

1000 Needed:

University YW To Assist In National Recruitment

The University YWCA has been invited to join in a nationwide recruitment of 1000 professional workers within the next three years, according to Betty Wilson, director.

To assist in the campaign, periods for individual interviews have been arranged at Rosa Bouton Hall for 1 to 5 p.m. Febr. 19 and 20th.

Miss Carol Dean, executive director of the Lincoln YWCA, will interview prospects on the 19th. Miss Wilson will be available for interviews on the 20th.

A Coffee from 3 to 5 p.m. Feb. 22nd, at Rosa Bouton Hall has been arranged in order to give large numbers of interested students the opportunity to hear talks about YWCA programs by YWCA representatives.

Those wishing private interviews should sign up in advance with Betty Wilson at Rosa Bouton Hall.

Miss Wilson has announced that the YWCA needs young women to fill jobs throughout the United States as health and physical education directors, young adult directors, teen-age directors; also as college YWCA executive directors and in some places there are openings for executive directors in community associations.

Many jobs are open now and others will be created as the association nationally organizes new programs to meet the growing demand for the YWCA as a community organization serving the mental, physical and spiritual needs of young people, Miss Wilson said.

Miss Wilson also stated that a job in the YWCA not only offers an opportunity to be of service, but it also has many other individual advantages; these include a chance of advancement, security, a 40-hour week, a month's paid summer vacation, plus a week in winter, sick leave and retirement. Salaries in general range from \$3200 to \$5,000.

A bachelors degree is a prerequisite and candidates should have an ability to work with people of

different ages, races and faiths, and should also have imagination and resourcefulness and concern for christian and democratic principles, stated Miss Wilson. Experience in group work, recreation, teaching and religious education is also helpful.

NU Exhibit Scheduled At Michigan

An exhibition, "Paintings from the University of Nebraska Art Galleries" is being shown in the University of Michigan Art Museum in Alumni Hall through March 10.

The exhibition consists of 29 American paintings by as many modern artists, selected from the growing collection at the University. The majority of the works are done in oil with a few in tempera, gouache, watercolor and encaustic.

The emphasis at Nebraska has been on collecting American works.

The University Art Gallery has two major collections: The Nebraska Art Association, which works closely with the University and whose pictures are a part of the University collection, and the Hall Collection, made possible by a fund set up in 1930 for the purchase of paintings for the University galleries.

The Nebraska Art Association has been buying paintings since 1888.

Each spring the University has an annual exhibition of contemporary art borrowed largely from dealers, and from which frequent purchases are made.

For the 1957 show at Nebraska, the University of Michigan Museum of Art lent a group of 28 contemporary European and American paintings and drawing from its collection.

The exhibition this year has been arranged because last year's exchange proved so successful.

Applications For Counselor Board Open

Application blanks for Coed Counselor Board are available in the Coed Counselor room in Rosa Bouton Hall and at the Ag Union, according to Jody Chalupa Newman, Board president.

To be eligible for membership on the Board, which consists of six sophomores, eight juniors and two seniors, a candidate must meet the eligibility requirements for participation as stated by the University and have a weighted scholastic average of at least 5.7. The Coed Counselor Board helps with the orientation of new students, coordinates upper and underclass women's interests, and sponsors such events as Penny Carnival and the Friendship Desert.

Engineer's Book Includes Job Index

Engineer's Job Dictionary, a Professional Guide to engineering and scientific positions has included in its latest edition a summer job index.

The index lists the companies interested in summer employment plus the geographical location and the various fields of specialization required. Another feature includes a list of firms interested in hiring professors and instructors during the vacation period.

Copies of Engineer's job dictionary can be obtained at the placement office, college library, and departmental libraries or for \$5 from Decision Inc., 1485 1st National Bank Building, Cincinnati, 2, Ohio.

Brotherhood Week

February 17-24

Nebraskan Photo

Swing Your Partner

Square dancing and the international situation may not have much in common but both are integral parts of the Nebraska School for Community Living.

Conducted by the University Extension Division at the College of Agriculture, the course is designed to give out-of-school youth an opportunity to develop leadership qualities and to broaden their cultural horizons.

Twelve young Nebraskans now are taking part in this unique month-long course which emphasizes such things as world affairs, public speaking, community understanding, recrea-

tional leadership and handicrafts.

The eleven boys and one girl, none of whom plans to attend college, come from farms or small communities. They attend formal classes and informal get-togethers especially planned for them.

The informal sessions include evenings spent square dancing or listening to classical music as well as field trips to places of special interest in the Lincoln area.

Shown above are Ann Bouchal and Earl Brown, both members of the Community Living course.

Connecticut U Offers Sea Summer Class

A six weeks' summer course in American Maritime History to be offered at the Seaport in Mystic, Conn., has been recently announced by the Frank Munson Memorial Institute of American Maritime History and the University of Connecticut.

The course will highlight the development of American Merchant shipping from Colonial times and its relationship to American political, economic and cultural history.

Properly qualified students may receive graduate credit from the University upon satisfactory completion of the course at the Institute.

Dr. Robert Albion of Harvard University and Dr. Hohn Kemble of Pomona College will again conduct the six-week session beginning July 8.

Applications for admission are now being received by the University of Connecticut Summer Session Office. Enrollment is limited to 25 students.

Red Cross

Red Cross will hold a mass meeting of all new and old workers in Room 316 of the Union at 7 p.m. Tuesday.

Miss Mary McGuire, college unit advisor and Mrs. Lou Hall from the Lancaster office of the Junior Red Cross, will speak on the role of national and local Red Cross. A movie, "It Can Be You" will also be included in the program.

'Nebraskan' Jobs Open For Reporters

All students interested in reporting for the Daily Nebraskan should contact Sara Jones or Bob Ireland, news editors, in Room 20 of the Union.

No previous experience journalism is required, though journalism majors are especially urged to apply.

Reporters may work any time during Monday, Tuesday, Thursday and Friday afternoons, Saturday morning or, the early part of Sunday afternoon.

Summer Camp Leadership Open To Coeds

Specialize' positions as Girl Scout summer camp leaders will be open in the Nebraska area for students who have the necessary experience.

Both undergraduate and graduate women students are needed for supervisory positions such as unit counselors, according to the National News Bureau of the Girl Scouts.

Basic requirements for these positions are good health, enthusiasm, patience, adaptability, and love of children. Previous camp experience is particularly desirable.

Students 21 or older may apply for positions as unit leaders, program consultant and assistant camp leader. Previous experience as a teacher, leader or counselor is required.

Minimum age for counselors to live and work with the individual units is 18. This is also the minimum age for assistant waterfront directors with the required experience.

Salaries vary with the assignment and with the candidate's experience, qualifications and training. A basic pre-camp training session of about five days' duration is provided for all staff members.

More information about specific job openings may be obtained from Greta Hageman, 508 First National Bank, or by calling 2-7539.

Where Your Money Went:

Contributions Go For Chest, LARC

This is the third article in the series "Where Your Money Went," concerning contributions collected by the All University Fund. The articles will explain each charity AUF donated to this year, and the various purposes the organization serves.

By LINDA WALT
AUF Assistant

The Lincoln Community Chest and the Lancaster Association for Retarded Children were the two local organizations supported by the All University Fund's fall drive.

The Lincoln Community Chest received \$2,000, 20 per cent of AUF's total funds and LARC school received \$1,000, which was 10 per cent of the total amount. The Community Chest helped AUF to organize. It has also extended help to AUF through the years. In return for the service it has received, as well as the fact that it is a worthy charity, AUF has supported the Community Chest for the past six years.

One of the Community Chest's main provisions is to provide permanent care for aged men and women. Nineteen organizations are supported by the Community Chest. Among the organizations it supports are the Y's, the Ag YMCA and the University YMCA, the Boy Scouts, the Girl Scouts, the Salvation Army, Community Centers, Missions, Family Associations and Veteran's Services.

Through LARC school, many retarded children are taught to take a measure of responsibility and

adapt themselves to useful lives in the community. The school was founded two years ago by the parents of retarded children in Lincoln. Tuition is \$18.50 a month per child.

The tuition fee, which is not sufficient to maintain the school and pay the full-time teachers and principal, is supplemented by charity contributions. The only other sources of income for the school are the annual National Association for Retarded Children drive in Lincoln and local and individual contributions.

Boston Radio Stations Offer Scholarships

Boston University's School of Public Relations and Communications is offering several scholarships for graduate students in the fields of Radio, Television, Journalism and Public Relations.

WBUR-FM, radio station at Boston University has established three assistantships of \$1,800 each for one-year advanced study in Radio Station Operations. The assistantships are open to anyone holding a Bachelor's degree from an accredited college with a major in broadcasting or equivalent practical broadcasting experience.

WGBH-TV and WGBH-FM, educational broadcasting stations in Boston have established ten television and one Radio scholarships of \$1,000 each for a year of advanced study in broadcasting. Qualifications include a Bachelor's degree from an accredited college.

Five teaching fellowships and one assistantship in Press Photography are also being offered by Boston University. The fellowship plan calls for \$1,200 plus tuition for Advanced study in Broadcasting, Motion Pictures, Journalism and Public Relations. The Assistant plan offers \$1,200 salary for supervising the laboratory and being in charge of equipment and supplies.

Arvel Witte Elected ASME President

Arvel Witte is the newly elected president of the University chapter of ASME.

Wallace Adam has been chosen vice president, Marvin Gooding, secretary, and Melton Almquist, treasurer.

Dr. C. M. Elliot, professor of economics and insurance, will be featured speaker at the meeting of the Student Branch of the American Society of Mechanical Engineers at 7:15, Feb. 20.

Summer Camp Positions Open

Miss Ruth Ann Sandstedt, Camp Director of the Wichita Council for Camp Fire Girls, will be in Lincoln, March 1, to interview women students interested in camp counseling positions for the summer 1957.

Basic qualifications for counseling position in the Wichita Council camping program include some previous camping experience, desire to work with children and an interest in the out-of-doors. All counselors should be at least 19 years of age.

For an appointment to be interviewed by Miss Sandstedt, or for more information regarding these positions, contact Mrs. Frances Vogel, Division of Student Affairs, Ellen Smith Hall.

Dancing Lessons Said 'Successful'

The Union Dance Committee reported a highly successful beginning to the series of free dance lessons, which are held in the Union Ballroom every Tuesday evening, according to Terry Mitchum, chairman.

The first lesson, under the direction of Jon Appleget, began last Tuesday. The next one will feature the Jitterbug with Mary Mong as the instructor.

Appleget will continue teaching the "Bop" at the third lesson and suggests that all participants bring partners so they can learn "to turn."

Jean Bennett Wins Nat'l Essay Contest

Jean Bennett, junior in Home Economics, has won the grand prize in the national essay contest in conjunction with the annual "Make It Yourself With Wool" contest.

She was awarded a \$100 U.S. Savings bond for her essay, "Why I Like to Sew With Wool."

Majoring in vocational education, Miss Bennett's other activities included membership in Ag YWCA, Home Economics Club and VHEA.

May Applications

All senior women who have a 5.5 cumulative scholastic average and are carrying twelve semester hours are urged to file for May Queen, according to Shirley McPeck, member of the Spring Day Committee.

IT'S FOR REAL! by Chester Field

LOUIE, THE LOUSE

He strolled through a keyhole into my house, A dignified, well-bred upper-class louse; He smiled in a most superior way And said, "Man has just about seen his day. If you'll take my advice for what it's worth Treat insects nice, they'll inherit the earth! Try to be beyond reproach In your dealings with the roach ... Bedbugs, ants and spiders, too. Don't forget ... WE'RE WATCHING YOU!"

MORAL: Well ... until Louie takes over, take your pleasure BIG. Smoke Chesterfield ... and smoke for real! Packed more smoothly by ACCU-RAY, it's the smoothest tasting smoke today.

Smoke for real ... smoke Chesterfield

What's doing... at Pratt & Whitney Aircraft

New "high-road" to JET ENGINE FRONTIER in Florida

Heralding important things to come, work was begun in late summer, 1956, on a wide access road in a remote section of Palm Beach County, Florida. At the end of that road, situated northwest of West Palm Beach, a 500,000-square-foot plant destined to be the newest addition to Pratt & Whitney Aircraft engineering facilities is already well under construction.

Here, engineers and scientists will soon be hard at work dealing with new and increasingly complex problems relating to advanced jet aircraft engines. Working in close coordination with men at other P & W A establishments — particularly the company's multi-million-dollar Andrew Willgoos Turbine Laboratory in Connecticut —

this newest section of the Pratt & Whitney Aircraft team will face a challenging assignment. They, too, will be concerned with design, testing and development of highly advanced, extremely powerful jet engines which will join a family already including J-57 and J-75 turbojets, currently playing important roles in the growing military and commercial air power of the United States.

The engineering graduate who begins his career at this Florida facility will have the rare opportunity of keeping pace with its anticipated growth. In an organization renowned for development engineering superiority, he will gain invaluable experience working on vital, long-range projects that are a challenge to the imagination.

World's foremost designer and builder of aircraft engines
