprentice (wizard), Robert Russell; 3rd apprentice (wizard), Robert Lee; 1st male citizen (wizard), Milton Grobeck; 2nd male citizen (wizard), Jack Thornburg.

The remainder of the cast includes:

## Soviet A Bomb No Surprise Says Gustavson

"It is not a surprise, but brings up serious concern over the matter of international control," was the reaction of University Chancellor R. G. Gustavson following the announcement by President Truman that Russia has the A bomb secret.

Dr. Gustavson, who was a wartime member of the board of governors of the Argonne atomic laboratory, said the Russians have a number of very capable scientists who could have completed such a project.

The Chancellor raised such pertinent questions as whether the whole Russian uranium supply is in Czechoslovakia, or whether there is a source in Russia itself. He said the American scientists who completed the bomb for this country estimated in 1945 that it would take five years for the Russians to complete their research. It is now four years later.

He concluded with the remark, "One thing I'd like to know: How did they get it?"

cludes: 1st male student (wizard), Robert Pfeiler; 2nd male student (wizard), Garth Lof; 1st female peasant (witch), Vera Duerschner; 2nd female peasant (witch), Kaye Ann Moore; 3rd female peasant (witch), Dorothy Williams; 1st working girl (witch), Barbara Malm; 2nd working girl (witch), Lois Nelson; 3rd working girl (witch), B. ## Big Sisters Begin Contest For Emblem

It's another contest!

The Coed Counselors need an emblem and are launching a campaign for a winning design.

Participation in the contest is restricted to the organization members and will begin immediately, lasting until Dec. 1.

As sponsors of the contest, the Coed Counselor board asks that the design be submitted in neat darning and that colors be used. It should be symbolic of the organization and its work on campus.

Finished work should be turned in at Miss Elsie Ford Piper's office in Ellen Smith hall, with the participant's name and phone number attached. A prize, which will be announced at a later date, will be awarded to the winner by the board members and Miss Piper, who will act as judges.

"It will be worth your time to enter the contest," says Tish Swanson, board member. This emblem will be the first in the history of Coed Counselors on the University campus.

## Coll-Agri Fun Elects Wilson Board Manager

The Coll-Agri-Fun board sponsors a program of skits and curtain acts in the fall of each year.

A traveling plaque is presented to the winning skit and a cash prize to the winning curtain act.

Chancellor R. G. Gustavson praised the work of Dr. L. E. Hanson at the research center and said the center would be of "untold value" to the swine industry in the state.

## Ag Agronomy Building Plan Announced

A five year dream of the Ag college is about to become a reality.

Plans for the new Agronomy building on Ag have been completed by the building committee of the University and the Agronomy department, according to Charles W. Fowler, director of buildings and grounds.

**Blueprints by Commercial Artist**  
Mr. Fowler stated that he is now attempting to place the plans in the hands of a commercial architect who will draw up the final blueprints.

"I hope architect's plans will be complete in time to take bids next spring," he said.

**Building to Start in Summer**

If this is possible, the building committee contemplates that construction will get under way next summer, he said. It will take approximately one and one half years to complete the structure.

Funds for the construction of the building are now available, he said. The cost of the new building will be 850,000 dollars; \$100,000 of this will be equipment.

**U Shaped Building**

The building committee is planning a U shaped building, Mr. Foster stated. It will have two upper stories and a full basement.

The structure, according to the present plans, will have a 196 foot 8 inch front with wings going back on each side. The wings will be 126 feet long and 50 feet wide. It is to be constructed northeast of the Ag Engineering building.

One large lecture room, office space for agronomy department personnel, smaller lecture rooms and laboratories, are included in the plans for the building.

## 'Potsy' Terms Dad's Day 'Tribute' to State Fathers

"Dad's Day is a tribute to fathers of Nebraska students who are often forgotten in the rush of college life."

Those are the words of Athletic Director George "Potsy" Clark, who encourages students to have their father's attend Saturday's game with Minnesota.

"Potsy" added, "The interest of the dads is shown by the fact that 32 fathers of football team members will be here for the game. I believe the interest of the fathers is just as great in sons who are in school for studies alone."

**Gustavson to Attend**

Clark, along with Chancellor Gustavson, will welcome the dads at the luncheon to be held at the Union Saturday morning. The dinner will start at 11:30 a. m., and will be over at 1 p. m. This will give those attending ample time to get to the Stadium.

Tickets for the lunch will be on sale in the Union this week. The capacity of the dining room is limited and only 300 can be served. The tickets, on sale at \$1.25 per plate, will be sold on a first come, first served basis. Any male or female student can bring their father.
