Good Optimistic as First Week of Basketball Ends

Coach Harry Good announced that the varsity basketball team is rounding into good shape after the first week of practice.

The team now consists of 27 men, who will be divided into the varsity and "B" teams in the next few weeks. The varsity squad will consist of 14 men after the separation process.

Coach Good says the team is moving along well on fundamentals. They have been working on team offense with no opposition. The condition of the players is such that full scale scrimmage will start soon.

Dog-Eat-Dog

Good believes that the Big 7 race will be a dog-eat-dog affair all winter because of the excellent crop of freshmen hoopsters coming up in all the conference schools. All schools of the loop will have more sizeable teams than last year.

There are seven sophomores on the roster now and they all show favorable promise of producing some top-flight basketball this year. Buck Buchanan, Andy Bunten, J. Fulford, A. Blessing, G. Walton and N. Wilnes are the Soph aspirants.

Some old standbys that have been workhorses in the past and are beginning to round into top form are Dick Srb, Joe Malecek, Hank Cech, Bus Whitehead, Bob Pierce, Joe Brown, and Tony Lowry.

Frosh Drills

Frosh coach Tony Sharp has been drilling some 70 freshmen hopefuls since October 17. He expects to have 10 to 15 more report after the close of freshmen football.

Freshmen football coach Ike Hanscom will take over "B" team

basketball at the end of the grid-iron season.

Good will put his charges thru a series of fundamental maneuvers, various types of defense, and some tricky offensive plays.
