#### Ike Supports United Front

WASHINGTON—In a news conference Wednesday, President Eisenhower declared his unqualified support for Secretary of State Dulles and for the secretary's efforts to form a united front against communists in Southeast Asia. The President also issued a formal statement expressing optimism that the united front movement will show progress. In reply to a question about the success or defeat for American policy of the Geneva Conference, the President said that no one can count a battle lost while it is still going on.

Informant's Name Withheld

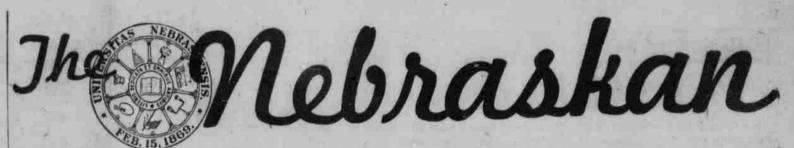

WASHINGTON-The name of an officer who told Senator McCarthy (Rep-Wis) that FBI warnings about spies in Army radar laboratories had been ignored was withheld by the senator. He declared, as he waived Senatorial immunity, that he would definitely not divulge the name of the informant. McCarthy took the stand at the Senate hearings after an unsuccessful two-day attempt to introduce into the record a 21/4 page letter which the Senator said would "prove" his charge that the Army tolerated subversives at Fort Monmouth, N.J. FBI director J. Edgar Hoover informed the subcommittee that the letter summarized and occasionally directly quoted classified information.

Airlift Number Two

MARSEILLE, France-The second of a series of airlifts provided by the U.S. Air Force for French reinforcements took off from Istres Field Wednesday The six transport planes carried 450 French Army and Air Force technicians bound for Indo-China. The first such ferrying job on April 18-called Operation Bali High-carried about one thousand French paratroopers from Paris to Indo-China. A spokesman for the French government said the second flight did not indicate an emergency transport of combat troops. It only marked the use of the U. S. Air Force for transport in the relief and replacement of French technicians in Indo-China.

Tardy Delegates Delay Talks

GENEVA-Peace talks on Indo-China are slated for Friday, France and the Soviet Union agreed. It appeared that only the belated arrival of delegates from the Associaced States of Indo-China was holding up the peace meeting. These delegates are due Thursday. French sources said that everything possible was being done to secure a truce in the fight in Indo-China.
