## NU Galleries Open Display Of Sculpture

One of the major sculpture exhibitions now in circulation in this country opened at the Union and will continue through Aug. 15. "Carvings, Drawing," the work of England's leading artists, includes 17 sculptures and 15 drawings.

The exhibition, inaugurated at the Walker Art Center in Minneapolis, will be seen at museums in San Francisco, Buffalo, Toronto, Montreal, and Baltimore, after showing in Lincoln.

Although Miss Hepworth is internationally famous among contemporary sculptors this, will be the first large scale showing of her work in the United States and Canada. It has been selected to cover her activity since 1937 and will include pieces in the many varieties of stone and wood in which she works.

Born in Yorkshire, Miss Hepworth was educated at the Leeds School of Art and the Royal College of Art in London. She later completed her studies with three years of work in Italy. She has exhibited her work widely in England and in 1950 was one of three artists to represent Great Britain at the Venice Biennial.

## Bennett Appointed

# Speer Resigns Union Assistant Directorship

Miss Dorothy Speer, assistant director of the Union, has resigned effective July 1. She was appointed to the position Nov. 1, 1954, after serving as Union food director since July, 1952.

Allen Bennett, formerly assistant director of the University of Wyoming's Food and Auxiliary Enterprises, will succeed Miss Speer. He was appointed assistant director May 25.

Bennett graduated from the University of Denver in June, 1952. He majored in hotel and restaurant management.

Union Managing Director Duane Lake said, "We are going to miss Dorothy."

"She is capable to go on to bigger things than we can offer here. She is inclined and eager," Lake said, "to get into the recreational phases."

Miss Speer said that her future plans are indefinite. But, she said, "Several offers have been extended from youth service organizations". Her primary reason for resigning, Miss Speer said, was a desire for a managing position with a student union elsewhere or with

"another type of social service. If she goes into student union management, she said, it would be on a smaller campus than the University with only 1,000 and 2,000 students, she added.

Miss Speer began working in the Union catering department while she was a senior in the University. In July, 1951, she was granted a bachelor's degree in home economics by the University. Immediately following her graduation, she was appointed assistant food director of the Union, in charge of banquets and parties.
