

## Try-Outs for Summer Theater Play Announced

### Comedy Chosen For Production

"Ladies of the Jury" by Fred Ballard has been chosen for the Summer Theater production to be given July 23, 24, and 25 in the Union ballroom, according to Dallas Williams, director of the Summer Theater.

Try-outs for the play will be Tuesday, June 26 from 3-5 p.m. and from 7-9 p.m., and June 27, from 2-4 p.m. in Room 201 Temple. All students in summer school are invited to try out.

The comedy which was described as "hilariously funny" by the New York Times, has a cast of 22 actors, nine women and 13 men.

The comedy takes place in a court-room, where a woman is on trial and if found guilty, will be sent to death. Mrs. Crane, the eccentric aristocrat, interrupts the court proceedings from time to time and finally casts the one "not guilty" vote.

Then Mrs. Crane uses her own unorthodox ways of changing people's minds to save the life of the innocent defendant.

"Ladies of the Jury" was written in 1929 and played "successful runs" in New York, according to Mr. Williams.

Mr. Ballard is a native Nebraskan and is living in Lincoln at the present.

## N.U. Graduate Wins Honors

Donald Gallagher, Jr., graduate of the University of Nebraska electrical engineering department in 1950, has won top honors at the Yale University Scientific Graduate College.

He received his M.A. degree in June with honors, the Yale University equivalent of 100 per cent in every course carried. Mr. Gallagher attended Yale with the assistance of an Edison Fellowship, first ever awarded to a Nebraska graduate.

He graduated from Nebraska with distinction and was an honor student as an undergraduate. He served in the Navy during World War II.

## All-Staters Give Music Recital

Seventeen All-State students will present a recital Friday June 22, at 2 p.m. in the Union ballroom.

Those included in the recital and their selections are:

- Atlantic Zephyrs ..... Simon Harrison, Trombone
- When I Think Upon the Maidens... Head Fred Allen, Voice
- Drums Along the Front ..... Latta Charles Lundstrom, Snare Drum
- My Soul Is Athirst For God ..... Stiekles Dean Enteklin, Voice
- Value Brilliante ..... Mosskowsky Shirley Ochsner, Piano
- Adagio—Sonata in G Minor ..... Tartini Barbara Dahlquist, Violin
- Will You Remember ..... Romberg Yvonne Moran, Voice
- La Coquette ..... Heistadt Jack Cowden, Baritone Horn
- Romance ..... Wiemanski Betty Rock, Violin
- O Cessate di Pagarini ..... Scarlatti Jean Austin, Voice
- La Virgen de la Marcarana ..... Mendes Bill Grosse, Trumpet
- Downfall of Paris ..... Snider Billie Croft, Snare Drum
- Who Is Sylvia ..... Schubert Donald Boies, Voice
- King Mydas ..... Burdick Jack Nispel, Tuba
- The Crying of Waters ..... Campbell-Tipton Caroline Rhodes, Voice
- Atlantic Zephyrs ..... Simons Edward Velta, Trombone
- Una Voce Poco Fa ..... Velda Stoneypher, Voice

## All-Staters To Present Final Recital

All-State activities will end Thursday, June 28, at 7:30 p.m., when the final concert is held. The entire enrollment in All-State will take part in this program which will be held on the mall in front of the Stadium.

Two other concerts will precede this final concert. They will be Sunday at 3 p.m., in the Union ballroom and Tuesday at 7:30 in the Union ballroom. Emanuel Wishnow will conduct the All-State orchestra Sunday and Lyle Welch will conduct the band program Tuesday evening.

Included in the program for the final concert are:

- BAND**  
His Honor, March, Fillmore; Stradella, Overture, Flotow; American Weekend, Suite, Morrissey; Stars and Stripes Forever, March, Sousa; Lyle Welch, conductor, director of band, Lincoln high school.
- SPEECH CHOIR**  
Casey at the Bat, Thayer; Life, Hill; The Judgment Day, Johnson; Kitchen Clock, Unknown; Maxine Trauernicht, conductor.
- ORCHESTRA**  
Czech Rhapsody, Weinberger; Trumpeter's Lullaby, Anderson; American Salute, Gould; Emanuel Wishnow, conductor.
- CHORUS**  
Save Us, Oh Lord, Matthews; Be Thou Not Guilty, Oh Lord, Morgan; I'll Never Turn Back No More, arr. Johnson; Gospel Boogie, Abernathy; Dark Eyes, Russian Gypsy Song, David Folts, conductor.
- ENTIRE ALL-STATE PERSONNEL**  
All Glory Laud and Honor, Teschner. David Folts, conductor.

## Methodists Hold Series Meeting

Hosts to the Cooperative Series on Religion and the Humanities on Sunday, June 24, will be The Methodist Student House, 1417 R Street, opposite the Student Union.

Dr. Maurice C. Latta, Prof. of economics at the University, will be the guest speaker and his topic will be, "Religion and an Economic Point of View."

Dr. Latta is an ordained minister and is a member of the Congregational Conference. Prior to coming to the University six years ago, Dr. Latta was a Prof. of history at Doane college.

A cost lunch will be served at 5:30 and the discussion will start at 6:30. Student groups cooperating in the series are the Presbyterian, Congregational, Methodist, Episcopal, Baptist and Christian student houses.

## Alfred Gassner, Foreign Teacher, To Visit Campus

Dr. Alfred Gassner, head of the Translator's Institute, University of Graz, Graz, Austria, will arrive on the University campus June 25.

Dr. Gassner is visiting American universities and colleges to observe classroom work, campus life, and student activities and the administration of American universities.

He is consulting with leading authorities at various universities and in governmental education agencies in order to make recommendations for the promotion of desirable educational changes in Austrian higher education.

Dr. Gassner was born in Friedberg, Syria, received secondary and university education in Vienna and received his doctor's degree from the University of Graz.

After 1932, he taught in various schools in Graz. Since he served in the German army during the war he has been a teacher in Graz federal high school and a lecturer at the University of Graz.

## Former Faculty Member Dies

Anton H. Jensen, 58, former University faculty member, died Friday at the Veterans hospital.

Mr. Jensen was a native of Chicago. He was graduated from Blair high school and the commercial department of Dana college at Blair.

He later earned a bachelor of arts and master of arts degrees at the University. Mr. Jensen did graduate work at the Ecole Libre de Sciences Politiques in Paris and at the University of Chicago.

He was an instructor in romance languages at the University from 1919 until 1927.

He served with the armed services for two years during World War I.

Mr. Jensen was twice an unsuccessful candidate for governor on the democratic ticket. He was also a candidate for state superintendent.

He is survived by a sister who lives in California.

## Florence Cropp Dies; Thought Oldest Alum

Mrs. Florence Vaughn Cropp, 91, of Hinsdale, Ill., thought to be the oldest living alumnae of the University of Nebraska, died at her home June 8, the University Alumni Association reported Thursday.

Mrs. Cropp graduated in 1878 at the University's fourth commencement exercises. She had been a resident of the Chicago area for over 60 years. Her husband, Carl, died in 1946.

## Students Given Chance To Fly, Learn Aviation

### Trips in DC-3s To Be Planned

A summer laboratory in aviation education for University students began Thursday, June 21. The laboratories will be held every Wednesday and Thursday during the summer session except for the week beginning July 9, during which only trips on DC-3s will be held.

The laboratories are being conducted through the co-operative efforts of the Nebraska State Aeronautics Department and Teachers college. They will provide a series of flying clinics for groups of summer session students in education, and other interested university groups.

The purpose of the laboratory is to provide learning experiences which will better enable the individual to live in the air age. It is hoped that they will also let the individual see the social implications of aviation, and enable him to become acquainted with some of the technical aspects of flight operations, and to recognize the potential which aviation offers to the security and progress of the nation.

These experiences will enable the participants to enrich their learning and provide up to date resources for their use.

Two types of experiences are being offered. The first will involve a trip to Lincoln Municipal Airport where the groups will spend approximately two hours. During this time they will have guided experiences in the control tower and operations, will have an introduction to weather and its relation to aviation, and will spend time seeing the several aspects of aviation maintenance.

They will also study the training devices used by the Navy at the Naval Air Station, will be given the opportunity to learn about the operations of commercial aviation through the co-operation of United Airlines, and will have actual flight experiences which will be planned in advance to meet the needs and desires of the particular group.

Experienced pilots furnished by the State Aeronautics Department will participate as staff members during the entire summer program.

The second experience will likewise include an opportunity to learn about the ground operations of aviation but will involve larger groups in the flight experience.

A United Airlines DC-3 will fly groups of 20 persons on several flights of approximately one hour each. These flights will also be planned in advance for the purpose of illustrating those aspects of aviation which are best suited to the interests of the group concerned.

University classes or departments or other University groups interested in participating in these flying clinics, for which there is no charge, may contact Prof. W. L. Leeds, Room 322 Teachers college, or call University extension 3225.

## Annual Ag. Open House Is Today

The annual agronomy field day was held on Ag. campus, June 22. The program featured a tour of the University's test plots and discussions of many phases of crop production.

There were visits to the small grain variety test plots, including wheat, barley and oats.

An exhibit of the value of using lime and phosphorous on legumes was also held.

At 3 p.m. Mr. Charles Bourg gave a demonstration of the application of anhydrous ammonia, a liquid fertilizer.

The field day, headed this year by F. D. Keim, is an annual open house held by the agronomy and soils department of Ag. college.

## Henzlik Opens First Session Of Conference

The first session of the conference on mid-century problems in elementary education opened Monday, June 18, with Dr. Frank E. Henzlik as speaker.

In his address, "Elementary Education Looks Forward," Dr. Henzlik stressed the importance of new teaching methods in elementary schools. He stated that for the last half century attention has been focused on secondary schools, neglecting the lower grades. Good high schools, he said, should be based on good elementary schools.

"Elementary education is gradually coming into its own," Dr. Henzlik stated. He pointed out that the public is beginning to realize the importance of good grade schools, but must be educated to the importance of the child's need in learning more skills and concepts. Pointing out that the modern grade school must teach not only the 3 R's, but also to develop in children a realistic awareness of the problems of society, civic competence, work experience, a balanced personality, Dean Henzlik recommended six things to help elementary education come into its rightful place in Nebraska's educational program:

- (1) Smaller classes, which will permit teachers to know each student and his problems better.
- (2) Guidance programs whereby the so-called normal child can better develop reading, listening, speaking and other skills necessary to a happy life.
- (3) Develop a program of sound mental and physical hygiene.
- (4) Because we live in a world community, not a national one, children must be given learning experiences in social studies, understanding, tolerance, and citizenship education.
- (5) Adequate sound and hearing and other instructional aids are needed in grade schools.
- (6) Opportunities should be given grade school children to develop an appreciation and understanding of human relationships not only in the school but in the community.

## NU Teacher Also Delegate To UNESCO

Johannes K. Reumert, delegate from Denmark to the UNESCO world seminar on the teaching of geography, is teaching geography at the University during the summer school session.

The geography summer program, focused on regional studies, will include a seminar in educational geography directed by Mr. Reumert, who has been brought to the United States by the University for that purpose.

He is Lecturer at the Copenhagen Metropolitan School and the Copenhagen Teachers high school, and is a member of several Danish examination boards in geography, including those of the universities of Copenhagen and Aarhus.

He received his geography training at the University of Copenhagen, and has specialized in commercial geography, geomorphology, climate and vegetation zones, and the geography of Denmark.

Mr. Reumert will instruct a three hour class in the Geography of Western Europe.

TALKING OVER THE GEOGRAPHY OF THE WORLD are, from left to right, Theophil Richner, member of the Swiss National Commission for UNESCO, Johannes K. Reumert, delegate from Denmark to the UNESCO world seminar on the teaching of geography, and Dr. Leslie Hewes, professor of geography at the University during the summer session.
