

# Morris Gives Instructions To Card Section Members

"A novel idea is in store for Nebraska football fans," says Jerry Morris, manager of the card section for Gamma Lambda, band fraternity, speaking of the moving pictures to be tried Saturday.

Gamma Lambda is planning the card section this year. All flashes are coordinated with the band formations on the field.

This week the theme will be "transportation."

**Morris Says 'Thanks'**  
Morris also expressed his thanks for the fine spirit shown by the card holders at last Saturday's game.

Instructions for the coming game are as follows: Students sitting in the card section are

requested to study these directions carefully.

The first two flashes are the same as those in the past and will be done in the same manner.

### Moving Cards

The rest of the show is series of moving cards with two distinct parts.

The group will be divided into three sections:

**S—meaning stationary**—these are not changed or moved throughout the series of flashes. They will be flashed on the count of three.

**M—meaning moving section**—the people in this section move their cards in the following manner: Hold card by the top. Flash

the card on count 3. As the counting starts over the card holder will move his card clockwise (if M-1) and counter-clockwise (if M-2) in this way:

For M-1—on count 1 both hands on top of the sheet. On count 2 reach with left hand to the top sheet of the person sitting on your left, and on count 3, hand card to the person holding your card and take the card that you have hold of and hold it in front of you.

Repeat this seven more times. On the 7th time the signal will be prepare 1, prepare 2, back 3. The next count will reverse and go the opposite way (counter-clockwise) for 8 times.

M-2 is the same as M-1 except pass the cards counter-clockwise. Reach to the right with the right hand.

### For Center Section

**C—center section**—on count 3 flash card for flash number 3 and hold until you hear these cues: Prepare 1; prepare 2; back

3, and flash the next card on the following 1 count.

The difficulty of hearing the counts will be relieved if those who can hear will shout the count. Card holders are to be reminded of the need to save their cards. Mimeograph copies of in-

structions will also be on the card holder's seat.

There have been some changes in the seating in the card section. Some students who formerly sat in the card section will be changed to seats in other parts of the stadium.
