Joan Krueger... **Price Of Black Suits**

Walk in the Union ballroom this afternoon of campus activities. These are the students who Cornhusker will replace the "old guard" when they leave. and you'll see hundreds of eager freshman coeds You will see a lot of eager faces—faces of girls anxious to be a part of the constant whirl of college activities. I wonder how long their faces On Wonderland will retain the enthusiasm.

A year from now, or perhaps two years, I wonder if they will look tired and discouraged. If the girls play the game right, they will keep the eager faces; if they don't, they will join the dozens of coeds who went into the activity world with a blindfold. When it was removed, there was a new face beneath it.

Girls at the Activities Mart today are ones who will spend spare minutes dashing to meetings, planning conferences, calling committee members, planning strategy and filing for positions for the 'next four years-or until they get discouraged, disappointed or "shafted."

There's an old campus ditty that goes: "Your brain may have no concept of reality, but you'll have personality." It sounds enticing and it CAN be. One thing to remember, if you intend to be successful in activities and respected by classmates; work in the activity for the activity itself, not for the long range goal of a black masque and robe on Ivy Day of your junior year. Forget the black suit which symbolizes success as a campus leader. It will come if you concentrate on the work in which you are interested. When it does, you will appreciate the honor much more than if you lost hours of sleep every night for three years planning how to get it. You will enjoy activities, be more compatible and earn a great deal more respect.

As a freshman coed you are eager to participate in as many activities as possible. At least 19 organizations will have booths at the Activities Mart. It will be advantageous to choose one or two main activities, concentrate on these and turn your head on others. By the end of your freshman year you'll have lots more piled on you if you do well in your major activities.

When you sign for organizations, it would be wise to select activities or phases of activities that relate to classroom work or other ac-

tivities. For example, if you are interested in business, work on the business side of an organization or sell advertising. If journalism or public relations interests you, work as a Daily Nebraskan reporter or for the Cornhusker. If you debate, a good corresponding activity is NUCWA, Red Cross and All University Fund are along the same line. Different phases of each organization can provide outlet for any talent or special interest you may have-Red Cross entertainers, publication work in Builders, art

work, advertising, many YW groups and others. Above all, if you intend to become an activity girl, remember you cannot succeed or continue without maintaining good scholastic standing. Keep in mind, also, that the privilege of wearing a black suit trimmed in gold for nine months during your senior year is not worth the price of killing yourself. I am certain any Mortar Board

The black outfit is not worth ruined health; that will long outlive your senior year,

Bare Facts: Red Face

First, the circulation department welcomes any complaints which may be directed toward it, even if they take the form of the letter which you so ably composed. But, Mr. Hansen, you have neglected one thing. This office has not the faintest idea where you are each day when The Daily Nebraskan is being distributed. We recognize that there are bound to be some boxes which are being badly understocked with papers, but the only way we can refticfy this situation is by being informed just which boxes are so neg-lected. This job we leave up to the readers. By complaining, but not supplying us with the needed information, Mr. Hansen, you have not helped us in the least.

The other point which I would like to clear up is your reference recount, I am sure you will find that the number 69 which he chose was purely ficticious, and used merely to illustrate his point. The circulation department leaves only 20 papers per organized house, Greek or otherwise. Any

Composers Of 'Too Young' Tell-Heartbreaks Of Song Profession

I received a letter from Sid Lippman the other day concerning the background and story behind some of the songs he has written with Sylvia Dee. Sid and Sylvia have written many hit songs including "Too Young," "A, You're Adorable" and 'After Graduation Day." I am passing parts of his letter along to you now with the hope it will give you an insight to the unpredictable and strenuous profession of song writing.

"Sylvia Dee, who wrote the lyric to 'Too Young,' features young people in her novels as well as in her songs. 'And Never Been Kissed' and 'There Was .: Little Girl,' both novels published by MacMillan Co. in New York, concern what goes on in the minds of youngsters.

"Both of us did the score to the George Abbott production of 'Barefoot Boy With Cheek' which concerned a group of college youngsters at the University of Minnesota. The song, 'After Gradua- review this week. Kay Brown and Louie Armtion Day,' comes from that score. That song, too, strong's records of "A Kiss To Build A Dream tells of young love and expresses the hope that it On" were just released. "A Kiss To Build A will last after graduation day.

our first hit song, 'Chickery Chick.' Others of sang the chorus twice. Kay's version is pure and ours you may know are 'My Sugar Is So Refined,' clear. Louie sings in his inimitable style. Both 'A, You're Adorable,' and 'Larro Larro Lili Bolero, records are tops.

"We wrote 'Too Young' three years ago and at that time we felt it was the type of song that was right for a revue. We tried to get it in revues for three years, unsuccessfully. Also, during that time, we played the song for publisher after publisher who told us the song was not for them, that it belonged in a revue! Finally, we gave up in desperation and signed it over to a man who had been asking for it from the day we wrote it."

Among recent singles are three records offering great old show tunes. Rodgers and Hart's "It Never Entered My Mind" by the Andrews Sisters and Gordon Jenkins' "Manhattan" features the gifted trumpet playing of Jimmy McPartland. "I'm In Love Again" is notable not only for April Stevens vocal but for the sensitive orchestral background.

There is another opportunity for a dual record Dream On" was featured in the movie "The Strip." "Sylvia and I have been writing together since Kay sang the entire score in the movie and Louie
